

Transportation & Connectivity

Vision Statement:

Eagle is our **HOME**, we are a community that envisions our future as:

Healthy:	Optimistic:	Multi-faceted:	Economically Viable:
----------	-------------	----------------	----------------------

LIVABLE: A highly livable City that successfully balances new growth with the rural and natural features that make our City unique.

TRANSPORTATION: A system of interconnected user-friendly roadways and pathways that balance the regional transportation needs with livability and the needs of the local user and non-motorized public.

ENVIRONMENTAL STEWARDSHIP: An environmentally aware community with distinctive policies for the foothills, the Boise River and the community at large.

ACTIVE COMMUNITY: A community focused on recreation, open space, and parks.

CHILDREN & FAMILIES: A community committed to its support of children & families.

DIVERSIFIED EMPLOYMENT: Provide diversified employment opportunities for all citizens.

HOUSING OPPORTUNITIES: Provide housing opportunities for all demographic groups.

ECONOMIC SUSTAINABILITY: A community focused on economic sustainability for the city to continue to fund, improve and support itself, including infrastructure and parks without the use of budget permit fees, impact fees, or zoning fees.

MAINTAIN A RURAL AREA: A unique community that

STRONG ECONOMY: An economically strong and

TRANSPORTATION: A system of interconnected user-friendly roadways and pathways that balance the regional transportation needs with livability and the needs of the local user and non-motorized public.
