

# City of Eagle Shooting Sports Park Survey

Reponse #	Locational Information			Did you attend one of the City's open houses or focus groups?	If you answered yes to the previous question, please mark all that apply. If you answered no, please skip to the next question.	Based on the preliminary design concept should the City move forward to develop the park?			Are there amenities/facilities the City should consider that are not on the current plan?	Any additional comments?	
	City	State	ZIPCode			Response	Law enforcement	User group			Open house
1	Eagle	ID	83616	No				No	Should not be located anywhere near our city		
2	Eagle	ID	83616	No				No	Too close to equine trail area. Noise would create stress and risk of injury to riders and horses.	Improve equine trail access, bathrooms, and parking at trailheads located north Eagle road. Or create a public covered arena space like The horse park in Nampa for reservation by equines, dog, and other ag type events. Have open ride times which is especially useful for winter and in heat of summer.	No
3	Emmett	ID	83617	No				No	Because that is a hiking and horseback riding area and guns are not welcome!	Unknown	
4	Boise	ID	83703	No				No	This space is heavily used for outdoor activities, ie horseback riding. Really hate to see this space go		
5	Meridian	ID	83642	No				No	There's plenty of ranges, more important to preserve the equestrian trails		
6	Horseshoe Bend	ID	83629	Yes			Open house	No	There are becoming fewer and fewer places that people can take large groups in a safe and convenient way to horseback ride. Putting a shooting range so close to such a large popular riding area will be so dangerous and is so unnecessary.	Public toilets	Pleas don't do this. Please. There are no exclusive horseback trails and many of them have been overwhelmed with mountain bikers. This is one of the last places where people can go to ride and be safe. A shooting range will be loud and terrifying and cause countless injuries to many.
7	eagle	ID	83704	Yes			Open house	No	Its ridiculous to put a shooting range at that beautiful location. What happened to the Eagle City Council Presidents request to put a trail in so he could drive rig up to a bluff overlooking the city and start a bonfire? Whats next, a Off Road Vehicle Park? What does Eagle/BLM fire say about your proposed uses? Leave it a natural place surrounded b	Munitions Factory	Dumb expensive idea for a very small audience
8	Eagle	ID	83616	No				No	I believe there are more questions that need to be answered before this project is approved. My husband attended the meeting but I have questions. See below...		year-round? What is the maximum number of shooters that can use the facility at one time? What are the access roads to the facility? Have you done a traffic study to determine how many more vehicles will be travelling up and down Willow Creek Road which will increase traffic and road noise in our residential areas? What about the increased noise in the area from all the guns/shooting including the law enforcement range? Have you studied the noise pollution and how it will effect nearby residents? This should definitely be done before proceeding. What are you planning to do for the displaced horse riding community that has been riding in that area for 30+ years? I wouldn't think gunshots around horses would be compatible. Have you surveyed all the households in the City of Eagle to see how many would use the facility? Are there enough potential users to warrant building this facility so close to residential areas? Will there be paid employees to manage the facility to ensure only Eagle residents use the Range? To clean the ranges and toilets? If yes, how will these folks be paid (salary & benefits?) Of the people who completed the survey and are in favor of the gun range, how many live in Eagle, ID? I specifically looked to buy property in this area that was a distance from neighbors, in the foothills away from the city center, but close enough to get to stores and medical facilities. I wanted a quiet, serene, bucolic location to build our final home. A neighbor on Quarter Drive occasionally shoots on his property and it is very loud at our house. Our dog gets spooked with the sound of gunshots and runs for the door to get inside. I feel that having this proposed shooting range facility nearby will substantially increase the noise level for extended periods of time during the day (and perhaps evenings depending on the hours it will be open), significantly increase the traffic on Willow Creek Road thus extending the already increasing road noise on this small two-lane country road. The posted speed limit is 25 mph adjacent to the residential areas; however, almost no one obeys the posted limit. Big Suburbans and Expeditions have passed me on the road because I wasn't going fast enough for them, although I was driving 25 mph. Having even more traffic on this road is a recipe for disaster or an accident waiting to happen (impo.) I also feel that the gun noise will adversely affect our property values because few people want to live near a gun range
9	Eagle	ID	83616	No				No	Horse riding and walking would be abolished.Traffic on Willow Creek would be excessive, noisy, and increase potential for accidents, Gun range will be located too close to established home which would devalue property due to noise and potential for gun related accidents.	This plan should be moved to another more undeveloped area. Premier home values for our acreages will be negatively effected. Peace and quiet of the country acreages will be replaced by the pop noises of guns being shot. Natural habitat of wildlife will be disrupted and or somewhat erased.	Many of us moved here so we could trailer our horses a short distance up the road to park and ride. Many others enjoy the walking paths and this will be taken away from us.
10	Eagle	ID	83616	No				No	Costs to participate to shoot will continue to drive people to shoot on BLM. And there will be loss of other recreational activities (hiking, horses) which is permissible by Avamor as they have been doing in that area. When Avamor expands, those activities will be loss regardless. This shooting park removes them sooner.		
11	Eagle	ID	83616	No				No	It will effect traffic, wildlife, change recreation use and be noise pollution. Exposing the city to liabilities as well.		
12	Eagle	ID	83616	No				No	Exposed liability, noise, traffic, not govt's role to provide such a park	This park should not be developed	This park should not be developed. It is not the city govt's role to provide such a facility, traffic and noise are concerns for those of us that live near the proposed area for the park and this will expose the city to unknown liability. There will be liability- to what extent that is unknown. Why would tax payers want to be exposed to unknown liability?
13	BOISE	ID	83709	No				No	This is currently an equestrian area and should remain that way. Gunshots & horses DO NOT MIX	More non motorized trails, trailer parking	no
14	Sweet	ID	83670	No				No	There is very little access nearby to the foothills for equestrians. This eliminates access for us, and makes it less safe to ride in that area.	A designated, developed area for equestrians to use.	The current users of that access area have been disregarded completely. Please develop an alternative access area away from the shooting range, if it is approved, for equestrians to access the foothills.
15	Eagle	ID	83616	No				No	Noise from gun range(s) plus additional vehicle traffic in vicinity of park adding additional noise/congestion to network of two lane roads.	Perhaps rethink the uses overall. By its own environmental analysis, this area (flora and fauna) is relatively delicate. Consequently, it makes little sense to allow uses that impose additional burdens on the land. Perhaps consider walking/hiking only and keep ATVs, gun ranges (noise), horses out.	
16	Emmett	ID	83617	No				No	Equestrian,hiker area. PLEASE don't take away the joy of nature that so many of us love.		
17	Boise	ID	83714	Yes		User group	Open house	No	Unless an equestrian parking area is designed and built first.	Equestrian Parking Lot Where will you move the equestrian parking lot? Will it be available before this parking area is not usable for equestrians? Can the new parking area be for 20+ trailers? Many times there are 20 trailers on this site.	Equestrian Parking Lot Where will you move the equestrian parking lot? Will it be available before this parking area is not usable for equestrians? Can the new parking area be for 20+ trailers? Many times there are 20 trailers on this site.
18	Eagle	ID	83616	No				No	It would be to private homes and would mean more traffic. It also bring more people who are carrying guns into our area		
19	Eagle	ID	83616	No				No	Noise and added traffic polution	no	This project should be denied
20	Eagle	ID	83616	No				No	It would eliminate the only trail head left in the area for Equestrians		I understand the need for a shooting range I just feel the location needs reevaluated due to it being the only public riding trail head left. Equestrians are losing a lot of ridding trails they are also popular with runners I want to preserve this remaining gem.
21	Eagle	ID	83616	No				No	Traffic in pack, to many in the neighborhood	Don't do it	Please no
22	Eagle	ID	83616	No				No	I do think that there should be a shooting range but at the location that it would be at a lot of equestrians go out there to trail ride. Where would they go to trail ride that is close to Ada county?		

23	EAGLE	ID	83616	No			No	There is no need for a shooting range in the foothills. We have thousands of acres of land in the desert south of Boise, away from homes, that can be used for shooting ranges.		The reason we live north of Eagle is for the quiet natural beauty. The large lots with horses, cows, lamas, etc. There is absolutely no reason for a shooting range in this area.
24	Eagle	ID	83616	No			No	Location and access		While we are not opposed to a shooting range, we disagree with the chosen location. We have multiple objections, but 3 that really stand out. 1. Access. Willow Creek is a narrow, hilly, winding road with poor visibility in places that runs through an existing residential community. It is also heavily used by bicyclists, joggers and horses. 2. Noise. The topography of the foothills amplifies sound. The random gunfire we experience during hunting season while we are more likely than not to be inside anyway is nothing compared to the concentrated daily shooting at all times of the year. As we spend a lot of time outside and on our patio when the weather is nice, our enjoyment will definitely be disrupted by the constant pop pop pop of gunfire! 3. Proximity to existing dwellings. See above.
25	Horseshoe Bend	ID	83629	No			No	Noise, Noise, Noise! And forgetting about the Horse people who have used this area for years and years! We were just forced out of Meridian after 40 plus years due to 2 highways, subdivisions and noise! You have to leave some room for people to live and recreation! You're forgetting about a huge economic impact industry in Idaho! Horses and the people who love them. More noise? No! Less room to ride?No!	Horse trailer parking and trails for riding!	Take a teapot at the economic impact of horse people in Idaho! You'll be amazed!
26	Eagle	ID	83616	No			No	Noise. Safety.	Parks, sports fields, swimming pools	This isn't a public sector project. Using taxpayer monies to develop a facility that could easily be developed by the private sector and which serves such a small segment of the community is silly. As a hunter and an outdoorsman, I oppose this project.
27	Eagle	ID	83616	No			No	Fire hazard. Traffic hazard. Wildlife detriment. Noise problem. Infringement on our peace.	Eagle	
28	Meridian	ID	83646	No			No	Many hike horse ride & exercise dogs in that area.	No	No
29	Eagle	ID	83616	No			No	Excess traffic, noise pollution, we ride horses in the area and don't need that here. Fire risk is already extremely high and added traffic and fire arms increases risk fast moving grass fire.	Eagle	This has been a great place to ride horses. We've been riding there for years. I don't support a mixed use and especially shooting range!
30	Boise	ID	83709	No			No	We ride horses there, it's one of the few spots horses are still allowed. Horses and gun fire do not mix. Gun fire spooks most horses.	Maybe a different location location for the shooting range.	Please consider the area to stay horse friendly. We have been riding this area for decades. There are few areas left in the treasure Valley to ride horses.
31	Star	ID	83669	Yes	User group		No	This will ruin the little free land we have left. There are many other places that would be a better fit for a shooting range. This land is public land in which people take their horses and animals out on. This will destroy our rides, and activities.	Leaving it empty, or relocating.	Stop ruining our lovely hoods. Every thing is changing, but not all of which is for the better. Don't destroy our land.
32	Eagle	ID	83616	Yes	Open house		No	I feel that this area would be best utilized as an open park area for hiking, biking, and equestrian activities. The sound of shotgun blasts is incompatible with any type of "habitat management" that includes wildlife. I also do not welcome the additional traffic this will invite up Eagle Road. I live just south of Beacon Light off of Eagle Road and the traffic is already heavy going north on Eagle Road to Beacon Light.	A "habitat park" environment where peace and quiet are the goal so that everyone, human and wildlife, can enjoy the area. This is a popular area for equestrians and the proposed use is totally incompatible with the current use.	If building this noisy range that will disrupt the wildlife in the area will prevent housing subdivisions from being built in this area, that would at least be a silver lining.
33	Eagle	ID	83616	No			No	It is not conducive to the rural residential zoning or lifestyle. We have livestock, and other animals which would be affected by the noise, not to mention our own peace and enjoyment of our property. We have worked hard to make our home and property a safe haven and oasis for our multi-generational family living here. In addition, the area has enough traffic without adding a shooting range to attract more.	Not relevant! We don't want the shooting range to be allowed to proceed.	We are not in the city limits and desire it to remain that way. We have lived here for over 40 years and the decisions you are making directly affect us and our property. This valley is already ruined by all of the growth and lack of planning and infrastructure. Can we please keep our little piece of heaven without having to listen to people shooting?! We are gun enthusiasts, but this does not belong anywhere near Eagle! You have already approved WAY too much development in this area! A shooting range should be out in the desert somewhere, away from and out of noise range of residential areas!
34	Eagle	ID	83616	No			No	Noise, too close to housing & equine riders	No	No
35	Nampa	ID	83651	No			No	I and many horse riders use this area it is one of few near by places a shooting range would make it unsafe to ride.	Expanding the equine options or amenities would be great there are few places near the valley to ride safely	Please do not make it unsafe for horse riders by adding a shooting range
36	Eagle	ID	83616	No			No	Too close to family owned homes.	Eagle road is too busy now, it will mean more congestion	I disapprove of this venture.
37	Eagle	ID	83616	No			No	Too much traffic, too much noise, effect of noise on wildlife and livestock		Please try to involve those of us who live next to the BLM, even though we are not living in city limits.
38	EAGLE	ID	83616	Yes	Open house		No	Too close to residences, noise disturbance and safety	Leave it as it is.	We should not be soliciting non-Eagle residents to any of these amenities.
39	Eagle	ID	83616	Yes	Open house		No	Not needed as ranges available in the Valley. Noise pollution to residents To the South. Increased traffic congestion on Eagle/Willow Cr. Increased human use will result in high wildfire risk. No solid answer on what additional law enforcement will be needed and who is paying for it.		Bad idea with no thought given to the numerous residents on RR acreage that the range will directly/indirectly affect.
40	Boise	IN	83714	No			No	Need more information on how noise effects other properties and animals in the surrounding area.		Think it's good to have available shooting range, but noise in the foothills is a huge issue for surrounding area - would like to have a sound study completed.
41	Nampa	ID	83687	Yes	User group		No	This has been accessible to horse people for generations. You need to keep access for us too!	SAFE HORSE TRAILS ACCESS!!!! We have been using that land for generations and are now not even a consideration!!!!	Guns and mountain bikes scare horses and are dangerous to riders we have been using this land first and YOU NEED to respect that and set aside safe places for us to ride and raise our kids on the trails too
42	Boise	ID	84714	No			No	Many people use the foothills to walk, walk their dogs and ride their horses. The foothills remain important for wildlife as well. A shooting range is incompatible with this usage.		
43	Garden City	ID	83714	No			No	I hike and own horses in the area	Trail heads, toilet facilities	This area is quiet and peaceful. Enjoyed by many hikers and horseback riders. Beautiful grazing areas for the local cattle. We already have established shooting ranges in the Boise area. I hate to see this type of negative impact on a such a serene landscape. You can't get that back once you take it away.
44	Eagle	ID	83616	Yes	Open house		No	It will take away the use by too many other groups. This is too user specific and other users would not be safe.	Yes you are not considering all of the people that use this area.	Relocate the proposed shooting area to a different area in Ada County that would be safe. Shooters leave shells and trash from shooting and do not clean up their trash.
45	Boise	ID	83704	No			No	Because there's 840 acres of shooting range one gully further up the road and you're taking away the primary equestrian access point to the foothills.	Horse parking and trail access.	Talk to the owners at the end of Aerie lane about a mixed use option. Eagle is about equestrians. Why aren't you proposing \$2M to make it more Equestrian friendly?
46	Eagle	ID	83616	Yes	Open house		No	The noise level from the range and the increased traffic will negatively affect and impact the surrounding neighborhoods.	No	If the shooting range is inevitable please move back farther so the noise doesn't impact us.
47	Eagle	ID	93616	No			No	It doesn't need to be with horses and hiking. Plus the noise in this area Witt existing homes so close by		
48	Eagle	ID	83616	No			No	We are very concerned about noise pollution and excess traffic moving through the Eagle foothills.	Typical foothill amenities like hiking and mountain biking are appropriate for this type of location that is near existing residential areas, similar to what is offered in the foothills all along the wasatch front in UT.	There are certainly alternative locations that should be used for this type of activity that are further away from residential homes.
49	Meridian	ID	83646	No			No	This area is highly used by equestrians.	Safe horseback riding access	Why take away access for one group to cater to another?
50	Eagle	ID	83616	No			No	1. Those of us who live nearby are concerned about noise. 2. This could significantly increase traffic on roads near my home.		Please try to include those of us living near the BLM land but no within city limits in the planning of the BLM property.
51	Nampa	ID	83686	No			No	Horses, bikers and hikers would all be affected by this!	The current plan is to continue to develop/destroy the Eagle Foothills as we know- the current plan as a whole is all bad!	Eagle developers and those that okay the developments such as Avimor to continue are all terrible people!
52	Emmett	ID	83617	No			No	This is the only horse riding area available while there are many places to go shoot. I have and ride in the this area, it is perfect for the equestrian and for walkers. The BLM is not much further where folks go to shoot. I go there to shoot and would not. care to ride my horses there due to high volume of 4 wheelers and shooters.	Yes, this has always been for walkers and equestrians. There are gun ranges not too far away. Why take away the only one available.	Please reconsider your gun range, there are many around and not too far. Plus there is housing close by. Not a good mix.
53	Nampa	ID	83686	No			No	Horses and guns are not compatible plus it's too close to residents.	Equestrian facilities, parking and trails.	Please don't make the mistake of putting a gun range so close to housing and horses. It makes the situation dangerous and renders the area unsafe and unpleasant. Eagle should be about esthetics, open spaces and a peaceful community.
54	Boise	ID	83709	No			No	This would completely cut out us equestrian users, whose areas to ride seem to be continually shrinking		
55	Boise	ID	83709	No			No	I ride my horse in the foot hills. I don't want loud guns going off, disturbing my peace and quiet. I am also not very happy about the idea of my ex racehorse getting spooked by gunshot.	Remove them all and leave the foot hills alone.	The land for trail riding is rapidly disappearing with all the housing going up. There's already places to shoot guns in the valley we don't need another one.
56	Emmett	ID	83617	No			No	Because this is one of the few local spots equestrians, and many others use to enjoy the outdoors.		As much as I enjoy shooting, it would be a shame to lose wonderful riding area to a gun range.

57	Emmett	ID	83617	No				No	There are many public shooting ranges and only one public equestrian area. Please don't come against the riders of our valley and close our only access to riding.	There are many places on the foothills currently used by shooters. Horsemen cannot and do not go to ride these areas as it is unsafe for us to do so. Just take a drive in the foothills and at every turnout you will see shooters.	We cannot access BLM. There are no access points large enough for horse trailers. Why are shooters getting preferences over riders when they have many shooting areas available and we have one area available for equestrians.
58	Star	ID	83669	No				No	To close to city	Horse trails	Limited vision not a sport for all users
59	Eagle	ID	83616	No				No	The current space is multi use and quiet. The proposed changes would negatively impact wildlife and community park user experiences.		There are gun ranges galore in this area. Please don't compromise a peaceful park to appease a niche population.
60	Kuna	ID	83634	No				No	This is incompatible with popular equestrian use in the same area	No	Equestrians have been using this area for decades. A shooting range would ruin it
61	Eagle	ID	83616	No				No	The Willow Creek area is a safe space for horseback riding and hiking. Adding a gun range will deter use of many users and remove a quiet space from this area. There is also a range 8 miles or so up Pearl road that is easy to get to so it seems like a waste of money. Let us horseback riders have a safe/quiet area!	No	Adding yet another shooting range is a waste of money. There are plenty of ranges throughout the valley that are fine and aren't crowded.
62	Eagle	ID	83616	No				No	This area is used by horsemen, hikers, bikers, to turn it into a gun range would wreck it, bringing noise, traffic, and threatening the safety of those who use it.	Eagle	Please do not turn this foothills space into a gun range.
63	Eagle	ID	83616	Yes			Open house	No	Too close to private residences. Noise pollution, traffic congestion, ground water contamination, habitat loss, safety risks and stray bullets, liability issues and recurring expenses. Limited public good due to a very specific user group.	No.	First, thank you all for your service to the community. Unfortunately, a facility as this should be far out in the readily available desert due to noise, traffic and safety concerns. Clearly, it is not in the best interest for the City of Eagle to provide shooting entertainment for Southwest Idaho. It is completely outside the scope of what services a city should provide, despite the enthusiasm from the outside special interest shooting groups you have surveyed. Eagle needs safer roads, better schools and improved infrastructure more than we need a shooting gallery. City resources and donation dollars can be better used helping Eagle residents. I'm a hunter and a shooter that would benefit from the practice range, but I'm also ethical and I see this as a misguided waste of time and money. It's also unethical and unfair for you to do this to the nearby residents who will lose their peace and tranquility. Work on preserving Eagle's open space for all to use without disturbing anyone. That's what Eagle's residents want.
64	Nampa	ID	83686	No				No	Because the area is needed for equestrian activity		
65	Eagle	ID	83617	No				No	Would like to keep this range land with hiking, biking, horse riding option!	Hiking and recreation trails,	Please consider additional recreational trails for this space
66	Nampa	ID	83687	No				No	It is right next to trails that horse riders use and would also disturb the peacefulness that can be found out in that area. Even if you walk your dog on the trail or just for a stroll I feel it would be a good location for the shooting range.	Don't like the range being added so no.	
67	Horseshoe Bend	ID	83629	Yes			Open house	No	Too close to equestrian and hiking trails	Develop separated equestrian, bike hiking trails. To assure safety for users.	Shooting range is welcome in more remote area, Away from hiking biking and equestrian trails.
68	Nampa	ID	83687	No				No	Area is highly used by equestrians & I think would cause issues with that.		
69	Nampa	ID	83687	No				No	I have been riding at Eagle Hills since 1987. It has been a great, quiet area for riders and hikers for many, many years. What a shame to put a gun range out there. I am sure there are other areas that are better suited.		Don't do it!!!
70	Sweet	ID	83670	No				No	A shooting range where people ride horses is a bad idea		
71	eagle	ID	83616	No				No	Because we all have different agenda's in what we love to do, I've been hiking out there with my dog >20 years its peaceful quiet and our dogs can run free, I know its not my land, and my opinion means nothing, but its where I find my peace, so close to the road is not an ideal spot so much open space as you continue down the road e	N/A, I hope in my life time it never gets developed selfish on my part	no
72	Eagle	ID	83616	No				No	Make sure it doesn't interfere with horse trails.	Safe horse trails	
73	Eagle	ID	83616	Yes			Open house	No	Should be placed in an area further away from residents.	Not sure	When contemplating changing land near already developed homes; those directly next to & affected should be spoken to and worked with before bringing it to the City of Eagle.
74	Eagle	ID	83616	No				No	Because although I love shooting, so much property is being taken away for all of that love to ride our horses. I don't want to have to worry about my horse spooking out about the noise while riding.	Not sure	Please consider those that ride their horses in this area and have been riding there for many years.
75	Meridian	ID	83646	No				No	This is one of very few safe and quiet public, outdoor spaces for horseback riding		
76	Meridian	ID	83646	No				No	This is a major horseback riding area where local riders can ride even in the winter. Guns and horses don't mix.	Please don't build on the land at all. Leave it natural.	Why not build this out on Hwy 16 at the Gem Cycle park where they already shoot, but it's separate from horses? I didn't hear about the meeting, so didn't attend, but any park that discourages horses from using the area we've used for years feels like we'd be losing a great place to ride and hike away from the noises of the city. I think it's a bad idea...and sad to this this is being proposed.
77	Eagle	ID	83616	No				No	1) I am concerned because of the increase of traffic on windy, narrow Willow Creek Rd. (Stillwell Estates area), and considering the walkers, bikers, etc.; plus adding to the already increased traffic in general along Eagle Rd. and Beacon Light. 2) The noise. Sound carries out here like crazy. I don't want to be exposed to constant "pops" in what should be a peaceful, rural setting.		I did watch part of the Open House commentaries and agreed with one gentleman who asked if you had done a broader survey of Eagle's residents to see what amenities they would like to see out there. It seems that your surveys have been focused on gun organizations, gun clubs, officer training, etc. versus the residents who live in the area and will be impacted.
78	Eagle	ID	83616	Yes			User group	Open house	This is the last place for equestrians to ride and have been doing so for many years. Put the shooting near highway16 which was the other proposed site. That area is not heavily used by equestrians or hikers. You are removing access to a very popular area for many people. Please do NOT put a shooting range on Eagle road.	Yes equestrians. Gun fire and horses are not compatible. The equestrians and hikers were there first.	I am angry and disappointed with Eagle government for displacing people for a gun range that could go many other locations. People want quiet and nature when moving to Eagle not gun fire. This is a bad move for Eagle!
79	Eagle	ID	83616	No				No	I am concerned about noise, increased traffic on Willow Creek Road, and effects on horseback riders	No	No
80	Eagle	ID	83616	Yes			Open house	No	I support the establishment of a range; however I believe the present location selected is too close to homes and want to ensure that it does not give rise to a nuisance to the current homeowners. My hope is extensive sound studies would be conducted with the cooperation of impacted homeowners to ensure that no nuisance will be created by the establishment of a range near any homes.		
81	Eagle	ID	83616	No				No	There are a lot of other places, where there is an existing road, to put in a shooting range. Opening up another area of BLM land will encourage traffic that has nothing to do with the shooting range. I am concerned with the increased noise and traffic on Linder Road.	I think that the city should require that Avimore put in these amenities as part of the requested annexation to Eagle.	
82	boise	ID	83703	Yes			User group	No	User group would be too small or the user fees too high to pay for the bond, considering the initial cost of construction, maintenance costs, and staffing costs.	The noise suppression appears to be inadequate, cell phone/land line are missing for emergencies, extension of power line for use at the 3 facilities.	It seems a little short-sighted of Eagle to propose this facility that will greatly impact the future growth in the proposed area, in a negative way. I would not comprehend buying in this area with the increase in traffic and noise generated by this proposed road and gun facility. Why should the City of Eagle compete with the Blacks Creek, Parma, and an indoor shoot facility in Boise? Concentrate on other amenities to enhance the livability of Eagle.
83	Eagle	ID	83616	Yes			Open house	No	Location is a major issue. I also have a lot of unanswered questions.	Probably	I want to see a business plan with cost of operation. I have serious doubts this can break even and not become a burden for the taxpayers of Eagle.
84	Eagle	ID	83616	Yes			Open house	No	Not appropriate location for many reasons. Property value, safety, traffic, fire hazard.	None	We will fight this as hard as we can. You did NOT take into consideration there is a neighborhood directly across the street. You failed to notify them we would be listening to gun shots all day long.....
85	Eagle	ID	83616	Yes			Open house	No	Too close to future development and equestrian area. Ranges are too short which could also be remedied by moving to a more remote area.	Longer ranges	Not far enough from future development. Too close to proposed equestrian. Ranges are too short.
86	Eagle	ID	83616	No				No	It is too close to homes. If there is a miss fire. It can hit homes or even people. My house is in range if a miss fire happens. I know chances are very slim for a miss fire to hit my house, one of my three kids, my wife or me, my animals but all it takes is one and it can result in injury or possible death. It is very unsettling for me to know this. It needs to be further away. Please for the safety of my family and community.	Just please put it further away. Thank you	Just please put it further away from my house that is off Ballantyne please. Also the noise of this range will affect the quiet neighborhood that we live in and I wish to retire in. Thank you for understanding my concerns.
87	Boise	ID	83709	No				No	There are plenty of places where people can shoot guns but very limited places to ride horses without the threat of being shot at		Yes this is not something that is needed leave it as it is.
88	Eagle, ID	ID	83616	No				No	We do not need this kind of disruption to our neighborhoods. In addition, we ride horses and this would be very disruptive and dangerous.	Eagle Island	We are not happy with the growth the City has fostered. Our rural atmosphere has been ruined. Sorry we voted for the present Council as we thought they would do better.
89	Eagle	ID	83616	Yes			Open house	No	Not only is this NOT NEEDED, it will undoubtedly increase taxes and fees on the rest of Eagle residents to support a range that will only bring unwanted traffic from the remainder of the TV. Do you idiots have any sense at all?	Yes. A firing range to line up members of the City Council and Mayor for target practice.	Stop the shameless pandering to Eagle voters by lying and buying votes. You're all going down in the next election anyway.

90	Eagle	ID	83616	No				No	The range is too limited. There is space for a long range venue which is becoming the most popular form of rifle shooting! Limiting the ranges rifle area to 150 yards (instead of 600-1000) is shortsighted.	A long range rifle area. A clubhouse of some kind so people can eat inside/warm up/cool off.	Thank you for working on this.
91	Eagle	ID	83616	No		User group		No	Shooting ranges with their accompanying noise disruption should not be placed on top of well-established multi-use recreation trails that will most assuredly be displaced with no other reasonable options replacing. This is prime equestrian access area with the main parking area to access equestrian trails being taken over with no consideration.	Ideally, move whole site. At minimum, allow continued horse parking and access to areas north of little gulch and implement sound buffering measures.	Positioning this shooting range directly adjacent / on top of decades established open equestrian trails seems very out of step with promoting the multi-use area. A shooting range is incompatible with most any other outdoor activity (hiking/biking/equestrian/falconry/dog handling) in the immediate area. It seems to me there are far more isolated areas that would be amenable to a shooting range that would not displace so many other Eagle resident outdoor recreation users.
92	Meridian	ID	83642	No				No	Due to work, was unavailable for open house and user group meetings, however feel, as an avid user of the property, (equestrian, hiker), the use of the property for the proposed gun and archery shooting park would absolutely NOT be the highest and best use of the property. I am not an Eagle resident, but neither would I be as a potential user of the park. In fact, it is doubtful that that even half the future users of the range would hail from Eagle. I am a gun owner and an archer, and am satisfied with the many choices currently available in Ada County and Canyon County for practice. I am saddened, disappointed, and frustrated at the lack of adequate riding (more lacking than even hiking areas), remaining. Broken Horn, the Avimor area, Dry Creek, Kuna Foothills, Kuna Bute, Lake Lowell, the Boise Foothills, Celebration Park, and now the Owyhees have all actively eliminated equestrian areas or have initiated policies and/or activities that are in the process of eliminating or severely limiting equestrians by making it unsafe and/or nearly impossible for equestrians to safely access, park, use and enjoy horseback riding. Allowing the proposed shooting/target ranges would greatly limit the availability, safety and usability of the Eagle Foothills areas by equestrians and hikers. Change happens, it is fact, however stepping all over part of our western heritage, for the sake of new interests and interest groups is not wise nor 'fair.' Yes, communities such as Eagle and Boise like to be yuppie, and cater to the metro type groups of late, That would be all good and well if equestrians were not being pushed out of the foothills, off public properties, and expected to be happy riding in circles in crowded arenas. We love to ride in nature, ride the trails, mountains, hills, and areas of scenery and beauty. So few are left. Please do not take the Eagle Foothills from us as well - especially when there are ample other choices to practice shoot and shoot for fun. Thank you.	A facility, the Eagle Foothills as a whole, or other ample safe nature areas with trailer parking, safe trails and without including motorized vehicles of any kind, for the specific safe use of equestrians.	It is no secret that mountain bikers (over half our family do ride MBs), have ignored signage and dominate trailer only parking and most of the trails in Ada and Canyon County. I understand different approaches have been put to use as trial programs, but as a 50 year rider in the area, I can attest none have been safe or adequate, no matter how well-intentioned. It is high time for a last place of refuge for equestrians to ride SAFELY, and not be forced out of the community...
93	Boise	ID	83804	No				No	We have very few places close to Eagle to ride into the hills. Many trails are blocked by private access. Please consider where us horse back riders can go if you go forward with this plan. Thank you		
94	Nampa	ID	83687-8763	Yes		User group	Open house	No	The plan would eliminate equestrian parking and be dangerous for equestrians	Appropriate parking for horse trailers, Better a equestrian trails	
95	Garden City	ID	83714	No				No	That area is great for walking and running the dog. It's just more traffic and more focus on guns. Waste of great outdoor space.	Nope	Hope this plan does not go through. It's just more development taking up the little outdoor space we have left. And for a small select group to make use of it. Well it is Idaho so maybe not that small.
96	Boise	ID	83714	No				No	Why is a very good question. The justification of this range appears to be that the citizens of Eagle wanted a more safe place to hike and ride horses than near BLM land where people could shoot willy nilly. So the city of Eagle now owns some land and it will put in a "safe" gun range. But, people will still be able to shoot for free and willy nilly on the adjacent Federal Land. Therefore, the safety feature of the gun range is null and void. The only valid reason that I can see is that some very deep and influential pockets and public servants want an easily accessible gun range with facilities. This is a terrible idea that will cost the city now and in the future, both qualitatively and quantitatively. Eagle's reputation of a beautiful rural area to live with amenities, will be replaced with one of an ugly area that caters to a small interest group. And it will cost the city financially first as an unnecessary expense for the few, then as the "gun club" begins to incur expenses from being sued for noise and accidents. And I suspect the man who asked about the subdivisions going in in the area is correct. Those developers are not going to want their potential homeowners to see "gun range" in the area and say no thank you. I will say it again. This is a terrible idea at so many levels.	It is a terrible idea. Make the parking lot for hikers and equestrians better and call it good.	This is a terrible idea at every level.
97	eagle	ID	83616	Yes			Open house	No	This is close to residential homes. It is used by hikers and equestrians and a shooting range will materially impact the use by these groups. Why does the city want to impact the rural environment at the expense of a shooting range that could located far better locations. Traffic impact on Eagle rd and Willow creek with adverse. I noted at the open house that many were in favor of this range but I suspect they don't live in the surrounding area or for that matter have ever been up in this area. This is an another example of Eagle government wanting to make Eagle a theme park and not protecting the rural environment.	Leave it as is!	
98	Eagle	ID	83714	No				No	Noise down wind		
99	Middleton	ID	83644	No				No	I do not think this is the best use of the area for the greater population base in the Eagle area.	I would like to see the city put in improvements that would encourage non-motorized use of the BLM lands. Equestrian, hiking, dog walking.	Can the City of Eagle provide the public with a list of the potential donors for the shooting park. That would be very helpful.
100	Boise	ID	83714-2042	No				No	Because we ride our horses there and it would cause harm to rider when the shot are fired as the horse would spook. We barely have enough trails to go on as it is.	More horse riding trails.	
101	EAGLE	ID	83616	Yes		User group		No	As a gun owner, I have seen the lunacy of shooting near residential areas	no	I don't care how the 'expert' who is building the range spins it, there WILL BE noise for the residents near the location of the range and those of us in the surrounding areas WILL SEE INCREASES in traffic!
102	Eagle	ID	83616	No				No	What's wrong with you guys. It's close to population. Someone could get shot. Your idiots to consider this. Do you want to be personally liable for this decision. I think not. Put it out way farther if you can find a place. NOT HERE. Do you know how far bullets fly???	Yes outdoor racquetball handball courts Kidd and adults. Cheap and it works in Calif and the south	Put a indoor range if you like but don't put us in danger or stop Toll brothers from development. You might save a life.
103	Eagle	ID	83616	No				No	Noise pollution, roads cannot accommodate so much traffic, safety issues for road bikers	No	This park enhances only the builders pockets. The peaceful country we paid to live in would not benefit.
104	Eagle	ID	83616	Yes			Open house	No	Wrong location. Too close to existing homes and losing walking/horse area. Should be located north of current proposed location.	Set skeet traps.	none
105	Eagle	ID	83616	No				No	Don't want people with guns shooting anywhere near my home	Archery is fine, add other sport activities that families can enjoy together.	
106	Boise	ID	83704	Yes			Open house	No	This would disrupt the quiet and peaceful nature of the foothills. people use the foothills to escape the noise of the city and utilize the trails for horse riding, hiking, and biking. The road leading to the range is not equipped to handle the increased traffic in a residential area. There are gun ranges in Emmet already.		
107	Boise	ID	83712	No				No	As a hunter, gun owner and Health Educator I understand the benefit of having a safe, controlled place for target practice. However, I think the valley is in more need of public spaces that are more inclusive for outdoor activities in areas that are lacking in parks, bike parks, swimming pools, climbing walls, etc.	Eagle needs more bike lanes, basketball and tennis courts, as well as swimming pools and outdoor activity space in general.	I can't imagine, considering the noise implications, that this plan would be approved within 4-5 miles of any housing or potential residential development.
108	Boise	ID	83705	No				No	I am nervous about guns		
109	Eagle	ID	83616	No				No	Noise		
110	Eagle	ID	83616	No				No	I believe there should be an "It depends" option to answer this question. The slides show that shotguns are to be fired towards the southwest. There is no mention of a noise study being done, or planned.		If a noise study has been, or will be completed, which shows that there is no, or only barely audible impact to nearby residents, then this should be fine. Nothing wrong with a safe place to go shooting. On the other hand, my parents live near a range in the Dallas area and that is all you can hear all day long. Most people there can't wait until that land gets sold and redeveloped. Has anyone checked with the residents of Chantry Way? Thank you.
111	Boise	ID	83714	No				No	The noise would be very disruptive in a peaceful multi use area historically used by hikers, equestrians, dog walkers and cyclists. I am a gun owner and know how loud and disruptive and noisy they are.	Leave it as open space, we have plenty of improved parks in the valley if people want amenities. We are loosing nature and the connection to it by "improving" every bit of land.	This is not needed or wanted by the majority of citizens in Ada county. We have had a shooting range on Kuna Mora road for years that's available and disturbs nobody. There are also many private ranges in the valley where shooters can go with out disturbing wildlife and other users. users.
112	Eagle	ID	83616	No				No	Too much liability for Eagle	Try an exercise park. Very popular in Europe with outdoor gym equipment at every station. Can be for all ages.	Don't do things that will encourage residents from surrounding towns to come & enjoy. We are crowded enough.

113	Eagle	ID	83616	No				No	Sound carries in the valley and this area is far too close to residential homes and properties with horses and other livestock. This would be detrimental to the well being of those living in Eagle, especially those with animals. Numerous properties have horses, goats, chickens and dogs as well as cows. Imagine purchasing a home over \$1 million for the peace and serenity of living in Eagle only to find out later there is a gun range that goes in and is a noise nuisance that upsets your family and animals. This is probably the worst idea I have ever heard of. If they want to build a gun range, it shouldn't be anywhere near homes or farms. This is very disturbing, as we recently purchased a home here and have two sensitive dogs and are in the process of getting goats and horses. This could force us to move and abandon or plans and suffer economic harm by moving shortly after purchasing out home. If people want to have a gun range, it should be far removed from residential neighborhoods which are continuing to be developed in this area. This makes no sense and will detract from future development and ultimately cost the city of Eagle additional revenue. Allowing a project that actually decreases livability and revenue makes zero sense.	As I indicated above, this will be a detriment to livability in Eagle and detract from the reason people are moving here. It is far too close to residential neighborhoods and will prevent further development along beacon light road that will ultimately create a negative financial impact on the city. Who would buy a million dollar house that has to hear gunshots all the time. Put this thing far away from any development because the noise will be an issue and ultimately erode the tax base for the city of Eagle.	This makes no sense and think of the land owners who would like to sell to developers for additional housing only to realize they have just lost the value of their land because it is now near a gun range. This is completely short sighted and lacking of common sense. People are moving to Eagle for the quality of life and not a gun range. If you want to stop growth and erode the tax base in Eagle, this is a way to do it. I'm very concerned about the horse farm near the intersection of Eagle Rd and Beacon Light Rd and what the impact would be on the horses and the property owner. I have nothing against gun owners and shooting ranges, but I am very opposed to anything that creates noise and disruption to the community. There is no way to mitigate the noise and traffic issue. This has no place in or near Eagle. Go out to horseshoe bend if you want a gun range, as it is far less populated.
114	Boise	ID	83702	No				No	We need to preserve open space and wildlife habitat.	Natural park/conservation of wildlife habitat	
115	Eagle	ID	83616	No				No	There are many horse trail riders, cyclists, and mountain bikers using this area. The race would present many safety concerns including scaring horses and traffic congestion not present today.	It should be built at all. Guns.	Please use public funds for purposes that help the public, not for people to target practice.
116	Eagle	ID	83616	No				No	Noise pollution and traffic increase through our neighborhoods.	No	Do not extend Linder Road through to this park and developers project, it will overwhelm the area roads.
117	Eagle	ID	83616	Yes		User group		No	There are plenty of gun ranges in the valley and so few open land access spaces. Please maintain some open range and trail access.	Horse and trail access with miles and miles if recreation space.	Please help us keep Idaho open. It is sad for this Idaho native to see our open spaces disappear.
118	Boise	ID	83709	No				No	Not safe for equine users	No multi use area. This has been riding area.	
119	Eagle	ID	83616	No				No	We feel the \$2.2M in funds should be spent to improve our derelict Senior Center	This is a wonderful idea that I know a lot of residents of Eagle and from all over the valley would enjoy. However, we've spent a lot of time in the Eagle Senior Center, and it is a worn out, dark, sad space. Our seniors deserve better and if our community has a spare \$2.2M we should invest it in them first. This is a project that isn't sexy and it doesn't get headlines, but it gets pushed off by each city council. Make the Senior Center the priority, and do the Shooting Range when more funds are available for that. Ask yourself if that space was the one place your Mom or Dad went to eat lunch and see other people, the one place they relied on for their social life...is Eagle doing enough to make sure that space lifts them up and shows them they are valued members of our community.	Senior Center first, please.
120	Boise	ID	83705	No				No	I don't believe law enforcement should pay for use of their designated range - perhaps add \$1 to each public participants fee?	none that I'm aware of but then I live in Boise.	If approved, when will this new range be available for public use?
121	Eagle	ID	83616	No				No	Impact on wildlife/birds plus noise	Eagle	
122	Boise	ID	83706	No				No	Foothills should not be developed		
123	Boise	ID	83703	Yes		Open house		No		Creation of trail system would fit well here.	Another shooting range seems like a loud, dangerous, and unnecessary use of funding that misrepresents the population served.
124	Eagle	ID	83616	Yes		Open house		No	Foothills should be kept open	No	No
125	Wilder	ID	83676	No				No	I am an Idaho native, I have watched while others have taken over areas that use to be used exclusively by equestrians. Our are is getting smaller as urban sprawl is allowed to continue in Idaho. Somethings need to be designated for the equestrian sport, as it brings in money to the valley also.	horse trailhead	N/A
126	Nampa	ID	83651	No				No	It needs to be built further, out of town. I'm sure the hoses on the road don't want to, listen to gun range noise. Also, horses have been using that area for many, many years. It's more horse friendly and quieter, this close to the house, and Avimore is planning on building a community close to that site.	Turn it into a multi park are like Eagle Island, that would be more satisfying to the community, then a gun range. The range needs to be built further from town!	
127	Eagle	ID	83616	No				No	With all due respect to those who want a shooting range, I beg the City of Eagle to reconsider this proposal based on the noise factor of shots being fired. I am the owner of 2 rescued and previously severely abused dogs that are negatively and significantly affected to any loud noise, to the point of requiring medication for fireworks, thunderstorms, etc. I am also adopting 2 terribly abused older horses that would be traumatized if this park moves forward. I humbly ask the City to consider the effects of this for anyone, any animals included, suffering from PTSD and the negative consequences that will follow. We live exactly 3 miles from Beacon Light and Eagle Rd so there is no way we will not hear the loud bangs regularly. We purposefully moved to Eagle to own a property big enough for farm animals and I'm extremely disappointed to read this is being considered. Please take into consideration that this area is inhabited by a number of people with horses, goats, chickens, etc., AS PETS, and do something right for these vulnerable animals. Additionally, we work from home so I find it hard to believe this is being considered so close to subdivisions.	I do not normally follow these things, however, I read about this in the Boise Dev and my heart sank. It is not a location that is far enough away from people just trying to live. Please think of us and choose a spot further away from residential areas.	I seriously think if this proposal goes through, we may be forced to leave. And that breaks my heart because we just moved from Boise to get a quiet, country setting... not one that has the echo of bullets being shot all day. Please please reconsider.
128	Eagle	ID	83616	Yes		Open house		No	This is another classic example of the City of Eagle's incompetence, overreach, and corruption. To think that you are going to be able to fund this through user fees is patently absurd and proves you have not done any fiscal analysis as most gun ranges now are struggling due to ammunition costs and other reasons. Also, to claim this will solve the BLM shooting issue is also patently absurd and just shows your extreme ignorance. Once people realize how much it's going to cost them to shoot at the range, they're gonna go right back out to the BLM where they can shoot for free. So, all you will have accomplished is additional traffic from outside Eagle on our already mismanaged and overcrowded roads in a desperate attempt at pandering to a conservative voter base.	NO	What's the back-door deal with GWC developers Jason??? Surely, you don't expect anybody with half a brain to believe your absurd claim that they generously "donated" 660 ac of prime development ground without anything in return, do you???
129	MERIDIAN	ID	83642	No				No	You are taking away a wonderful area for families to hike and for people to ride their horses and still enjoy nature. It is a wonderful area to see a variety of wildlife. Why put it there?	The City should just leave it alone	Horrible idea
130	Middleton	ID	83644	Yes		Open house		No	This shooting range is in the location where hundreds of equestrians park and ride in the Eagle foothills.	This would be an ideal location for equestrian parking and trail access as it has been for the last 40+ years	This is and should continue to be an equestrian parking and trail system.
131	Eagle	ID	83616	No				No	While I like the concept, I feel the location is too close to existing houses		
132	Eagle	ID	83616	No				No	Focus on retaining open space and where is the money coming from ?	Keep Eagle rural. Forget this.	Do not pursue, please.
133	Caldwell	ID	83607	No				No	Should remain horse trailer parking	Equestrian activities	
134	Eagle	ID	83616	Yes		Open house		No	There are adequate alternatives; this location is too close to homes and will mean that other uses in that area must lapse or be moved; this is a preferred equestrian access point and should be retained; the danger of fire in this area is significant.	No	
135	Eagle	ID	83616	No		User group		No	Noise pollution for residents, roads are not equipped to handle additional traffic capacity (unless study completed), increased danger for residents.	Noise and traffic study	
136	Meridian	ID	83642	No				No	Horseback riders and hikers have used this area for years. The areas left for equestrians are shrinking rapidly and this would severely limit safe locations for them to ride.		
137	Baker City	OR	97814	Yes		Open house		No	This area for years is used for horseback riding.		A shooting range is not appropriate for this area. What are you thinking. Eagle???
138	Eagle	ID	83616	No				No	Too close to the traditional equestrian area and they are disappearing		There are already shooting facilities near Eagle.
139	Nampa	ID	83687	No				No	The area proposed for parking is currently used by hikers and equestrians to park vehicles and horse trailers. This area has been used for this purpose for years. Horse trailers need a lot of space due to their size and area next to them to tie horses. If there is loud shooting sharing a parking lot is not a good idea. Someone will get hurt. Expecting us to just go somewhere else is not feasible. There just aren't any other parking areas large enough and with rideable land to move to. It would be easier to put shooting range else where.		
140	Weiser	ID	83672	No				No	Shooting guns and horses don't mix		People who don't live in eagle use eagle use the eagle foothills as a horseback riding destination
141	Middleton	ID	83644	No				No	Many horse riders use this area and this would mean they could no longer utilize this area anymore. There are fewer and fewer areas left to the riders for them to enjoy.	If you plan to use this area in this manner I think it is definitely not on the right path.	
142	Eagle	ID	83616	No				No	The foothills are used by many equestrians. A gun range will cause horses to be frightened and possibly injured. There is no other safe place for equestrians to condition their horses on hills.	No	

143	EAGLE	ID	83616	No			No	Too close to the equine area that is frequently used. The average person knows that horses spook with loud noises. Firearms=loud noises. It would be nice if it could be moved further away.	N/A	Firearms=loud noises. Horses in general don't like loud noises. Thus would mean possible safety issues, for the already existing equine area, for people and animals. Sad what this could mean if this moved forward.
144	Meridian	ID	83646	No			No	Shooting will be too close in proximity to horse trailer parking.		
145	Preston	ID	83263	No			No	We are loosing enough places to ride horses we don't need to loose anymore	I just don't want to lose anymore horse places to ride maybe develop it better for horses	
146	Eagle	ID	83616	Yes		Open house	No	I use that area for walking and don't want to listen to gun shots, nor do all the horse riders. We live nearby and don't want to hear gunshots. I walk 4.5 miles up Willowcreek past the entrance to the proposed park and do not want the extra traffic running me over. Our dog hates loud noises, especially gunshots. Willowcreek Road is already caving at the edges, increased traffic will only exacerbate that erosion. No amount of sound muffling will stop the gunshot noise. I will consider that the park will erode the value of my property and others in the same area, and I will not be take that lying down. Please move the park underground or somewhere 20 miles away from anyone's house. I cannot believe the mayor supports this project. You should not start this project unless every single homeowner in the area hears the impact of a test firing and agrees that it should go forward. If you support the range put it in your own backyard not ours.	Just walking/horse riding areas.	Don't do it!
147	Eagle	ID	83616	Yes	User group		No	I would like the current trail system to remain.		
148	Meridian	ID	83642	No			No	Horseback riders and hikers frequent that area and have used that dirt parking lot for years. Having had a personal experience with a "stray" bullet from a shooting range while horseback riding on public trails, I don't think putting a shooting range close to a know riding/hiking area is a good idea. Not to mention the noise disturbance.	Something other than a shooting range. Something that would not create a nuisance or hazard for other recreationists.	
149	Star	ID	83669	Yes	User group	Open house	No	Not here. A gun park is fine but not this close to town, expensive homes and removal of a 40+ year equestrian parking area to access BLM and private riding areas.		I can't believe that the city of Eagle is seriously considering kicking out the equestrian community that has been established in this ovation for over 40 years to out in a gun range. It is mind boggling. Horses and guns DO NOT MIX! A gun range should be located farther out or by the prison south of Boise. The city of Eagle will be shooting themselves in the foot. What about future home developments, will people really want to live next to a gun range? How do you displace a user group that has been using the land for 40+ years for a gun range? Financially I believe it's a huge financial mistake to put a gun range in this location.
150	Eagle	ID	83616	No			No	If the location interferes with current horse trailer parking and/or horse trails, then this is not a suitable location		Please don't do anything to take away from current horse access or have a gun range anywhere close to horse trails as the noise spooks horses and makes them very upset
151	Middleton	ID	83644	No			No	This is one of the last open areas to ride horses, hike, or cycle. There are already multiple gun ranges around the valley, none of which are overcrowded. There is a need for more open spaces, not less.	Open spaces for horseback riding, cycling, or other outdoor activities that are multi-use.	
152	Parma	ID	83660	No			No	The location is currently set aside for horse trailer parking for access to Little Gulch. A shooting range in the horse area would effectively remove equestrian access to the area.	Please locate the shooting range in an area that will not negatively affect equestrian users.	
153	Star	ID	83669	No			No	Most horses are not comfortable around shooting and could be dangerous for riders nearby	I like the idea of a shooting range in Eagle. I would be a patron and enjoy using it. I just don't think the proposed location is the best place for it knowing horseback riding happens nearby.	
154	Emmett	ID	83617	No			No	We are losing places to ride horses. This needs to be thought of before building the park	Yes, make room for the horse community. This is not fair and should be thought of	There needs to be more areas to safely ride horses.
155	Nampa	ID	83687	No			No	There are enough places to shoot, the area is used for equestrian parking.		
156	Meridian	ID	83646	No			No	It's way too close to houses and boarding facilities	Once Upon a Horse	
157	Boise	ID	83709	No			No	This will negatively impact the mountain biking, hiking & trails used by horses as well	An area for law-enforcement in a different location, not to inhibit equestrian, trails & mountain bikes	The eagle foothills or someplace we feel safe letting our families explore on mountain bikes, on foot & horse back. I will not feel safe nor safe to have my family out there.
158	Star	IL	83669	No			No	Keep the natural habitat for horse riders		
159	Star	ID	83669	No			No	Keep it open for use to anyone for recreation area. It does not belong there		
160	Eagle	ID	83616	No			No	Costs outway the benefits by a lot, increase in traffic	No	The city needs to be transparent on what they are getting in return for the land, because it's unrealistic to say they aren't giving anything for it. The range is in a bad location that's to close to future developments and not long enough for long range shooting
161	Meridian	ID	83646	No			No	This is one of the few local areas we can trail ride with our horses. Horses and pistols/rifles do not mix. There are plenty of places around for people to go shooting. Why do they need this area too? Where are we going to be able to trail ride horses safely that doesn't require hauling them for many miles????	More focus on keeping safe horse trails for all the equestrians still in the area.	
162	Nampa	ID	83687	No			No	The area is too close to the trails historically used by equestrians.		
163	Nampa	ID	83687	No			No	I've used the area for horseback riding over 30 years. Other walk dogs, wildlife viewing and falconers. None of these activities go with guns	Leave it as it is.	Do not put in a range
164	MERIDIAN	ID	83646	No			No	3 miles N of Beacon is not far enough out of the residential area. Also, that specific area is heavily used by a lot of horse people for trail riding and organized events. This will mean that can no longer happen.	Existing trail use by equestrians. Too close to existing houses, or future housing growth/expansion.	Further back and away from existing trails and houses might be a better location.
165	Kuna	ID	83634	No			No	Because guns don't mix with other outdoor recreationists. Including humans trying to enjoy a peaceful outdoor hike. Including most dogs who take off and hide at the sound of a gun. And lastly, including horses. There are very limited equine trails open to the public around the valley and this would be a biased decision on behalf of shooters. Please know it's not only a matter of safety in terms of stray bullets, but actually more so an issue of sound and noise.	Gun clubs in designated private property that are not near outdoor recreation trails.	
166	Nampa	ID	83651	Yes		Open house	No	Unfortunately this impacts the equestrian groups which with the existing shooting ranges, housing developments and increased population is now restricting us to less and less available areas. We have already given up so many places to ride and trailer into because of this and now this is another historic area for riders that will be cut off. My disappointment can't be expressed enough, we already have enough shooting ranges available to the public, please stop limiting areas for equestrians.	Opening this up for hikers, cyclists and horseback riders would be a better use of the space, also less invasive and limits sound impact to surrounding homeowners	Please consider that you are continuing to develop land that made our state so great, amenities like this are already available and taking away from a large group of existing users of the space is a huge disappointment.
167	Boise	ID	83713	No	User group		No	The plan will negatively impact other user groups	Sound proofing	Please don't put the shooting range in
168	Eagle	ID	83616	No			No	This is a great location to trail ride on horse back, hike, and run. With housing developments going up everywhere it is nice to have a peaceful place to hike or ride which would be disturbed by the shooting range.		
169	Boise	ID	83702	No			No	Many people including me ride horses in this area. Having a shooting range at this location will be very dangerous for all of the riders. Most horses will be scared of the gun shots and people will fall off and get injured.	Change the location.	Please consider a location that is not near equestrian trails.
170	Star	ID	83669	No			No	The location is in an area traditionally used by horseback riders. We have lived in the Treasure Valley since 1989 and one of the greatest attractions has been having a place to safely ride horseback. Having a gun range conflicts with that and attracts a TOTALLY different kind of user, one not in harmony with nature but one who seeks to DESTROY nature. We have enough conflict with gun-toting aggressors in this part of the country without putting them in direct conflict with people who want peacefully enjoy the peace and quiet of the country. Give the gun-toters an indoor, soundproofed range or place the range in an area not frequented by nature lovers including horseback riders.		
171	Boise	ID	83713	No			No	As a horseback rider in the Eagle foothills since the 1970's, this is a horrible choice for a shooting range. I also target shoot, but use the ranges south of Boise and in Canyon county. Shooters can shoot out there or use indoor ranges. We are losing more and more places to ride horses with the uncontrolled migration of people to this valley.		Let's be smart about this people. Please.
172	Caldwell	ID	83607	No			No	To much noise why is this needed destroy more of our natural resources. Pretty soon there will be no where to go and enjoy a walk or horseback riding	No more development	None
173	Emmett	ID	83617	No			No	Prefer it to continued for public use for horseback riding		Adding a riding arena is not sufficient and is not ideal for more trail riders. Minimal a riding trail around perimeter of development (if safe) would be a nice addition. Trail riders, are not arena riders, in most cases
174	Emmett	ID	83617	No			No	Seems like a lot of noise very close to trails and houses.		
175	Caldwell	ID	83607	No			No	This area should be left for horse riders, hikers and bike riders		
176	Eagle	ID	83616	No			No	The foothills have been used for equestrian trial riding, hiking, and dog walking for years. It does not seem safe to add an outdoor gun range in this area.	Maybe something educational like a city of Eagle garden area that educates citizens about the indigenous plants and animals in the foothills? That way it can also still be a recreational area for trial riders and hikers, and requires a pay as you pass system.	

177	Eagle	ID	83616	No					User group		No	Still WAY too close to residential areas. Should be further up Willow Creek	We should work hard to preserve and improve the Willow Creek Equestrian/Trailer Area as it currently is used as an equestrian launching area for riding into the foothills. It is ideal for this use.	Do not allow rogue shooting in the Eagle Foothills. It is dangerous, noisy and uncontrolled. We have had shells land on our patio at 4830 N. Hawk Wing Lane. Also we are often afraid to walk along Homer and Gooder John roads as there is so much shooting going on up there.
178	Middleton	ID	83644	No							No	So few areas left for us horse riders to go that are not overrun by 4 wheelers etc. been riding there for 25 years. To make a gun range there is so crazy.	Keep the horse parking and riding area as it is. No gun range	I was a resident of Eagle for 22 years having moved to Middleton to try and escape the growth of Eagle. The city planners should venture out to the spot they are wanting to destroy on a warm Saturday afternoon and note the number of trail users. It's an important spot for those of us who ride. I hate to see it turned into a gun range.
179	Boise	ID	83702	No							No	Keep status quo consistent for equestrian / other uses. In support of further out location.	N / A	
180	Eagle	ID	83616	No							No	Not the right location.	The plan is great. I'm a gunowner/hunter and I think the plan makes sense. But the location is simply too close to residents homes. This will bring much traffic to Linder, Beacon Light, Eagle Rd. Homer, Ballantyne, Willow Creek, etc. This isn't fair to the people that live here. There is a home just 1,700 feet from the proposed site and quite a few more just beyond that. We want the range to be further north up Willow Creek, where there is more land donated by Spring Creek.	
181	Eagle	ID	83616	No							No	No, the proposed location is too close to residential communities to be safe and it is too disruptive to the peace in the valley. A more appropriate location that is further from existing and planned residential areas should be found and vetted.		While I support having a range, the proposed location is too close to existing residential communities including ours. The noise generated will negatively impact the property value and peace and quiet. Find and test for noise impact a location that does not impact existing or planned residential communities.
182	Boise	ID	83616	No							No	Noise Hazards are directly related to increased blood pressure, heart conditions, poor sleep, etc. It is too close and unsafe for the nearby residents. The nearby residents were never invited for direct input. This also disrupts current use of the area. Willow Creek is also highly utilized by cyclists and foot traffic; the road is insufficient for additional vehicle traffic.	Select alternate location that is more conducive to this facility. A shooting range is a wonderful idea but the location does not make sense	Please don't build here!
183	EAGLE	ID	83616	No							No	No need for this in the foothills. It already exists and is spread out over the broader area. This has a lower impact on neighborhoods.	No	I don't feel its okay to keep putting additional developments or places in the foothills.
184	Eagle	ID	83616	No							No	To Close to residential areas plus assuming you have bathrooms where are you getting the water from? another well ? That will be draining the aquifer for current residents.	Move the roadway access to HWY16/Hwy 55. Not down country roadways and increase rural residential roadways	Stop the current rate of growth of subdivisions in the area. Your catering to developers and not the residents in the area. Your ruining Eagle and impact areas!!!!
185	Eagle	ID	83616	No							No	I hike my dogs and trail ride my horse in that area. I don't think having a shooting range up there is conducive to the outdoor activities that people use that area for.	Hiking trails. Allowing horseback riders as well.	Please don't take our trails away.
186	Meridian	ID	83646	No							No	Eagle is known for being one of the last remaining LOCAL equestrian & equine areas in our local valley. This particular site has been utilized as one of the last remaining areas where hikers and equestrians can peacefully co-exist in our local setting. Guns and horses DO NOT mix well, putting any young and older equestrian and hikers in grave danger. There are so many undeveloped sites where this range can be placed in our valley and even in Eagle, Star, Boise foothill areas. This only takes away from an already established recreational area specific to hikers, bikers, and equestrians. It does NOT add to the recreational opportunities. Therefore diminishes the appeal of a well rounded Eagle recreational area. Please reconsider location that is not already enjoyed and utilized by so many for specific reasons, when there are other locations where versatility can still exist for all outdoor enthusiasts.	Eagle is known for many beautiful & unique recreational lifestyles. One being equestrian estates, equine safe areas, etc. which require specific needs in regards to safety & space. As well as appreciation for wild life and preserves. This particular areas puts at risk negatively impacting all of this, which only seems to detract from the variety and versatility of opportunity Eagle has to expand its appeal to the many outdoor enthusiasts. I recommend another location away from this already utilized and established site (for equestrians, hikers and bikers), as well as, the neighboring equestrian estates and wildlife preserves. So as not to affect safety of the animals that will be stressed by gun shot, and could potentially impose danger to owners, pedestrians, etc.	Please review area and consider another location that can be established for this recreational opportunity, that will add to and not take away from Eagles established recreational appeal.
187	Eagle	ID	83616	No							No			
188	Eagle	ID	83616-9105	Yes					Open house		No	this is more of the piling on effect, first mountain bikes, then pet park now a shooting range. Adults, Children and adults with pets use the foothills and a shooting range will be a huge safety issue. There will be lawsuits if this plan moves forward.	no	no
189	Eagle	ID	83616	No							No	The impacts to current residents and current recreationalists of the area in addition to the environmental impacts (Willow Creek Rd) and the storm water runoff is simply not worth the benefits to Eagle residents overall.		The timeline presented, especially construction beginning this fall, would suggest that any objections will be dismissed out of hand and this is a done deal to build the project.
190	Eagle	ID	83616	No							No	Disrupts the area with loud noises. We can hear Firebird Raceway.		
191	Eagle	ID	83616	Yes					Open house		No	The main concern for us is the surface danger zone. Our horse ranch is sitting completely within this danger zone. It also includes the entire section(640 ACRES) of state land that we also lease from the state. We ride and hike all over this land, and all within the shadow of this range and its surface danger area. I find it outrageous that this is even being planned and to date not a single person from Eagle or the state has bothered to contact us. This really shows what the priority is for our "leaders". Its not a good feeling. In addition, the added traffic on that road is a bad idea. Its not designed to support a large public venue like this. I also feel there is no particular need for this facility. There are many, many range facilities available to the public here in the valley already, indoor and outdoor. This range will offer nothing to anybody that all of these other ranges don't already provide. If the plans and thoughts expressed are any indication, this will be best described as a lackluster venue as far as shooting goes. To equal what is already available elsewhere, you must make this place so large and so impactful that nobody will be ok with it. Im a 26 year Veteran, having served in the U.S.Navy as a SEAL. I have been on hundreds of ranges around the world, and this one will not be anything special, certainly not enough to offset the impact danger, the noise pollution, the traffic problems, the fire hazards, and all of the other people being pushed out of this area, hikers, cyclists, horse riders, etc. All of these meetings and surveys will likely amount to nothing, as the "decision" to move ahead has already been made.		
192	Eagle	ID	83616	No							No	My equestrian friends and myself ride in these hills. Our safety will be in jeopardy and I cannot afford to ride in these hills anymore if this is approved. Aren't there enough shooting ranges here in the area? I vote NO on this!!	na	
193	Boise	ID	83709	No							No	As an active equestrian and hiker. I feel this would be a major disruption to other equestrians and hikers. Leading to a loss of a very big trail system in the equestrian community especially.		Please take into consideration of all the hobbies and activities in the area and how a shooting range would negatively effect those.
194	Garden City	ID	83714	No							No	This is an area used by recreationalists and will be incredibly disruptive to anyone using the area for recreation		
195	Eagle	ID	83616	No							No	Horses cannot be ridden safely in close proximity to gun shots	No	No
196	Star	ID	83669	Yes					User group		No	The area the range is planned for is largely used by equestrians and families. Horses and shooting do not usually go together unless a horse is specially trained for this. Your average 4H, neighborhood, show barn equestrian will have a horse that spooks and become dangerous around shooting. If you go to the foothills parking lot- the majority are horse trailers using the land for riding. There are so many ranges, blm land for shooting already. I would suggest moving the range to where avimore is currently as those are trails equestrians do not frequent. I see a huge liability when horses and shooting mix. Potential injury and death on your hands.		
197	Eagle	ID	83616	No							No	As a homeowner within 5 miles of the intended shooting park I am not excited in anyway to have the increased traffic or noise at my home. I also ride horses in that area and it does not work well to have to share the parking lot or try to ride a horse on the trail with lots of gunshots. It will make that area almost unusable for equestrians.		I am really disappointed that they would try to put a shooting Park in this location especially since the BLM land near by already has that opportunity for shooters. As an equestrian it also makes that area almost unusable the parking would be compromised as with the safety of the rider with live ammunition going off in the same area. Very disappointing. Also as a homeowner I do not want the increased traffic near my house or the noise. I think that it deters from the attraction of eagle to have a life gun range as well as the livability.
198	Eagle	ID	83616	No							No	It is located too close to private residences and will render the area completely useless to horse owners. It will obviously also conflict with future housing development in the area.	The City should encourage the land to be used as it has been used for decades, as a recreational area for mountain biking, horse riding and hiking. No amenities / facilities necessary whatsoever.	I am a resident of Eagle & gun owner who grew up in the foothills near the proposed gun range. I know for a fact that the noise from this range will affect dozens of homes-- every house north of Valley Hi can hear gunfire originating from the proposed site. There is SO much county & BLM land north of this proposed site that could be used instead... I find it curious that the City feels the need to get into the gun range business at all.
199	Boise	ID	83714	No							No	We take our horses out there for both relaxation and conditioning and horses and guns/archery do not mix. In addition, it can be a very dry area and as has happened at other target ranges in Boise, fires can start and could destroy the area and neighboring homes.	Abort the plan!	Not a good idea. There are other areas that might be better suited to this type of activity.

200	Eagle	ID	83616	Yes		Open house	No	This has been my home equestrian location, not only would the shooting be affecting me and my horse during our rides, but it would danger the wildlife around. This proposes danger to the equestrians that ride if the horse spooks, it is also a brings a threat to the natural birds of prey wildlife.	Multi-use parks for everyone	
201	Eagle	ID	83616	No			No	Much more needed services that appeal to a larger population.		
202	STAR	ID	83669-4002	Yes		Open house	No	No, unless you develop a plan to include equestrian access in this area. Little Gulch has long been a great place to ride our horses and we dont want to see this taken away	Equestrian access to the Little Gulch and Big Gulch areas	Please consider equestrian access.
203	Boise	ID	83642	No			No	This appears to have a negative impact on the equestrian community who use this area.	Consider the equestrian community and how this effects their ability to ride safely. The horse community has lost access to many trails throughout the valley in the recent years and protecting the areas that are open to horses and trailer parking is extremely important.	
204	Boise	ID	83706	No			No	This area is a very popular area for horse riders and has been for decades. The parking area is packed with horse trailers on weekends. This is one of the few areas that can handle multiple horse trailers and allow access to trail systems for horse riders and other trail user groups. The shooting range would eliminate that parking area for horses and is not a compatible use with horses and all the other trail users. Sounds like a nice range, but not a good place to put it. I grew up riding those trails with my family on horseback and many families enjoy that area.	Nice shooting range, but not a good location for it.	Please don't effectively bar future use of the trails out there by horse riders and other trail users by placing a shooting range in that area. That area is close to homes and is beloved by families that use those trails for horse riding. Many children are out on horses that could be spooked by all the noise, it is just not a comparable use and has been used by horse riders for a very long time. Thank you for the opportunity to comment.
205	EAGLE	ID	83616	No			No	We have been in our current home for the past 24 years and are frequent users of the area being proposed for the shooting range. I'm a hunter and understand there is a need for a shooting facility but this proposed site is simply too close to many of us who moved to the foothills for many reasons including solitude. This range will very clearly be heard in our neighborhood. I would like to suggest this range be placed somewhere along Aerie Road when it is connected with Hwy 55 near the Avimor development. It places the shooting over another range of hills and anyone purchasing property near it would do so with the clear understanding of it's existence. The archery range in the proposed location is not a problem but the gun range is too close to existing homes and foothills neighborhoods.		
206	Eagle	ID	83616	Yes		Open house	No	It doesn't seem like homeowners in the area were even consulted about the shooting park. I also think that what you're proposing is too small for the many shooters in the area.	Nothing that I can think of right now.	I don't live anywhere near this proposed park, but I'm surprised/disappointed that you didn't FIRST talk to the homeowners who would be most affected. We almost bought a house near the proposed site, and I would be livid if my concerns weren't addressed before the project was brought to the rest of Eagle residents.
207	Eagle	ID	83616	No			No	The road infrastructure is not there. Currently Eagle Road north of Beacon light has no shoulder and I see bikers forced off the road daily.		I believe the property may be better utilized once the Spring creek/ Avimor development plans are finalized.
208	Eagle	ID	83616	No			No	Willow Creek Road already has a serious and dangerous problem with too many drivers driving with excessive speed through the residential area. It is becoming increasing dangerous to walk/bike along the 25 mph road. Have you heard the noise coming from a shooting range? Why would you consider putting one even close to existing homes less than 2,000 feet away. I am an avid shooter and enjoy shooting sport and absolutely am against the placement of this firearm range. I have no issues with the archery due to the less distance it requires for safety and less noise pollution.	Make it a user fee to pay for maintenance and clean up.	Bullets do not go with hikers, bikers, equestrians. Be responsible and go out to a shooting range 10 miles from other residence like I do. Show some respect.
209	Eagle	ID	83616	No			No	Having this range so close to home owners out here is a very bad idea. There is a huge concern for noise and traffic out here. Part of the reason home owners purchased homes out here is for the privacy and peace. There are other locations that would not impact home owners. There is no reason to put this kinda of public shooting range so close to hiking and horse riding and homes. The traffic on N. Willow creek road is already getting to be a problem with speeding and out of control vehicles. You are just asking for huge problems between existing residents and incoming people who will have no respect for this area. Trash, pollution, destruction of property, crime will increase and noise will be a huge issue. I live in these foothills and am 100% against this. A shooting range should be 10-20 miles outside of town in a well structured area designed for it. Not in the foothills of residences who have had these properties for years.	Move it somewhere where it won't impact residents.	Having public use is great. But putting in a shooting range and destroying an area already in existence and impacting foothill residents is a very poorly thought out plan. I do not wish to have a shooting range in my neighborhood. Archery is one thing— but a shooting range is ludicrous. Horses and hikers routinely use the area you are proposing for a shooting range. Someone will get injured or god forbid killed from stray and ricocheted rounds. Then the city will get sued.
210	Eagle	ID	83616	Yes		Open house	No	It's already issue walking places near hunting areas, let alone shooting ranges official or otherwise. Also sound is big issue for me.	Eagle- more transport, more sidewalks, & leveling existing sidewalks to be truly ADA compliant & scooter accessible please- particularly in dwntwn area	Thank u. Transport & walkability in dwntwn please. Enforce speed limit- I almost get hit weekly walking dwntwn- no joke. I don't dare say anything publicly though as people would target me. I'm only 49 so don't look as disabled as I am. Speed enforcement tickets could pay for sidewalk improvements please please
211	Garden City	ID	83714	Yes	User group	Open house	No	There has been no suitable safe provision made for equestrians who have used this area for decades.	There should be a land swop which would provide a more suitable area away from the present and future subdivisions, e.g. the Pearl area near the current rifle shooting range.	This facility will not solve the problem of people shooting (for free) on the nearby BLM land. The shooting range will displace the riding area to unsuitable topography. The notification for the meeting on the 9th was inadequate. Could you please inform us by e-mail? Thank you.
212	Meridian	ID	83642	No			No	This area is one of the last remaining places to ride a horse in Ada County. A gun range in this location would destroy our historical access.	This question is unclear.	Equestrians are getting pushed out of trails in Ada County. This is a long-standing issue and despite us coming out in force, we continue to be on the losing end. We have lost access to many trails in the Boise Front. The foothills north of Eagle, where we have access to private property, has LONG been a fairly safe place for us to ride, with minimal bicycles and ATVs, primarily thanks to the land owners (Bettis and Little). We are facing these same issues in adjacent counties. There are already two gun ranges in Ada County, one off South Cole Road and one off Kuna Road. Are they being utilized to maximum capacity? Please consider other locations for yet another gun range, perhaps closer to the City of Eagle.
213	Eagle	ID	83616	Yes		Open house	No	This shooting range would increase traffic and noise in the most rural part of Eagle. I also have not heard any good plan to explain how to pay for the range in the long term except that it would fall onto the City of Eagle taxpayers, while being used by people from all over.	No, that is not the issue	Our area currently has many shooting ranges that can be utilized by people ; including the BLM land adjacent to the shooting range. I see this shooting range as more of a hindrance and a taxpayer burden then an asset. I've heard nothing in the meetings to alleviate any of my concerns.
214	Eagle	ID	83616	No			No	My house is within a mile of the proposed site. Particularly concerned about noise from gunfire. Was there a study to determine noise and the impact of traffic to close by houses????		
215	Eagle	ID	83616	No			No	I think they need to find a different location. This one is too close to homes	No	No
216	Boise	ID	83716	No			No	We use it to park our trailers and ride horses	No	No
217	EGLE	ID	83616	No			No	NO NO NO. That area is one of the last places horse people have to gc	No	Please put it further out towards Pearl/Emmett.
218	MURPHY	ID	83650	No			No	The area has always been an equestrian trail head. Equestrians are losing access to trails throughout the Treasure Valley. This has to stop!	equestrian trailheads	The foothills are an important area for equestrians.
219	HORSESHOE BEND	ID	83629	Yes	User group		No	Not compatible with other users because of noise	No	To plan a shooting range in an area to be used by hikers, bikers and equestrians is not compatible because of noise unless range is in soundproof building.
220	Star	ID	83669	No			No	I would prefer that the area be left as open space. There are many people in Eagle and Star and other areas of Ada County who ride horses, walk dogs, and run the trails in the area. There are also houses close to where the range is planned.	Please leave as open space.	
221	Eagle	ID	83616	No			No	It's too close to the city of Eagle and homes in the area. Too much impact on residents with traffic and shooting	More parks, hiking, nature. Less development like a shooting park.	Consider relocating to a more remote location.
222	Eagle	ID	83616	No			No	We live in the foothills and have many residences up here. Most of us have animals that also would be impacted by the noise. We don't want to have shooting going on near our homes. How would you like a shooting range in your neighborhood? Also there would be a huge impact on the amount of traffic on Willow Creek. There are a ton of walkers, runners, and bicyclists that use Willow Creek Road and there are no safe shoulders on the road, which would be a huge safety hazard with the increase in traffic and the amount of crazy drivers that we have here.	Try someplace in the middle of nowhere that will not impact residences. Maybe between Boise and Mountain Home. There is a lot of empty space around there.	Please do NOT do this.
223	Caldwell	ID	83607	No			No	This is an equine recreational area and has been for many years. There are very few locations near to town that provide this kind of environment for the equine community and it would be a shame to see it taken away.	Equine park.	
224	eagle	ID	83616	No			No	noise and traffic		Am just moving to a new home in the immediate area where it is nice and quiet. this facility will add a constant noise to what is now a tranquil area. there are many bikers that now use that road and it will make it dangerous for them. also the roads are not adequate for added traffic. i am also concerned for the safety of all the hikers, bikers and horse back riders that use that area.
225	Eagle	ID	83616	No			No	The proposed location is an area heavily used by hikers and equestrians.		

226	Caldwell	ID	83607	Yes		User group	No	A gun range is simply not compatible with other user groups, especially equestrians. The noise of constant gun is frightening to horses, making it dangerous to ride near there, and also destroys the peace of being out in nature.		Equestrians have been pushed from venue after venue in the area. There are so many places where people can walk, ride bikes and shoot guns, but there's almost nowhere left where horses can safely be ridden out in the surrounding hills. We contribute significantly to the local economy, yet are rarely given a voice in decisions which affect our ability to enjoy it. Please reconsider this plan and give equestrians some consideration in the next one!
227	Eagle	ID	83616	No			No	BLM guidelines not adhered to plus we live 1/3 mile from proposed orange..the noise factor alone would be sufficient to disallow any shooting range....it seems farcical to lower speed limit to 20 mph and yet allow a shooting range on BLM land near homes..it's patently absurd on its' face.	Eagle	choose a site far away from residential neighborhoods.....
228	Meridian	ID	83646	No			No	Too close to residential areas. No way to control the way sound travels. Process appears rushed and lacking transparency.	Nature/ hiking trails.	There is something that does not appear right about the speed and lack of transparency of this process. There is plenty of land far enough away from residential areas that could be considered for such an endeavor.
229	Eagle	ID	83616	Yes		Open house	No	This is NOT a good area for a shooting range. You will ruin the beauty and tranquility of the foothills. Several hundred people use this area every week for hiking, horseback riding, dog walking, and mountain biking. Your original survey last summer/fall showed that relatively few people are interested in a gun range compared to the number of people that use the area for other activities.		You are ruining the beauty and tranquility of Eagle's foothills.
230	Eagle	ID	83616	No			No	Disruptive to wildlife and to the residents that live nearby.		Why is the city of Eagle involved in this type of development. I am not anti-gun, but am certainly against this project.
231	Eagle	ID	83616	No			No	It is such an awesome piece of land out there. It breaks my heart to see it developed for a small portion of the public. It would be better for the community to have a trail system set up out there.	Right now there are already roads that serve as trails. There are usually a few people using that whole area at a time. Keep it exactly the way it is. There are no facilities there and it has been working out just fine.	Please leave it the way it is.
232	Eagle	ID	83616	No			No	I don't feel there is a purpose for the City of Eagle to promote a shooting range this close to residents.	No	It seems that those who enjoy the nature preserve for walking, biking, and hiking, serve more residents than those who would access it for a shooting range.
233	Eagle	ID	83616	No			No	Increased noise, increased traffic, effects on farm animals, domestic animals, wildlife		It saddens me that those who paid top dollar to get away from traffic and development will now have to put up with the noise and traffic from this proposed range
234	Eagle	ID	83616	No			No	I don't think the city should be running a business like this. I think it should be built & run by a private vendor. I think it is another park being built for a limited number of users at a cost to the taxpayer.	A local park for the area west of Eagle Road, South of Floating Feather. The new proposed park north of Beacon Light near Hwy 16 is not centrally located for those homes. there are multiple parks on the east side of Eagle Road, none on the west side. The one opportunity, the West Side Park, was sold with nothing to replace it.	Even though many neighborhoods are built with a Home Owner Association providing for some recreation as well as required pathways, they are paying HOA dues in addition to being taxed for other neighborhood amenities.
235	Eagle	ID	83616	Yes		Open house	No	Although I understand the need for a shooting range, the current placement is the main trailhead for equestrians in Ada county. Because equestrians do not have one centralized voice, they are constantly being pushed out of every trail. Additionally, this will create more traffic on Willow Creek and the intersection of Willow Creek and Quarter Drive is blind and already very dangerous.	no	Have any of you visited that area on a weekend to see how it is currently being utilized?
236	Eagle	ID	83616	No			No	Potential safety issues and noise based on proximity to existing & planned residences. We live in a world with a lot of crazy. Don't encourage more guns than necessary in Eagle.		Thank you
237	Eagle	ID	83616	No			No	I have lived in eagle since I was born. I am 46 now and I love the peace and quiet. And we still have tons of wildlife that shows up on our property. That will all change if this happens. Please leave the land for nature and wildlife.	No	Please don't change the soul of Eagle foothills.
238	Eagle	ID	83616	No			No	The proposed location of this shooting range is too close to residential neighborhoods. Instead it should be located in a more remote area.		
239	Eagle	ID	83616	No			No	The gun range should have a live sound test from the proposed area and measure the sound in the areas which will be most effected. Without this, this should be paused.	No	My issue is without testing sound from the proposed gun range area, that portion of the park should be put on hold. I would support a gun range if it were guaranteed not have sound effect into nearby communities.
240	Eagle	ID	83616	No			No	Willow creek road already has too much traffic	No	That area is such a huge fire danger the more people you would have been at the Worse it would be
241	Eagle	ID	83616	No			No		Eagle	
242	Eagle	ID	83616	No			No	I don't have a problem with the park except that it looks like the equestrians will have no place to ride up there unless Avimore grants us a place. This appears to be a real Slap in the face by the city to the many horse people who have ridden up there for over 20 yrs.		
243	Eagle	ID	83616	No			No	I'd rather see hiking biking equestrian trails	Horse Trailer parking for use of the land to the north of the shooting range.	
244	eagle	CA	83616	No			No		Hiking biking trails	
245	Eagle	ID	83616	No			No	Please consider the noise pollution and traffic to existing citizens. We purchased this property in this neighborhood for a peaceful lifestyle. Please preserve this and represent us.	Baseball fields	
246	Meridian	ID	83646	No			No	To close to the city and it is a high traffic use area for people.	No	Would you want this in your "backyard?"
247	Emmett	ID	83617	No			No	What do you have planned for the equestrian riders.. Things have changed a great deal especially the last two years. We now have hikers, bikes,dogs who have no idea or care how horses react. I understand the world has changed but all we need is hills to ride on. No expense need to allow us to do that. We clean the parking lot from all the garage from all the pallets that are burned leaving wire and nails.All the trash that is thrown out and the occasional condom. I'm sure the home owners who live will be thrilled to all the gunfire. So very sad to lose our our wonderful rides.	Horse trailers need to be talked with equestrian people. Already horses, bikes, gunshot don't mix together. I've stopped riding at Eagle Island because of the out of control dogs. No one leases their dog and when you explain to the owners that their dog will be injured if they get under the horse. They ignore you. That was a nice place to ride before.	
248	Eagle	ID	83616	No			No	I don't think this range is something that represents the people of Eagle. There are other ranges in the area people can go to. Let the land be used for other purposes.		
249	Eagle	ID	83616	No			No	I do not believe this is in the best interest of those who live in this area. Noise pollution will surely be awful, it will be terribly dangerous for equestrians and will totally ruin the beautiful, serene setting where we go to enjoy the outdoors. I believe the traffic would also become unbearable and I don't see how Willow Creek can sustain a significantly higher level of traffic. I am in favor of shooting ranges, however, this is not a good location for the proposed range. It should be placed further away from residences and areas that are already well trafficked by equestrians, pedestrians and dog walkers. Please do not proceed. Thank you, Cari West	Eagle	
250	Eagle	ID	83616	No			No	I don't believe this location is appropriate for a shooting range	An archery range would be a wonderful asset that would be less invasive for neighbors	
251	Eagle	ID	83616	No			No	Preliminary design should include the ability to shoot steel targets.	Yes, allow for USPSA style matches to take place, similar to those in Nampa and Parma.	I wholly support Eagle bring a shooting park here.
252	Eagle	ID	83616	No			No	A shooting range has no place in an areas used by hikers, dog-walkers, bird and wildlife watchers, and horseback riders. Just no.		
253	Eagle	ID	83616	No			No	Don't want a shooting that close	No comment	No
254	Eagle	ID	83616	No			No	The road traffic is unsustainable on Willow Creek and already heavy with careless drivers going to # Horse Ranch, BLM land etc. Also, noise pollution in this extremely quiet valley.		Putting a large commercial operation in a location that requires miles of rural/residential road access is a bad idea. I am a gun owner, and sporting enthusiast. As much as I would love to have such close access, I see already see growing (speeding) traffic and I'm extremely concerned about drawing more of it.

255	Eagle	ID	83616	No					The location is too close to residences in Ada County. Not enough thought has been put into noise impact on existing neighbors, traffic impact on windy, 20mph sections of road, nor negative impact on the current thousands of users that frequent that area for biking, walking and horseback riding.	Yes. Consider making this area a natural area for non-motorized, non-noisy activities, and move the shooting site further away from current residences.	The mayor stated at the Open House meeting that was taped, that Spring Valley owned all the land between Hwy 55 and at least to Willow Creek Rd. He stated that Aerie Rd will at some time become a thoroughfare to link Hwy 55 to Hwy 16. Please consider building this shooting facility somewhere farther away so that it does not impact those who currently live close enough to hear the noise of a gun range with added concrete as reports echo around those canyons and hills. I take issue with the fact that, somehow, the parcel of land on which this gun range is proposed is somehow attached to The City of Eagle, yet all the residences that will be impacted are in Ada County. We neither voted for the city council who is making this decision, nor are we stakeholders in the decision they render. We who are impacted will be mightily outnumbered by those who are in favor of a gun range -- I am as well -- but the few of us who have to live within earshot will have a bitter daily reminder of
256	Eagle	ID	83616	No					I think there will be noise pollution. I don't know why the city of Eagle would have a public range. That seems something the private sector should take care of. I don't want my taxes paying for someone else's hobbies.....	I love the city center and any updates that could be made to make it more walking/biking friendly. I love the city events that encourage community connection and supporting the small businesses in Eagle.	I love the city center and any updates that could be made to make it more walking/biking friendly. I love the city events that encourage community connection and supporting the small businesses in Eagle.
257	Eagle	ID	83616	No					Disturbance of Natural Habitat	There should be more bathrooms. People are going to litter there. What is disruptive to the neighborhood.	
258	EAGLE	ID	83616	No					Current infrastructure is not in place to support the increase use. It will also conflict with historic use by other recreational users and land/homes owners in the area	Traffic impacts, safety, best use, wildlife habitat, etc..	This will not and can not be supported by user fees. It will further degrade the already impacted area. The ultimate cost will be passed on to the local community and residents of the Eagle foothill area and have little effect and no cost on the users from outside of Eagle.
259	Eagle	ID	83616	No					Too many guns.	There are already 5 gun/shooting ranges in Boise.	
260	Eagle	ID	83616	No					Area designation for the Shooting Range is inappropriate. Proximity to current homes; increased traffic on Willow Creek; interfering/competing with current access to horse riding and horse trailer parking space as well as hikers and bike riders; impact of a variety of wildlife including Mule Deer, Badgers, many bird species; impact on native plants.	Not that I'm aware of.	Thank you for providing this survey.
261	Eagle	ID	83616	No					No desire to see the city use money to build a gun range when there are enough ranges in the valley to shoot in now, as well as thousands of BLM acres.		There are more community minded projects that should get attention before a gun range. How about some more parks for families? How about a big, modern athletic complex that rivals Simplot? How about putting sidewalks on Eagle between Chinden and State?
262	Eagle	ID	83616	Yes			Open house		Noise	Yes people are paying top dollar for eagle real estate. You want to hunt go up in the mountains and shoot it all up. You want to practice with your firearm. Go to the million dollar firing range in Boise 10-15 minutes away. Eagle is prime location for an INDOOR firing range. not a firing range that disturbs the public that pays to have serenity. How hard is it for people to drive to go shoot? Go outside the city limits for Christ sake	Eagle is a place of peace foothills and all, I'm for gun rights but don't force the population here to have to listen to constant gunfire when people are not paying as much as they are for real estate here. Take the beautiful 2 hour drive and go explore the amazing Idaho mountains with that shiny AR.
263	Eagle	ID	83616	No					Outdoor gun ranges are noisy and contribute to lead contamination. There are sufficient number of ranges in the area for people to use without Eagle having to build one.	More child focused parks.	Having lived near and used outdoor ranges in the past, I am well aware of the noise it creates as well as the environmental cost.
264	Eagle	ID	83616	No					Please not in the current location! It is too close to residential properties that would be severely & negatively impacted! We are all for a shooting range of this sorts, but it should be MUCH further out and away from residential areas!	Not that we can think of.	Please not in the current location! It is too close to residential properties that would be severely & negatively impacted! We are all for a shooting range of this sorts, but it should be MUCH further out and away from residential areas!
265	Eagle	ID	83616	No					We are encouraging people to shoot? Not the kind of community in which I want to live. What about other sports? More dog park facilities?	What about seasonal options such as outdoor skating or a sledding hill? Or much better dog park facilities (the current 2 acre medium/large dog option is so not adequate. Or just a place where people can enjoy a peaceful interaction with nature, without bikers, shooters, skaters, etc. Think Central Park in NYC.	
266	Eagle	ID	83616	No					Destruction of natural habitat and noise pollution. Indiscriminant shooting at birds of prey and private property. Increased traffic on Willow Creek?	NO! Too much ill conceived plans already!	
267	Eagle	ID	83616	No					Noise concerns. But a managed range would be better than what people are doing unmanaged on BLM land		
268	Eagle	ID	83616	No					I am not opposed to a shooting range, however, the proposed location is one of the last public areas where where equestrians and hikers can use quiet and peaceful trails in the Eagle foothills and I have heard nothing about how this loss would be compensated for those who are not gun enthusiasts	Quiet and peaceful trails to replace those that would be lost if the gun range is developed on the currently proposed site.	As the city grows we need to consider the mental health of the residents. Being able to access quiet and peaceful areas in the foothills have helped during the stressful times of the pandemic and would continue to do so in the future as the city becomes more developed and crowded. I speak from personal experience here.
269	Eagle	ID	83616	No					There are better opportunities the city could pursue that would be more inclusive of the whole community.	A large park with amphitheater for hosting events that the whole community can enjoy. The amphitheater in downtown Eagle is entirely too small to meet the needs of our community. A shooting "park" will only accommodate the few.	
270	Eagle	ID	83616	No					There are many other projects in Eagle where I would rather the City focus its efforts and money that would benefit more community members.	Increasing safe bicycle access to downtown and around the City.	
271	Eagle	ID	83616	No						Youth Sports complex	
272	Eagle	ID	83616	No					The foothills should be used and preserved for hiking, biking, sports, etc..	There are no real soccer facilities in Eagle, which means that our residents are forced to go to Meridian and Boise. This takes money out of our city's local economy.	
273	Eagle	ID	83616-7210	No					This shooting thing is inconsistent with the existing, intensively used, peaceful, hiking and equestrian area at this location. Instead, Our City should spend proceeds from its liquidations of our urban Parkland to develop a close-in, 21st century urban park system as modern cities like Meridian, Boise, etc have where our kids can walk to swim, play field sports and seniors can gather and walk around. Neighbors thwarted plans for this grownup gun playground farther west. It will be equally distant, ill conceived and expensive at this location. Conflicts with neighbors are assured as surrounding properties develop, forcing City to curtail and then close its targeted incompatible use.	Yes, use City funds to reestablish and implement a 21st century urban Park system, so we have neighborhood parks within walking distance of all residential neighborhoods. .	
274	Eagle	ID	83616	Yes			Open house		Willow Road is already busy with residents and workers. The shooting range we just increases flow to an already tight situation. Also too close to existing residences	I would prefer they leave things as they are. To quote an older movie, if you build it they will come. This would bring in more people from out of the area, not just the eagle.	I think any major changes like that we change Idaho and the reason a lot of people are here. People want organized land areas they should move to another state.
275	Eagle	ID	83616	Yes			Open house		I think the open space in the Eagle foothills should be preserved for hiking, biking, and activities that enhance the value of the area. The reason current outdoor shooting ranges are in the deser towards mountain home or in very rural Parma is that the noise is incongruent with other outdoor recreation due to the noise	Not in favor of a gun range, so no.	Creating a destination gun range for all of the surrounding areas should not be a priority for the City of Eagle. The infrastructure is already way behind the growth and the addition of new housing needs to settle in a bit so we know where city priorities are and how we best use the foothills.
276	Eagle	ID	83616	No					The area is planned for residential development. Putting a public range in the middle of a residential area makes no sense. That is why Blacks Creek Range is several miles from residential neighborhoods. A shooting range will negatively affect property values due to the sound, safety and increased traffic through a quiet neighborhood.reased	Don't know of any	I commented last year on the development plan, with my main concern being no data is being presented showing current use, projected use and ways to meet the projected growth. The City is making plans based off of what data??
277	Eagle	ID	83616	No					Too much additional traffic on small roads past residences. People driving to the range won't obey the speed limit making it dangerous for others. More wildlife will be killed or injured by the additional vehicles. Too much noise pollution for those living near the range.	No	I am a gun owner, a conceal carry permit holder, I support gun rights and I hunt. I would support this type of facility if it were not located so close to homes in the area. While there is technically two ways in and out of this facility, the vast majority of people will come in through Eagle and use the small roads that pass a lot of residences. The road was not designed to handle that much traffic and the residences don't want additional people driving through the neighborhoods. I would support a facility like this if it were much farther into the foothills and had access from Hwy 16 on it's own, dedicated road.
278	Eagle	ID	83616	No					This is a residential area and a shooting range would disrupt the surrounding community and pose a fire risk	No, this park needs to be relocated.	
279	Boise	ID	83709	No					Too close to residential homes/people. Too dangerous and too loud.		
280	Eagle	ID	83616	No					Too much noise. You can make all kinds of plans to mitigate the noise but the sound travels out here where it's mostly still and serene.	No	None
281	Eagle	ID	83616	No					Years ago before 1M houses were here in Eagle I would have said yes to this-not now. Too many houses, kids, cars, etc... I love this idea just not in Eagle. If this plan does move forward a 12 and under archery area should be in the plan as well. Move this somewhere else. People are too irresponsible to have guns sealed or not in a town like Eagle.	Yes. More sidewalks, bike paths, parks, ponds, another splash pad, tennis/pickle ball courts, soccer fields, baseball/softball fields, etc... Families are moving to Eagle and they are moving here FAST. We need to accommodate families with children. Merrill Park and Guerber Park are so overcrowded and so are their soccer fields.	West Ada also needs more schools. The district is way too big and needs to be divided. The roads need to be widened as well. Start with Linder Rd. Eagle Island State park needs a makeover as well. A lot of wasted land in that park.

282	Eagle	ID	83616	Yes			Open house	No	It's too close to residential areas! Move it further out!!	More hiking & equestrian trails!	
283	Eagle	ID	83616	Yes			Open house	No	Too close to existing housing and equestrian/hiking trail head ,noise and traffic	If build where proposed it should be an indoor facility only	Clearly not an appropriate location for a facility like this in many dimensions
284	Eagle	ID	83616	No				No	All of this can be done already with no cost. We can enforce a few rules about cleaning up and safety by periodically sending the police by and people can enjoy the free and informal setting.	Yes, room for more people, a range longer than 150 yards. Steel targets at distances up to 800 yards. Trap, skeet and sporting clay throwers. One of the draws of the current situation is being able to shoot at targets that aren't paper.	
285	Eagle	ID	83616	No				No	I dont want to hear gunshots		
286	eagle	ID	83616	No				No	The shooting ranges is too close to residential areas. That area has been used for hikers and equestrians for years and they have bee good stewards. I am concerned about the noise pollution from shooting, the increase in traffic along Willow Creek Road, the change from multi-use recreation area to single use area. As a 25-year resident of Eagle who has enjoyed the recreational opportunities the foothills north of Stillwell and Eagle have offered, I think it's shocking to turn those hills into a shooting range.	Creating a trail head with bathroom and real parking facilities for hikers, bikers, and equestrians, taking into account people with disabilities as well.	I think this is a terrible idea. I can't believe it keeps coming back.
287	Star	ID	83669	No				No	We don't have anything like this anywhere close to Eagle and it is something that the community will utilize and enjoy	No	Please consider this wonderful addition to Eagle!
288	Eagle	ID	83616	No				No	Adversely impact the quality of life of those living nearby (increased traffic--many bikers, runners, horseback riders, etc.); increased noise pollution for a foothills demographic that spends a great deal of time outside.		
289	EAGLE	ID	83616	Yes			Open house	No	Moved here 8-years ago. As a road cyclist Eagle city and ACHD has failed to widen roads such as Floating Feather. Willow Creek is one place I can ride with more safety. I also belong to 4-shooting clubs in the area, Boise gun club,Boise rifle and pistol club, Gem Co. and Parma.	I would want at least a 600-yard rifle range and several trap fields. I can tell you that a single trap machine can cost as much as \$10,000.	I spent my last 21 of 31 years working as a police officer/firearms instructor for the Los Angeles PD. I was also the captain of the pistol team. I am currently a range master at the Boise R&P club and assist at the Boise gun club. Feel free to contact me for any advise.
290	Eagle	ID	83616	No				No	Too many people frequent the area and there are already ranges for target practice in other valley locations.	Hiking trails are always welcome. Also, Eagle needs more dedicated pickleball courts. It is the fastest growing sport in the nation, appealing to all ages.	
291	Eagle	ID	83616	No				No	Explanation provided in answer to #6	No. Do not eliminate current equestrian and hiking opportunities at this location	Very concerned about the location of this facility. 1. Willow Creek Road is not designed for the level of increased traffic that will result. Deer vehicle collisions will be more frequent. 2. Increased Road use and shooting activities will greatly increase the fire risk in this highly flammable area which has no access to water sources for fire suppression. 3. Noise carries far in the Eagle foothills and it's expected that noise from shooting will be heard by nearby residence which will impact our quality of life. 4. Those of us that live in the Eagle foothills choose it because it's quiet without a lot of traffic- this will greatly change the character of this area and our residences. 5. Will revenue from this private facility be used to increase funding for fire fighters , fire suppression and reducing fire risk in the area? 6. Please reconsider a location further away from the eagle foot hill homes 7. This area is popular for use by equestrians and hikers and these activities do not mix with shooting due to obvious safety reasons. What are you doing to ensure access for a questions and pedestrians in this area?
292	Eagle	ID	83616	No				No	We Cannot have anything like this in our area. We do not have the room for the traffic nor the amount of noise that would be present. Right now the only people that understand and know the area back there are the people that live here and they use common sense to go shooting and riding. In the strongest words possible I say no on this proposal	No	Please don't turn this beautiful area into a California style area you will never be able to go back and you'll hate it
293	Eagle	ID	83616	No				No		Eagle	
294	Eagle	ID	83616	Yes	Law enforcement			No	We don't need a shooting range on BLM land as our government can come any time and shut down. We are located close to Gem county range and Black Creek along with many other ranges within Treasure Valley including an indoor range	Eagle why is the city of Eagle putting a park where there are NO sun divisions. This is a waste of land and space. We need to slow down this mass building boom as we will not have the water for all in the future. We will become another SoCal area. Yes, it's happening.	Revisit the laws concerning the builders have no taxes put in for schools. roads, police, Emt, Fire folks, teachers , etc. quit putting it on the homeowners and business's The builders get off free. No right
295	Eagle	ID	83616	Yes			Open house	No	Noise propagation through the valley can already be quite loud with just traffic along Willow creek. I'm highly skeptical that shooting noise can be mitigated in any meaningful way. Also concerned about additional traffic density on Willow creek rd.		This seems much to close to existing properties, noise will likely affect a large number of north Eagle residences.
296	Eagle	ID	83616	No				No	Noise and Environmental impact for those living in the foothills. Increase of traffic on a road system that does support it	Horse riding, biking and hiking and nature trails.	Complete an environmental impact study first.
297	Eagle	ID	83616	No				No	If it was a low cost signage and marking off areas for shooting that would be fine. What is proposed will bare significant costs and increase out of area traffic on our already burdened roads. Simple is better. No range master and no cotrolled access is desirable ... like we use to have.		
298	Eagle	ID	83616	No				No	Noise and traffic	Walking and equestrian trails. No motorized vehicles are shooting range	The shooting range proposal is a horrible idea. Way too close to residential.
299	Eagle	ID	83714	No				No	People in the area have children and dogs and neighbors close by do not want their quiet lifestyle interrupted		
300	Eagle	ID	83616	No				No	I would like to a local shooting range but I'm concerned about impacts to other recreational activity in the area, primarily equestrian.		
301	Eagle	ID	83616	No				No	The foothills don't need to be sullied by such a development. Put it somewhere ugly	No. Leave the foothills alone.	Totally object to the beautiful foothills being appropriated for such an atrocity
302	Eagle	ID	83616	No				No	We specifically moved here 15 years ago because it is an equestrian area and we have access to the foothills for riding our horses. Also, all those folks who live in the subdivisions who live to the south and west will have to listen to the gunfire and deal with the increased traffic. I'm concerned it may also be a safety issue with the bicycle and horse traffic as well as the fire danger.		We are adamantly against this.
303	Eagle	ID	83616	Yes			Open house	No	Too close to developed rural residential areas. Willow Creek is too small of a Road to handle anymore than residential traffic.	Leave the BLM land alone and natural. Don't turn area into an over developed version of CA. There are already shooting areas on BLM land. It will disrupt Equestrian activities also.	I am deeply Disappointed in the way Eagle is headed. Seems to be driven by developers and developments behind us that will soon be here like it or not
304	Boise	ID	83714	No				No	Too close to residential area		
305	Eagle	ID	83616	No				No	The city should focus more helping those that need affordable housing. If you're going to ruin BLM land at least help people who really need it instead of gun owners. I used to be able to shoot my gun for free on BLM land and now you want people to pay for their rights? Ridiculous. Stop the growth and people that bought land out there should of educated themselves first before doing so. I don't want to help fund a gun park.	Affordable housing.	Nope
306	Eagle	ID	83616	No				No	The sound from this facility will be miserable for those that chose to live away from it all.		Please reconsider this shooting range. The random shooting is out of control out there, but this isn't the solution. People chose to build in the foothills for the quiet, peaceful atmosphere. I would urge you to spend some time by the gun range in Garden Valley. It absolutely ruins the experience. Imagine living with that day in and day out.
307	Star	ID	83669	Yes			Open house	No	Too close to existing homes! Move it further out to the north on other property that Spring Valley can Donate.	in lieu of the Gun Range on private property??? Enclosed Range for Shooting, ilke Impact in Boise	
308	Eagle	ID	83616	No				No	Too dangerous it's farming community	No please let the wild land be just that. Not every inch of Eagle needs developed	Please don't
309	Eagle	ID	83616-2518	No				No	We have equestrian areas and the noise is likley to disrupt riding and be dangerous to my daughter if a horse suddenly spooks. It is likely to also scare away the deer and other wildlife in this area.		This area is rapidly growing into a residential area and this is not an appropriate place to have noise pollution and disruption to the many wild and farm animals in this area.
310	Eagle	ID	83616	No				No	I live close to this site. Traffic and noise would decrease quality of life for both residents and wildlife	NO	
311	Eagle	ID	83616	Yes			Open house	No	I'd like to propose since it is relatively close to homes that stiffer restrictions are applied such as prohibit explosive targets, limit permits conservatively, take in consideration to the public input regarding safety to all who utilize BLM land, it came off very dismissive when residents expressed concern. You can't restrict BLM but you can take it in and recognize with our excessive growth, public safety should be part of the process and should be an important factor.	Amenities/facilities seem adequate.	Explosive targets should not be allowed. Please listen and take in the comments and concerns from the community that will be most affected. Once you implement you have to know people/humans will push the boundaries. I appreciated listening to the open house. I rarely can attend in person so I'm glad I took the time to listen and the diagrams and pictures were helpful.

312	Eagle	ID	83616	Yes		Open house	No	I am building a house up there in Highlander Estates. This project will cause a lot of noise, traffic, and vandalism to the area. The noise is the biggest concern and you are taking a serene area and making into an industrial area with lots of noise. I mean really a shooting park in a quiet area. I suggest you build this park in downtown EAGLE. We don't want it out there. We are prepared to fight this proposed park and will sue the city and the developer if it goes forward. Have you done any testing up there to see how far the noise will carry? Will it bother the residents (me) up there? You can't answer these questions. Move it another 10 miles north. There's lots of room and no houses further north. We will fight you with every ounce of our being. I have pets that run for cover every time they hear a gunshot. If you proceed, and you harm my pets, I will sue the developer and the city. This is reckless.	Yes...Do not build this facility. It is reckless and not necessary. There are plenty of ranges in the Treasure Valley already. Or build this in downtown Eagle. Let the Eagle residents deal with the noise.	Do not proceed with this park.
313	Eagle	ID	83616	No			No	The current unregulated shooting that happens on the BLM land north of Beacon light road can be heard all the way down to Floating feather. The foothills echo the sound of gunfire. I believe the location will cause too much noise pollution for homeowners.	No, just the location.	I would love an outdoor shooting range in the area as I am myself a gun-owner but I don't think this location will work unless there is a way to control / deflect the sound.
314	Eagle	ID	83616	Yes		Open house	No	This facility is much too close to nearby homes and the road is already dangerous with too much traffic. This facility should be located miles from where people live, and where the streets are able to safely handle the increased traffic.	Yes, the city should consider continuing hwy 55 through the concrete plant and across the river. Traffic on Eagle Rd is now punitive.	Please consider families who live in the area. It would be incredibly unfortunate for people living nearby to have to hear gun shots all day, every day. We are pro gun. We have dozens, and tens of thousands of rounds of ammunition. However, this proposed location will exponentially reduce the quality of life and property values of nearby homes. Thank You
315	Eagle	ID	83616	No			No	How "controlled" are we talking?? How much would it cost? We LOVE the idea of a shooting range here in Eagle. It's so needed. We just want the cost or the "controlled" to be prohibitive.		Please go ahead with the range! But please don't make it overly regulated or expensive.
316	Eagle	ID	83616	Yes		User group	No	Noise pollution, risk of brush fire, increased traffic in a congested corridor	Hiking trails	
317	Eagle	ID	836164895	No			No	too close to resident & agricultural homes & ranches		All that we have gotten in this City lately is a newer liquor store, a massage parlor, a thrift store, a dollar store, and more homes. And proposed brew pub. Where is the culture and foresight of this City? It seems to be non-existent.
318	Eagle	ID	83616	Yes			No	Noise impacting property value. Stray bullets and legal liability to sue Eagle for any personal or property damage		
319	Eagle	ID	83616	Yes		Open house	No	It is planned for an irresponsible location. There are THOUSANDS of other acres in the Eagle foothills that do not sit adjacent to and on top of residential neighborhoods.	No	Everyone (almost) loves the idea of having a shooting range nearby, but there are other locations, further from people's HOMES, that should be considered.
320	Eagle	ID	83616	No			No	People in this area enjoy hiking and horse riding, it also seems very unsafe to have a range so close to where people live, this would also add much more traffic to an area that is peaceful and quiet. Please don't do this. No one in this area wants it.	Why do you feel the need to add anything out here. Nature is fine enough.	
321	Eagle	ID	83616	No			No	The city should not be in the business of running a shooting range. And the location is too close to people's homes. And a shooting range is a fire hazard.	The city should not be in the business running a shooting range.	
322	Eagle	ID	83616	No			No	The noise will impact our home.		They should move it further out from the existing residences
323	Eagle	ID	83616	Yes		Open house	No	Wrong place for a shooting range. Too close to Eagle homes when there is no sound barrier. Equestrian in the area would be gone because of the noise. And who's going to pay when you can shoot for free on BLM land?	Just stick to hiking and equestrian. The motorcycle and gunshot noise travels for miles! The traffic this will bring through Eagle residents neighborhoods is disgusting. I really can't believe the Eagle City Counsel is considering this and inviting the entire Treasure Valley to this area. What a ruin it.	The impact is grand. If you have lived somewhere in the past where this has happened before, then you understand how it radically changes the ambiance of the area. And once it's changed, there's no going back and home values go down and rift-raft moves in and you lose Eagle. Takes 15 yrs, but it will happen.
324	Eagle	ID	83616	No			No	Are you kidding? I thought we cared about the wildlife that we have living and migrating through the foothills. Simple, that will disappear once a range opens. Not to mention I have horses, and no they are not hunting horses. Horses are not too fond of gunfire. No shooting range		Look, I am not anti gun, at all. I believe in an individual's rights to own a gun or several. I just don't think our foothills is the place for a gun range. The next step would be to make the trail system open to side by sides and motorized vehicles
325	Star	ID	83669	Yes		Open house	No	After seeing the proposed Area in which this range will be built I cannot support such a thing as there are houses beginning approximately 800yds from the nearest and main shooting area with an open range design there is NO realistically possible way to mitigate sound pollution from the range in that amount of distance. The homeowners themselves voiced their concern about this problem at the open house and even as someone who is not affected by this I fully support their concern and feel it is irresponsible to put this range so close to these properties. Furthermore to support this claim that the location is more than unacceptable is safety concerns for these persons and their property. Even with Range Officers, there will always be the risk and inevitability of an accident or negligent discharge when it comes to ordinary public shooters and 800 yds with many more houses behind that provide a very inadequate distance for projectiles to lose enough velocity and/or be stopped in time by the landscape before they become a danger to the public and possibly wound or kill a person or damage property. The projected distance that a 22.LR can travel for example is 1.2 miles, there are 15 houses approximately within this range; 22 LR is one of the most common chambered rifles there are and the most widely used by NEW INEXPERIENCED shooters. 3rdly after hearing of the proposed Shotgun Firing Area and the proposed fact that there will not be any clay throwing machines and will be a bring your own bases you are negating one of the prospected benefits of removing shooters from BLM land and bringing them into a "controlled" range environment. As of the proposed plan now all this range has to offer shooters in the idea of shooting clay targets is a concrete pad to stand on and not dirt. With this you then want them to pay for a membership when they can do the same thing on BLM land with no concrete pad for FREE. You simply have no incentive and in fact the opposite for people to want to use the proposed range.	Clay Throwing Machines for the Shotgun Area: this adds incentive to using the range instead of BLM land and is safer than people bring their own, people will bring hand throwers which when used improperly can easily cause accidents and hurt other shooters. Longer ranges. 150 yds for most shooter is inadequate of a range especially for sighting in hunting rifles, 200 yds is the minimum for sighting in rifles accurately for most shots encountered when hunting.	I support the idea of a shooting range but the proposed location is entirely unacceptable.
326	Eagle	ID	83616	No			No	Eagle needs a park! Not a place to shoot and it's too close to residential. Too loud. More traffic. Too many guns near schools.	A nice park. Something everyone could enjoy. This proposal will only be enjoyed by a small group of residents.	Eagle needs amenities for children. There's plenty of places to shoot. Sounds like the shooting range will be unattractive too. Put something nice looking in. Too many gas stations and storage units.
327	Eagle	ID	83616	No			No	Too close to residential homes. Should be moved further away.	Roads will need to be repaired, resurfaced. Traffic will increase.	This would be better placed further away from several homes that are all very close to the proposed site.
328	EAGLE	ID	83616	No			No	safety concerns.	Community pool	
329	Eagle	ID	83616	Yes		Open house	No	Unnecessary	City public swimming pool	Save our water
330	Eagle	ID	83616	No			No	I agree that a shooting range is needed but this proposed site is too valuable for other uses such as walking, running, biking, horseback riding, dog working.		
331	Eagle	ID	83616	No			No	I have concerns about the proximity to equestrian trails and birds of prey.		
332	Eagle	ID	83616	No			No	That area is by equestrian use and property. Also, wildlife, particularly the birds of prey, not to mention you used a photo in the slide presentation of a goat standing in the line of fire of a target for archery. We are trying to protect this area, not scare off wildlife and quiet responsible use. Too loud, hard pass.	Yes, a park for families to enjoy, we need a park that allows outdoor activities and picnics etc along side wildlife preservation.	
333	EAGLE	ID	83616	Yes		Open house	No	This Shooting Range is too close to other uses being proposed in the area (hiking, horse back riding) as well as homes that have been in the area for over 15 years. The value of the properties near this Range will decrease due to the effects of shooting noise. The area is currently desirable for hiking and horseback riding now because it is quiet, close to the city, and free from congested traffic. Why on earth would you propose a Shooting Range next to homes and hiking/horseback riding? There is already a range at the summit of Horseshoe Bend hill as well as a range outside of Emmett.	No	It's frustrating when one purchases property to live outside of Eagle, hoping that it will appreciate in value, only to have the city of Eagle propose a shooting range within 1700 feet of your home. Plus, we never received any notification from the City of Eagle that this was being proposed in the first place. The only way I got notice was through a neighbor who had heard this was being proposed and I attended an open house and then later a Eagle City Council meeting on the proposal. This proposed Range is short-sighted considering the amount of growth going on. Don't you think there will be more homes developed in the area, especially with the current trend in development around Ada County? Good grief, what are you thinking?!!
334	Eagle	ID	83616	No			No	Noise issue. Loss of use to a quiet area that we frequently use.	Need state-of-the-art brass collection system such as implemented at the new Boise police shooting range located on Kuna-Mora Road.	What is the plan for groundwater protection related to lead from bullets leaching into the groundwater. City of Boise old police shooting range has recently incurred tens of thousands of dollars related to shooting range lead remediation. This proposed location is within the groundwater flow of wells within our City.

335	EAGLE	ID	83616	Yes		Open house	No	The current use of this property for horse enthusiasts is a perfect compliment to the existing homes and lifestyles. A gun range less than 1000ft from existing homes does nothing to enhance the city or our lifestyle values. I understand that gun ranges are popular but there are plenty of places to currently shoot guns. The city should look at other recreational type projects such as community pool or in this case an official estuarine property would be embraced by all residents.	Public swimming pool, official horse riding property.	The concusions from firearms will adversely affect quality of life for humans and our pets. Traffic is not good but can be covered as it is a white noise and can be overlooked to point. I believe this should be brought before public as a vote. I believe there are substantially more animal and horse lovers than gun enthusiasts. A gun range will draw patronage from surrounding cities and will not necessarily be used by the residents and bring extra people to eagle for an "Eagle" perk. A horse property would add to what is already embraced and as it might draw extra people the dont make noise to detract from our natural peace and serenity.
336	Eagle	ID	83616	No			No	I don't think this is an appropriate use of land or funds.	If the area is dedicated to fitness and recreation, why ruin that with the noise pollution of gunshots.	My family is completely opposed to this idea. Keep the area a peaceful and safe place.
337	Eagle	ID	83616	Yes		Open house	No	I support a public range, but you are locating it less than 1,700 feet from my subdivision. This is not an appropriate location for this facility. We also have concerns with the amount of traffic on Willow Creek Rd. The road is already collapsing at the sides, has no lining, no drainage, and people tend to speed which is dangerous with all the curves and blind spots. Noise mitigation will be impossible for our area. Our pastoral way of life, not to mention our property values and salability, will be damaged due to the location of this range. We all support the idea of the range, but this location is right up against residences of Highlander Estates 1, Highlander Estates 2, and the norther part of Stillwell. Since the proposed site is going to be on Spring Valley land that they are donating, why can't you move it further east? There are 3 parcels of land that they own that are land locked due to BLM. They will never develop these 3 parcels. These are much more appropriate for a range location and you can gain entry by using Aerie Road as the access. This is a much more appropriate location. Everyone wants a range, but is it equitable to forever alter the lives and property values of the residents who abut this proposed site. I am going to schedule an appointment with Mayor Pearce to talk about this alternative location. I think it's a much more suitable area AND the equestrian community will still get to use the current lot and access. I realize this is a classic, "not in my backyard" scenario, but there are other locations you can work with to make this work for everyone, all stakeholders. If this City of Eagle is truly interested in a win/win for this facility, I ask that this alternative location be considered. It's still in the Eagle Foothills, but not right next to a residential area. I'm not quite sure why this location was chosen in the first place. Outdoor ranges should not be within a short walk of RE-10 zoning communities. Thank you.	No	
338	eagle	ID	83616	No			No	Noise. Why in the world are we turning our quiet public spaces into a loud shooting range? Noise pollution is a thing I do not want to have to listen to every weekend day as I peacefully try to enjoy my property. I don't want the deer that frequently graze my land to be shooed away because of the NOISE that shooting causes. Did anyone ever think about any veterans of our decades of war who would be traumatized by the sounds of gunfire in the hills all the time? Put shooting into an enclosed building where the noise can be contained.	The hills are for peace and QUIET. Do not put things that are making loud sounds, like a shooting range, in our QUIET nature spaces.	NOISE POLLUTION is not something we need to encourage.
339	Meridian	ID	83646	No			No	More planning to include LR/ELR range, target maintenance/replacement, target cameras, caliber restrictions, safety,	LR/ELR, 3-gun, covered clubhouse with grill, parking, membership from other towns, berms/pits/side protection, number of users at any one time (I don't use ranges due to safety concerns)	I think that the plan is too small. LR/ELR ranges, target systems/quick changing paper targets/target cameras might be considered.
340	Eagle	ID	83616	No			No	There are already ranges available for public use. If this is to be on city property it will be very difficult to insure that it doesn't conflict with other land uses and with nearby homes right to peaceful use of their property. Just recently I came across a family that had set up to shoot at the end of goose creek road where many citizens walk and kids ride bikes. This is not compatible.	Simple pedestrian (hiking/walking)uses which pay for increased trail construction would be great.	We own guns and my husband participates in shooting sports. There is no need for this to occur on city property. Sufficient resources for these sports already exist.
341	Eagle	ID	83616	No			No	Proximity to residential and general recreation areas that residents use for hiking is too close for comfort	no	no thank you
342	Eagle	ID	83616	Yes		Open house	No	A few reasons: non know upfront capital and ongoing operational and liability costs known; known planned and predicted future residential development exists or is coming to the adjacent lands and creates a major safety risk; as a taxpayer believing in limited government I do not believe that a gun range and its liabilities is a core service that taxpayers should fund; there are numerous acres of desert land to go and shoot in south Idaho, away from urban, suburban and occupied rural homes.	A full use analysis that incorporates the public process to determine the highest and best uses for donated city land	N/a
343	Eagle	ID	83616	No			No	A shooting range in a outdoor recreation area such as the eagle foothills - take away a valuable opportunity for the city of eagle to have a extensive foothills system as we do i. Downtown boise for residents to hike jog walk dogs bike crosscountry ski horseback ride etc. a group of shooting ranges focuses on one specific group of people that want this rather than the majority of the people that live and use this land. I am not anti gun by any stretch but I do believe there is a place for this recreational activity and it does not exist in valuable assets of land like the foothills. A outdoor range should exist as to not disturb people that live around the area and should not be placed on land that is better suited for outdoor enjoyment of the public for activities that anyone could enjoy regardless of income, access to a gun, or occupation. The city should be more inclined to create and support a ridge to rivers type system to allow the foothills to remain foothills for all to enjoy; with a shooting range safety is a issue as well as noise. There is a better place for these ranges. No question.	Creating and maintaining a trail system for all to enjoy.	Cons: Safely Noise Land Lack of eagle foothills system to enjoy - velodrome/ cemetery system is becoming full with growth Better less valuable land is better suited for a shooting range
344	Eagle	ID	83616	No			No	Many other available in the Treasure Valley, fire hazard to surrounding homes (of which we are one), noise		
345	Eagle	ID	83616	No			No	Area is very close to one of the few places nearby people can hike and ride horses and bike Tremendous asset to the area and community. There are places further down the road away from housing that would be better suited it it had to be.		More housing will eventually be built in the area and a gun range close by would not be anything beneficial to that situation. Hundreds frequent that area and it is a valued asset for sure.
346	Eagle	ID	83616	Yes		Open house	No	No opinion.	All possible safety, noise, and traffic issues need to be addressed.	This must not be allowed to degrade the remaining "rurality" of Eagle north of Beacon Light.
1	Meridian	ID	83646	No			Yes	there are no public shooting ranges in Eagle/north Meridian. definite need for one	no	very much needed
2	Eagle	ID	83616	No			Yes	It would benefit the community as a place to safely use firearms	Everything looks good	I personally believe the gun range will have fantastic results for the city of eagle and it's residents
3	Eagle	ID	83616	No			Yes	It would be a great benefit to Eagle's sports community.	The current plan is sufficient.	I hope Eagle adopts the current plan.
4	Eagle	ID	83616	No			Yes	It is a safe location and will be well utilized. There are only 2 local ranges and both are on opposite sides of the valley. This would be a perfect central location.	No	
5	Eagle	ID	83616	No			Yes	It is needed since we don't have one close by.	No	No
6	Boise	ID	83706	No			Yes	It is another opportunity to get youth outdoors.		
7	Meridian	ID	83642	No			Yes	Plenty of growth in area that it will be utilized	Na	Na
8	Boise	ID	83792	No			Yes	Shooting sports is a passion shared by many people in the area. Providing a safe, controlled environment for that recreation would benefit those who pursue that recreation.	No. The current plan is very thoughtful and covers the bases. I anticipate it will be very busy at the facility due to demand, so perhaps online reservations for some of the bays or other means to create a queue for use of the facility would be beneficial.	Not as of now. Thank you.
9	Hidden Springs	ID	83714	No			Yes		Extend rifle range to 200 yards, which is standard siting in range	
10	Garden City/Boise	ID	83714	No			Yes	We need professionally maintained areas to shoot located in the Eagle area. Alternative professionally maintained locations are too far away. We are then relinquished to shooting in public lands that are not regulated/maintained and the litter causes an untidy mess of our beautiful lands. Convenience encourages practice which in turn facilitates proper gun safety.	There should be an additional secured range/area, similar to the proposed law enforcement area, for civilian instructors to use for group training/safety classes. This area could also be used/rented out to civilian security teams that want to do range and tactical training.	
11	Caldwell	ID	83605	No			Yes	The public needs more pay to use shooting ranges so they are not using BLM land and leaving targets and trash		My family and I support the Eagle shooting sports range. This will bring revenue to Eagle and develop land currently not being used
12	Eagle	ID	83616	No			Yes	This is Idaho, we love shooting	No	God Bless America
13	Meridian	ID	83646	Yes		Open house	Yes	We need more safe places to shoot	None	None
14	Eagle	ID	83616	No			Yes	Shooters have to leave the area to practice their skills. This would be a safer, controlled environment than open BLM lands..	Improved infrastructure.	A local place for scouts working on merit badges in firearm safety. Consider high berms around the area. Secluded area to aid noise suppression.

15	Moscow	ID	83843	No			Yes	Despite hunting, archery and sport shooting being very popular activities in the area, there are remarkably few structured, safe options to do so. This would be a great use of the land and provide great opportunities for people of all ages to experience and improve in these activities. There also is opportunity to create competitions that would bring people to our region.	Consider parking and overflow.	I strongly support this project and would love to have this as an option when I return to visit southern Idaho to visit family, to take my nephew, sisters, and friends out to experience shooting and prepare for hunting trips.
16	Emmett	ID	83617	No			Yes	It would be a great resource! I'd love a safe range close by where my son and I can go to practice. I am a new learner, and I'd feel more comfortable in a professional, planned space.		
17	Meridian	ID	83646	No			Yes	It is much-needed in this area of Ada county and would help to mitigate trash-related issues associated with shooting on BLM land.	No	I'd like to see the static archery range open to the public from sunrise to sunset to allow people to spread out usage.
18	Meridian	ID	83646	No			Yes	For a gun friendly area there is only one public range. People need more controlled public places to shoot.		
19	Eagle	ID	83613	No			Yes	An organized local range that is maintained is a good idea for the city		
20	Nampa	ID	83687	No			Yes		The city should add trap houses at the shotgun shooting ranges because many people will shoot shotguns for trap or skeet specifically, with exact throws from the clay targets, rather than a self-brought thrower. There are only 2 places where you can shoot trap in the area, so adding a trap shooting location in Eagle would bring more people into the sport and would increase the gun clubs variety in shooters.	
21	Meridian	ID	83646	No			Yes	A local place for public and law enforcement. Also, bringing something to the city that would potentially bring money to local business.	No	
22	Meridian	ID	83646	No			Yes	This is in addition to my earlier comments. We all need training when you buy a gun. It's better for those of us that have guns and better for those of us that don't have a gun. All about safety.	I have really trained at a range for using a gun if necessary to protect myself in my home. So, I need a range that offers about 6 yards because that is about how far someone unwanted would be if they came into my house.	As I said earlier, to sight a rifle we need a range that is quite long. 500 - 1000'. So, short and long. Check for cell service for emergencies and of course be careful of noise. I do think a range is really necessary for the north end.
23	Nampa	ID	83686	No			Yes	There are not enough shooting facilities in the area	The plan looks pretty comprehensive	Would it be possible to set up a skeet range in one of the shotgun areas?
24	Nampa	ID	83687	No			Yes	The park gives people a place to be a responsible shooter and enjoy the recreation of it in a nice environment rather than just out in the sagebrush randomly.	Yes, built in trap houses with card readers to pay for your rounds and skeet houses as well. One of the fastest growing sports for kids right now is clay shooting. check out idclaytarget.com we need more facilities to get young people involved. We have several local schools like Ambrose competing in this growing sport.	Not everyone has their own thrower. Built in trap houses with voice activated throwers and card readers give people who have never done the sport before a chance to be introduced to it without having all the equipment. Also leave room for future trap houses as they will be needed do to the success.
25	Eagle	ID	83616	No			Yes	Having an outdoor range that is a controlled facility is safer than people who choose to shoot in random places out in the hills.	A handwash station for lead residue.	I really hope this project becomes a reality. A discounted annual rate would be great for the actual residents of Eagle and a family/household rate as well. My wife and I would join at an annual membership as example...
26	Eagle	ID	83616	No			Yes	learning to shoot and practicing at getting better is as American as apple pie		Only the Willow Creek Road location is supported by me and my brother
27	Eagle	ID	83616	No			Yes	developing skills with firearms is important		Only the Willow Creek Road location is supported by me
28	Boise	ID	83714	No			Yes	Preliminary plans look to complete, and well planned. The community as a whole should benefit from this facility		Will there be a range master on site?
29	BOISE	ID	83707	No			Yes	ONLY IF it doesn't interfere with the horseback riding.		I like this idea if, as mentioned, it doesn't restrict horseback riding.
30	Nampa	ID	83686	No			Yes	A safe designated place is better than free for all	No	Support more safe environments to shoot
31	Caldwell	ID	83607	No			Yes		Sporting clays	
32	Eagle	ID	83616	No			Yes	With many gun owners we need more areas for people to shoot safely. Provided opportunity to train and minimizes dangers, wildfires from people shooting on BLM, etc. Archery range is great!	Longer range rifle pit. 300-500yards	
33	Eagle	ID	83616	No			Yes			It's concerning when I hear equestrian people speaking of concern of noise. I totally understand residents in the area but not someone riding horse as there is plenty of other areas for them to ride. I personally have lost the ability to shoot anywhere where I used to live because of this very situation and typically they had more \$ and pull. There was never a compromise at all. the person who does archery and rides wants to do them both simultaneously? She was voicing concerns of noise...these are 2 separate sports and if that's a single sport to them that will definitely be a problem, it looks that there is enough distance from the actual ranges I believe but she didn't think so...so I hope shooting ranges won't be lost to create more space between the two..as space really is limited -Also the trailer parking will be a problem for parking if we are sharing a parking area- if there isn't a very specific area for trailers...I only again from dealing with this 1st hand some don't park well and take up large areas for turning around, backing up etc..just making sure all these little things are pre-determined will help avoid future problems. Also if any possible was for a few lanes to have auto throwers for skeet (or 1) for those who don't have someone who's available weekdays as myself being retired that would be great-just a suggestion I know I'd make a donation for one-house hold would. Thanks for this great shooting park and this forum to make suggestions-much appreciated
34	Eagle	ID	83616	Yes	Open house		Yes	There's is a huge need/demand as shooting enthusiasts	If there is any way to include a loner range shooting area-I know this was talked about in the open house-150 yards really isn't very far, I understand the limitations but just a suggestion	
35	Eagle	ID	83616	No			Yes	This is a huge need and desired activity that would benefit many	As was stated in this presentation to everyone — there is a big desire if at all possible too include for long range shooting~And I'm sure many (for I would donate as well as people I've spoken too) would donate for auto throwers for clay shooting, I am retired and dont have someone to go out and throw for me all the time & it would be very beneficial to many and not at a high cost. Maybe there can be both for those who have a thrower and those who don't, as skeet is very popular and a desirable activity as part of the park, also having some time limits on a range. Obviously it's a great hobby for everyone to enjoy but some may take a spot the entire day not giving others a chance to shoot, maybe based on how many are using a site -just ideas thanks & this is a great asset and looking forward to it	Not wanting to over think it, but I've been to ranges that many it's more a social thing which is great too, I take my daughter and it's very much a social thing but if people are there all day and there are limited ranges I'd say definitely having them blocks would be great. If possible a better map that can be blown up, as I could not find the area off of 16 that the mayor was speaking of that would be the fire connector through the foothills to get there. Also the archery area in within some proximity and there where a few comments from horse people with concern of the noise when using the archery area. I'm sorry but I 1st hand have dealt with many horse people and they always have issues with shooting and noise. there needs to be a pick and choose for them if it's riding your horse there is far more area to do that than for shooting so I'm sorry if they want both archery and horses there needs to be a give and take as there isn't in this area with the trailers etc... a feasible both from what I see in these plans_Trailers take up a ton of space and they always park horribly- If they want to shoot archery leave the horses home if you want to ride then ride on another day. This plans every fair and has I believe taken into account everyone and ya probably can't give everyone 100% what they want. Thanks for all your hard work and taking in all our ideas.
36	Eagle	ID	83616	No			Yes	A developed shooting range is badly needed in the northern Ada County area. Available public shooting ranges south of Boise and south of Nampa are a prohibitive distance from Star, Eagle, and north Boise.		
37	Eagle	ID	83616	No			Yes	It would be nice to have a range local. We travel to Emmett or Nampa ranges to shoot.	It would be nice if some USPSA design is considered for sanctioned matches.	No
38	Garden City	ID	83714	No			Yes	Because I'm tired of having to drive an hour to Emmet or Black's Creek	Yes, 300 and 500 long-range tactical courses; the ability to host competitions between local or regional sporting clubs like IPSC, IDPA, 3-gun, etc.	None
39	Boise	ID	83714	No			Yes	No place to shoot in Eagle or NW Boise	No	This would be so great to have a facility like this!
40	Boise	ID	83714	No			Yes	Currently there is no where to shoot in the NW Boise/Eagle area.	Restrooms, ample parking.	None
41	EAGLE	ID	83616	No			Yes	Provide a needed service to our community	no	Thank you hope to be able to use the range soon
42	Eagle	ID	83616	No			Yes	Having a place close by to practice with firearms is good.		I think the E Willow Road location is preferable.
43	Boise	ID	83709	No			Yes	Need good options for public ranges to keep from using open land.		Make sure there's good budget for range officers because other places I've seen public ranges they are often out of control.
44	Eagle	ID	83616	No			Yes	Will provide a safe place for shooting practice and learning gun safety.	A drinking fountain would be nice.	NO.
45	Star	ID	83669	No			Yes	It's highly needed and will vastly reduce the litter and danger caused by roadside and desert shooting	Perhaps a snack bar or place to get out of the weather.	Great idea! Long needed! Love the mix of archery and fun shooting options
46	Star	ID	83669	No			Yes	Hopefully shooters would use this facility instead of using the "foothills" and leaving all there trash behind		
47	Meridian	ID	83646	No			Yes	It looks like a nice design and would get a lot of use because there are a lot of local gun owners. Providing a practice range would improve gun owner experience and safety.	Meridian	
48	Star	ID	83669	No			Yes		No Not at this time.	no

49	Eagle	ID	83616	No			Yes	Great addition to the city	Not sure how in depth the restroom area will be, but running water to wash hands from lead before driving home would be ideal	Hope it happens!
50	Star	ID	83669	No			Yes	I'm an avid shooter as well as many of my friends. I feel something like this would be very popular and generate much revenue for the city.	Have not seen the current plan	A lot of the current gun related business are always looking for ranges to do qualification shooting for the CCW classes they offer. A good range would be productive for the different law enforcement agencies to do their training at.
51	Boise	ID	83714	No			Yes	I currently shoot my bow there and want to maintain access.		
52	Meridian	ID	83646	No			Yes	Significant user interest on this side of the valley, other ranges are too far for convenience	Trap & skeet	
53	Eagle	ID	83616	No			Yes	With the significant land donation, this looks like the best opportunity for a shooting sports park in the city	No. The design looks good.	
54	Boise	ID	83714	No			Yes	There are lots of people in our area who engage in shooting as sport, self-defense training, etc. Many cannot afford to pay for range time at an indoor range, or don't live close enough to one to make it practical. Having a facility like this will reduce the number of people who go out onto public land to practice shooting, with the negative consequences that often has.	Not that I can think of.	Thanks to all the Eagle officials involved in conceiving this project and seeing it to fruition!
55	Eagle	ID	83646	No			Yes	Formalized shooting area with supervision and controls is needed locally. An additional benefit is to control littering and dumping at informal shooting areas.	Provisions for times and bays to use full auto weapons.	Might review the Las Vegas, NV range for ideas and layout.
56	Eagle	ID	83616	No			Yes	It would be a terrific amenity for Eagle residents, and provide a much safer place to shoot, as contrasted to just shooting on BLM land. It's often impossible to know who might be out there past your target area or if someone will appear seemingly out of nowhere and walk, run, bicycle, or ride an atv across your line of fire. Especially if one is new to the area and isn't familiar with the BLM lands that receive a lot of public use.	Yes, a much longer rifle range would be very desirable. There is a sizable community of long range precision rifle shooters in the Treasure Valley that need long distances for their discipline- up to 1000 yards. I realize that is a big request, but 200 and 300 yard ranges would be very popular, and anything over that would be icing on the cake. Frequently 500 or 600 yards are the next jump from 300, usually 600.	I am not positive about this, but it appears the shotgun area faces south. Every well laid out shotgun range in the northern hemisphere faces north. Flying targets are difficult to see against the sun!
57	Meridian	ID	83646	No			Yes	This is a much needed resource for residents in eagle, Meridian and beyond.	No	No
58	Eagle	ID	83616	No			Yes	We need a designated firearms range so people can safely shoot at an establishment that was designed for shooting.	Eagle should consider a longer rifle range. Out to 700 yards approximately. I would also recommend some sort of training membership with certified instructors. (Such as Front Sight Firearms Training Institute)	Maybe a womens club. I am really looking forward to our new facility. We can't wait to help it grow.
59	Eagle	ID	83616	No			Yes	Have always enjoyed all.	Do not know.	
60	Boise	ID	83703	No			Yes	There's no quality range close on this side of town.	There will probably be anti gun people protesting this plan, so maybe tell them there will be a range, far from all the other ranges, just for them to practice throwing their illogical rhetorical at each other. That probably won't work but just a thought.	
61	Boise	ID	83702	No			Yes	It is an incredibly valuable addition to law enforcement and to enhance the viability and livability of Eagle	A classroom	Thank you for exploring the opportunities this facility affords the citizens of Tv.
62	Eagle	ID	83616	No			Yes	Citizen Interest and sports use , plus benefit to law enforcement , bringing the side effect of responsible presence, and security .	Recycle stations for brass and consumables, Bulletins board for Idaho Fish an Game as well as local shooting group/events	Great Idea and look forward to a successful execution of a sound plan of action.
63	Boise	ID	83712	No			Yes	Shooters want an outdoor ranger closer to town	A longer rifle range if possible. A tactical pistol range if possible	Thanks for putting this plan together. Idaho is a strong 2AA state and can use more ranges.
64	Meridian	ID	83646	No			Yes	good to have designated and safe area for firearms learning and use		This is the kind of facility that makes Idaho great.
65	MIDDLETON	ID	83644	No			Yes	My son and I live in Meridian and Middleton respectfully and like the placement of the range in Eagle. We both love target shooting with pistols and rifles.	Is there drinking water available?	
66	Nampa	ID	83686	No			Yes	It would save time driving so far to use a range		
67	Eagle	ID	83616-3353	No			Yes	Encourage people to use this, and discourage people from using BLM. The shooting on BLM is not safe	Eagle	Great idea. I love it.
68	Meridian	ID	83646	No			Yes			Please do it
69	Eagle	ID	83616	No			Yes	They is a large interest in a range here... I know many who are driving all over the valley spending money to shoot.... those dollars could be better used right here at home	Wasn't sure I saw a meeting room, but many classes could be given at the range... NRA, concealed training, safety training , youth shooting programs, etc	
70	Eagle	ID	83616	No			Yes	It would be popular and beneficial locally.	I cant think of anything now.	
71	Meridian	ID	83646	No			Yes	The area needs an outdoor, inexpensive option for shooting and archery.	Sporting Clays range; a covered shelter area for those not shooting or waiting for an open bay	If Law Enforcement section is going to be used only periodically, it would be nice to open the lanes to the general public when not being used by LE.
72	Meridian	ID	83646	No			Yes	Instead of going to BLM land and shooting willy nilly, this facility would give law-abiding citizens and excellent and safe place to shoot.	N opinion	
73	Boise	ID	83704	No			Yes	This is a great way to provide access for safe shooting practice relatively close to the populated areas of Boise/Meridian/Eagle, etc. Not everyone has the time and money to drive to the ranges out in Parma, Blacks Creek, and Mountain Home. This would be a fantastic resource for those of us who want to support teaching our children to handle firearms safely and appropriately and continue the hunting and outdoor lifestyle we Idahoans enjoy!	3 gun range.	
74	Nampa	ID	83686	No			Yes	Having another public range on this end of the valley would be great!	Annual passes?	
75	Eagle	ID	83616	No			Yes	We have a family of 5, including 3 adult sons, all avid shooters. Currently we shoot in various BLM areas and would like a safer more structured outdoor shooting venue. My husband and I own horses and currently use the Eagle foothill area to ride. We think if properly done, both shooting and horseback riding could use the area.	If you use the current parking area that is used for hikers and riders, I think that area could be separated so both groups could use it with some type of divider.	When we ride in the foothills we often hear people shooting in an area just south of the parking lot. The sound is far enough away that most horses are not spooked by the sound. I think this is a great concept and would be a great addition to the Eagle community!
76	Boise	ID	83709	No			Yes			
77	Meridian	ID	83646	No			Yes	There's not enough facilities like the proposed here in the valley. You should rethink the rifle range, 150 yard is not near long enough.	As mentioned above. You should have a rifle range with up to 1,000 yards. There's a lot of interest in long-range shooting and a lack of places to do it, and a long range course would create greater interest.	No
78	EAGLE	ID	83616	No			Yes	A SAFE AND SANE RANGE FOR THE PUBLIC IS A GREAT IDEA!		IT LOOKS AS THOUGH MOST ITEMS ARE COVERED. THE ONLY THING MISSING IS A RIFLE TARGET RANGE UP TO 400 YARDS.
79	MERIDIAN	ID	83646-5297	No			Yes	Would be a great outdoor activity!	MERIDIAN	
80	Eagle	ID	83616	No			Yes	It will be great to have a range closer to Eagle! Many Eagle residents shoot and need a place to go.	A very fun feature for shooters of any level is spinning or reactive steel targets that remain on site. They can be set at different distances. It will reduce paper target waste/trash.	Excited to see it created soon. Hopefully we can make it happen and keep homeowners nearby reasonably happy.
81	Eagle	ID	83616	No			Yes	The Range is needed and convenient. A safe and secure Range is welcomed vs. going out into the woods or desert to practice and enjoy these shooting sports.	It is a great start, leave plenty of room to expand in the future as various enhancement ideas develop. Available, upon request, on-site training from beginner on, for both Archery and Shooting Sports, would be good for all and for safety.	This a great addition to the area. Let's make sure it's family friendly and a safe, yet enjoyable place for all. We look forward to this new addition to the Eagle area. Let us know how we can help.
82	Boise	ID	83709	No			Yes	Designated area for shooting would help keep people from trespassing on private land to shoot. As more people migrate to the area, less open land is available. Practice shooters find less area to shoot and often end up shooting near new developments.	Just make sure adequate parking is available, plenty of drinking water, shaded rest areas, and provisions for clean up and trash disposal.	Great addition to the valley.
83	Eagle	ID	83616	No			Yes	Sounds awesome	1000 yrd range	
84	83616-6740	ID	83616	No		User group	Yes			
85	Boise	ID	83713	No			Yes			
86	Meridian	ID	83642	No			Yes			
87	boise	ID	83714	No			Yes	I think it is a great addition to our valley, with a lot of avid shooters residing here. Needs to be a longer rifle range though, longer distance shooting necessary for hunting.	longer rifle range, possibly out to 300 or 500 yards	
88	Star	ID	83669	No			Yes	The park will help promote shooting and archery sports. It will also give people a public location to practice in the north Treasure Valley area which is currently lacking.	Picnic tables to take a break and gather/socialize. Please include a handwashing station. It would also be nice to have a longer distance rifle range (200+ yds) and both paper and steel targets for the various pistol/rifle ranges.	Thank you for considering this public shooting range.
89	Meridian	ID	83642	No			Yes	I think it is prudent so both experienced and novices can have a safe place to shoot	None at this time	None
90	Meridian	ID	83646	No			Yes	Because of limited ability to shoot both fire arms and archery locally I believe it is a great idea. The location is also great! I'm an avid sportsman and I support the proposal whole heartedly!	First aid stations as well as cellular coverage is almost nonexistent.	
91	Boise ID 83716	ID	83716	No			Yes	SEVERAL POSITIVE VARIABLES - LAND MANAGEMENT AND ABILITY FOR YOUNG AND OLD TO ENHANCE SKILLS AND INCREASE COMMUNITY SAFETY	BESIDES PARK RANGER - COULD THERE BE MONTHLY OPPORTUNITY FOR INSTRUCTIONERS FOR NEW OR YOUTH SHOOTERS	ASSUMING YOU WILL ALLOW OTHER COMMUNITIES TO PARTICIPATE FOR PAID ANNUAL SUBSCRIPTIONS - NOT JUST EAGLE RESIDENTS - PLEASE LET US KNOW
92	Eagle	ID	83616	No			Yes	There is nothing in the area like this and would be a great addition to the activities close to Eagle	No	I am very supportive of keeping open space that is used for outdoor activities!
93	Boise	ID	83714	No			Yes	1. Simple economics. The demand is there, and supply should follow. 2. This will be a revenue source for the city of eagle, as well as an attraction. 3. Responsible gun owners = responsible and safe communities.	Not sure	Please make this happen for the City of Eagle and all who want this to become reality.

94	eagle	ID	83616	No			Yes	safely issues with mixed uses north of eagle, bikers, runners and shooter using the same area. This would create a controlled safe environment.	No.	Thank you for asking for feedback, the design looks great!
95	Meridian	ID	83646	No			Yes	Yeah!!! So needed! Any practice is good for everyone even those who don't have a gun	Just make sure the rifle range is very long!	Want to thank everyone for their foresight!! Very important!
96	Boise	ID	83714	Yes		User group	Yes	Great amenity and use of space	A 500m shooting distance would be great if there is room.	
97	Meridian	ID	83646	No			Yes	Safe, controlled shooting sites promote firearm safety, encourage firearm training and provide a facility for area residents to enjoy an outdoor sport.	All shooting bays should be covered to shade shooters from sun.	No
98	Meridian	ID	83646	No			Yes	In my opinion, this will benefit a large population of citizens that exercise their 2nd amendment rights and allow them to better their skills. I belong to a gun club in Emmett but would frequent this facility due to its proximity to my residence.	Ensure there is a maintenance crew that will pick up spent shells. Do not rely on the patrons to pick up their own as that will not happen. The facility in Nampo is an example of what not to do.	Thank you for the project!
99	Eagle	ID	83616	No			Yes	Currently driving to Blacks Creek or Emmit	no	What do you expect membership fees to be - annual or single use fee?
100	Garden City	ID	83703	No			Yes	So have a safe place to practice		Some need less than 100 yards to shoot. Buttes at different distances. Someone needs monitor when people shoot and when retrieve arrows unless shooting is far enough away from others. Place to hang bows when go to fetch arrows. Need area out of sun to stand at times.
101	Eagle	ID	83616	No			Yes	Great for the community, rather going to Kuna.	Free classes to public on gun safety and cwl classes.	Let's make this happen!
102	MERIDIAN	ID	83646	No			Yes	Having this facility closer to the Eagle / Meridian area will be a great benefit that will save many of us a lot of time with having to drive much further to enjoy these activities	Some further development on the shotgun facility would be nice - at least consider power for future traps or high and low houses for skeet?	Thank you for the consideration - it's great to see!
103	Eagle	ID	83616	No			Yes		No	no
104	Boise	ID	83703	No		User group	Yes			
105	Boise	ID	83713	No			Yes	Great location for safe learning and practice in a local area	Small store to sell supplies and increase income?	
106	Boise	ID	83714	No			Yes			
107	Meridian	ID	83646	No			Yes	Great recreational asset to community and for law enforcement training.		The valley could use more shooting ranges. This would be used a lot and really popular
108	Nampa	ID	83687	No			Yes			
109	Meridian	ID	83646-4193	No			Yes	The Treasure Valley is in need of a "close" outdoor public shooting range.	I could not tell for certain on the plan slides, but shade structures and shooting benches are nice to have. It is also nice to have enough space to have a table behind the shooters position when gear can be placed, and others could sit.	Thank you so much for considering this needed project.
110	Eagle	ID	83616	No			Yes	Enhances and adds to public facilities and addresses a shortage of shooting facilities in the Treasure Valley.	None	
111	Eagle	ID	83616	No			Yes	It should be closed by 10 pm just like in accordance with the noise ordinance. Not that shooting goes on all night during the summer when it's still light out.	Are there gates so the facility can be closed at night?	How will the city control the liability for this range and gun safety? Will there be insurance on this range--similar to if a community has a pool for all use?
112	Star	ID	83669	No			Yes	Great safety and supporting family activities. Also having law enforcement around would allow community interaction/safety encouragement. Great sport too. Easy access.	Small water/equipment (ammo, target) sales location maybe.	Love the plan!!!
113	Star	ID	83669	No			Yes		1. Area for food trucks 2. 1000 yard rifle range	
114	Eagle	ID	83616	No			Yes	I think it would be a great addition for Eagle and in a safe controlled location	Not sure at this time	No
115	Boise	ID	83703	No			Yes	Yes, this fills a great need for safe outdoor shooting space for enthusiasts in the Eagle area	A range that is longer than 150 yards.	Thank you for doing this!
116	Avimor	ID	83714	No			Yes	A public range is safer than just setting up a target in the woods, not to mention better for the environment.		
117	Eagle	ID	83616	No			Yes	I highly value this and would use this public park often with my family and kids.	Bathrooms, overhead structures at gun range for shade during hot summer, water fountain to drink.	I hope this is approved, as a taxpayer I am happy to fund this project.
118	Eagle	ID	83616	No			Yes	Easy access to safe firearm training is needed in Eagle. The city could and should use this area to promote safe firearm use for our youth and safe hunting practices. Access to safe firearm training is and will become more limited as land gets more expensive. Rock Creek range closed last year and Black Dogs Clays landowner will soon sell to developers. This range is needed so people can practice more to increase safety when they are hunting and around guns in general. Thank you for considering this great proposal for our community.	A classroom area for hunters education. Even if it's just a few benches or tables outside.	This is a wonderful idea and would be much appreciated by the women, men and youth in this area. The additional benefit of well trained law enforcement makes this proposal an obvious benefit to our community. Please vote to accept this plan.
119	Meridian	ID	83646	No			Yes	Safe shooting practices are a good thing for our community to promote. While my mailing address is Meridian, I do live in Eagle legally and my taxes go to Eagle. I live close to the proposed site and it would be super to have a great practice range so close.	none that I can see based on slides	None
120	eagle	ID	83616	No			Yes	Right now its the wild wild west in the foothills N of Eagle. People are shooting up there anyway, but its not always safe and definitely not controlled. Been there numerous times and it always makes me nervous.	200 yard rifle range!!!!!!!!!!!!!!!!!!!!!!!!!!!!!! I don't know who decided on the 150 but every serious shooter I know needs a 200 yard target or longer. The Blacks Creek even has 500 meter targets which is a big draw, lots of fun, challenging and I think would bring you more users and therefore a quicker return on investment.	Was so excited to hear this and I know a lot of people who would use it. A controlled environment is so much better for our public safety.
121	Boise	ID	83713	No			Yes	Provides a safe space for controlled and supervised shooting.		
122	Boise	ID	83704	No			Yes			
123	eagle	ID	83616	No			Yes	closest alternative range is out in Kuna (Blacks Creek0	Restrooms	
124	Boise	ID	83714	Yes		User group	Yes		A gun range that allows suppressed guns.	
125	Eagle	ID	83616	No			Yes		I think you've done a fine job in planning	No
126	Eagle	ID	83616	Yes		Open house	Yes	As a shooting enthusiast, I know how important it is to shoot regularly to ensure the safety of the shutter and those around him or her. This facility will allow more people to become good and responsible gun owners simply due to its proximity. Most if us currently have to drive 45 min to an hour to go shoot a a facility.	Eagle - not that I can think of.	Please let me know if I can be of help, I can be reached at 714-743-8819.
127	Eagle	ID	83616	Yes		Open house	Yes	I am a retired Policeman, former military, and just about to graduate from EMT school, and I believe this would be a wise and healthy activity made available to the public. Otherwise they would go shoot in out in the fields in a non-controlled, possibly unsafe manner. Thank you so much for putting this together.	Eagle	If you need a range master or chief range master, please feel free to contact me
128	Caldwell	ID	83607	No			Yes	A good mix.	Restrooms, water?	Although I don't live in Eagle, I have close relatives that do and we all enjoy shooting. We would definitely use it.
129	Eagle	ID	83616	No			Yes	This would be a huge benefit for our community.		
130	Eagle	ID	83616	Yes		Open house	Yes			
131	Eagle	ID	83616	No			Yes	I think this is a great idea and support the process of developing a dedicated area for safe shooting, etc.	During the preliminary part of this nothing sticks out. I think the main issue is having the infrastructure (roads, etc.) in place to support this project in such a way that it limits the impact on the other folks currently utilizing the area.	Like previously stated, I genuinely support the spirit of this project. I also share the concerns that the immediate/surrounding residents have regarding maintaining the rural feel/vibe of the area. I regularly drive through that area and enjoy the remote atmosphere. I will be interested in seeing what the impact studies show regarding noise, etc.
132	Eagle	ID	83616	No			Yes	To provide a safe, clean, controlled place for Eagle residents to practice their shooting skills.	Enough parking for current users of the area: dog walkers, hikers, runners, equestrians	There are fewer and fewer places for people to ride horses in Eagle. This area has been a crown jewel because of it's vastness and easy access. We need to preserve it's multiple use characteristics as well as not let it become over used.
133	Eagle	ID	83616	Yes		Open house	Yes	I am an avid hunter and shooting sports enthusiast. I believe having a venue where community members can safely and responsibly enjoy their sport.	More long range rifle pits (out to 600 yards). Permanently installed skeet and trap facilities	I appreciate your efforts and do diligence to get this project underway!
134	Kuna	ID	83634	Yes		User group	Yes	It appears to have sound and safety measures in place.	There needs to be equestrian parking. Keeping in mind the amount of room a truck and trailer needs	
135	Eagle	ID	83616	No			Yes	A range that is close by preferred than finding BLM land that possibly might be close to resident property. It will also ensure the public become proficient with their weapon of choice.	I saw that there were shelters, but I didn't see any tables to shoot from or keep your gear on. Usually they are concrete tables and chairs because they are easy to maintain and they don't corrode so easily.	
136	Eagle	ID	83616	Yes		Open house	Yes	A range would contribute to public safety by giving gun owners a safe place to practice.		

137	Eagle	ID	83616	No			Yes	Practice/target shooting is important for skill development and is generally allowed on BLM land. Most BLM shooting participants respect this privilege, but there are some who leave trash and/or use questionable safety practices. The proposed complex allows for shooting practice on BLM land to continue, but helps to concentrate these activities in an area that can be well-managed. Wild-land fires are a potential issue with unsafe BLM lands shooting and the proposed facility would reduce this risk to near-zero.	1) Please strongly consider including longer-range target zone areas (or at least include this as part of the final site selection for future expansion). Including the potential for 200/300/600 yrd target areas would allow for hosting of formal CMP-style competitions. This would create a unique opportunity in the N. Treasure Valley area and could be managed as a revenue generating activity.	I've watched the increased use of bicycles and ATV's over the past ~2 decades tear-up existing wild-land areas. Please include very clear written regulations that severely limit ANY wheeled activities to use of existing/approved trails.
138	Eagle	ID	83616	No			Yes	A pistol rifle range is really needed. The closest is in Emmett. Which is a private business.	No	No
139	Eagle	ID	83616	Yes		Open house	Yes	It may help move shooters to a safer location and take some of the load off of the BLM land nearby	Yes, the range needs to go out past 150 yards. With the box canyon steel targets should be able to be set out to 600, 700 yards, etc. Otherwise its not really a modern range for high powered rifle shooting.	People need to remember that Eagle residents not that long ago used to shoot pheasant and hunt just West of downtown. Lets not turn Eagle into some congested bedroom community and take away its identity. With a range its at least saying that progress won't take away shooting from Eagle its just trying to make it safer for residents by providing a range.
140	Eagle	ID	83616	No			Yes			
141	Eagle	ID	83616	No			Yes			
142	Eagle	ID	83616	No			Yes			
143	Eagle	ID	83616-4180	No			Yes	Would like to use the archery range.		
144	Eagle	ID	83616	No			Yes			
145	Eagle	ID	83616-7508	No			Yes	Support our 2nd amendment rights here in Eagle.		
146	Eagle	ID	83616	Yes	User group	Open house	Yes	As a lifelong firearms enthusiast with hours of training, any type of infrastructure that can help people learn how to responsibly own firearms is welcome. The state is heading in the wrong direction by allowing people to carry without any training. Also, we've seen dangerous shooting in the foothills along with the trash left over.	Assume there will be structured gun training classes and/or supervised management associated with this facility.	Eagle has touted itself as horse country. The facility property is currently used as an equestrian recreation area. Mayor kind of brushed under the rug the question from a concerned resident about where they will go now to ride and how the noise will affect the animals and riders. If I lived here for that reason, I would surely be upset with these plans.
147	Eagle	ID	83616-6199	Yes		Open house	Yes			
148	Eagle	ID	83616	No			Yes	This facility is needed in Eagle.		
149	Eagle	ID	83616	No			Yes	Additional facilities are needed.	No	Nope
150	EAGLE	ID	83616	No			Yes			
151	Eagle	ID	83616	No			Yes	Public ranges are key to encouraging Gun safety. Also law enforcement require regular training and practice.	Clubhouse-type building, pavilion with picnic benches for breaks in shade	Great idea!
152	Eagle	ID	83616	Yes		Open house	Yes	The City of Eagle needs a facility like this for those who enjoy this type of recreational activity. There are may other recreational activities that the city provides other groups and this will allow those who like to shoot an opportunity to do it safely and in close proximity to the city. It will also bring in needed revenue to cover costs and outside intetests to rent the facility for tourism to our area benefiting our local businesses.		
153	Eagle	ID	83616-6798	No			Yes	give close access to the sport	wheel chair accessibility so this activity can be enjoyed by everyone, not limited to able bodies	accessibility is very important, this part of the community needs to have the same opportunity to enjoy the outdoor recreation
154	EAGLE	ID	83616	No			Yes	For a long time residents of Eagle have had to go to either an indoor range, Black's creek, or all they way down to the desert south of Kuna. Having to travel so far discourages people from Training as often as they should with their firearms. I believe that having an open shooting park closer to Eagle will encourage safer and more consistent firearm traing for the people of Eagle, as well as improving the safety of the riding trails in the desert south of Kuna.		I fully believe this is a good idea and encourage its continuation. Thank you for your time.
155	Eagle	ID	83616	No			Yes			
156	Eagle	ID	83616	Yes		Open house	Yes	We need it.	Maybe.	No
157	Eagle	ID	83616	No			Yes	Nice to have safe place to shoot without traveling some distance	No	No
158	Eagle	ID	83616	No			Yes	Because I would use it regularly and it's probably safer than just finding open spot on BLM land		
159	Eagle	ID	83616	No			Yes	To do any shooting practice I have to travel across town or out to the desert. The closest indoor range is very expensive	I'm good with what we have	no
160	Garden City	ID	83714	No			Yes			
161	Eagle	ID	83616	No			Yes			
162	Eagle	ID	83616	No			Yes	A much needed controlled range activities for users. Please go forward.		
163	Eagle	ID	83616	No			Yes	It would be great to support a place that has controls in place and encourages people to shoot safel		
164	Boise	ID	83706	Yes	User group	Open house	Yes	It is a better place for my training	50m and more lanes	
165	Boise	ID	83706	Yes	User group		Yes		Yes. I do think there needs to be space planned for an eventual indoors range. It would be great to see 50ft live fire and 10 meter air range building for comfortable indoor year round shooting	Nichoel is such an amazing presenter.
166	Eagle	ID	83616	No			Yes			
167	Eagle	ID	83616	Yes		Open house	Yes	A controlled facility with the proper amenities could provide a safer shooting environment in controlled conditions, negating trash and damage to public lands	I do not see how this accommodates the existing trail access to the area that have been available for generations to equestrian users, casual hikers, and trail runners. What plans are in place to continue to allow this access for future generations once the facility is complete?	see above
168	Eagle	ID	83616	No			Yes	The City of Eagle needs more amenities for Eagle citizens. I am a gun owner and a member of Code 3 into 1 and totally support this plan.	Start with the plan and possibly develop additions as we move ahead with this	This is a great idea
169	Meridian	ID	83642	No			Yes	Great location choice, would be wonderful to have a controlled and monitored facility for shooting.	A covered space with tables for cleaning guns would be nice.	This is a really good idea.
170	Eagle	ID	83616	Yes	User group		Yes	This will benefit the entire community	It would be very good if you are too get the wireless carrier to put a cell tower in. I don't know if there is cell service in the area but it really is going to be necessary. Wireless Lamborghini's are there amenities facilities that shouldn't City should consider that are not on the current plan no. There should be enough bathroom facilities to accommodate at least two people at one time preferably three. If possible additional rifle or pistol positions would be very beneficial. The entire facility should be no smoking. I like long range shooting and if we could have 500 or 750 yd Target that would be excellent.	We strongly support the ring it would be a great addition to Eagle and hopefully the city council will approve it and it can be developed as soon as possible.
171	Boise	ID	83714	No			Yes	Shooting sports are extremely popular today. Having a park in Eagle would add a convenient, location within the Boise area to have a safe place to train, and teach the future gun owners of the treasure valley.	A really nice skate park would be amazing.	
172	BOISE	ID	83714-9629	No			Yes		Will there be water access? Like a potable drinking fountain	I think this will be an awesome addition to the area
173	Star	ID	83669	No			Yes	Beyond BLM land the closest ranges are in Emmett or Nampa and are membership driven.	Allowing steel or shooting into the berm would attract the local. competitive shooting groups and give more use and revenue.	
174	Boise	ID	83714	No			Yes	Travel time to any existing range is approx 1 hour.	No law enforcement area. I already pay taxes for such things	Na
175	Eagle	ID	83616	No			Yes			
176	Eagle	ID	83616	No			Yes	Having facilities like this gives people a place to go rather than the BLM, or unknowingly shooting on private property.	I cannot think of any.	The only concern I have it the additional traffic that this will bring to Eagle Rd through town. But overall I support the complex.
177	Eagle	ID	83616-4088	Yes		Open house	Yes	I will not have to travel south of the airport to the Black Creek Range. I like it because its close to my house.	Just so its created to have it in a safe contained area.	none
178	Meridian	ID	83646	No			Yes	The availability of safe dedicated ranges are limited in the valley. There is great opportunity for shooters of all types to participate if a facility was more local to the city and open to the public on a regular schedule.	I'm a coach on a Youth Shotgun shooting team. We would love to have a facility with trap, skeet, and sporting clays all available if asking for the moon. At a minimum skeet fields are in short supply in the state or a facility with enough ranges to support tournaments. Boise Gun Club has several but is one of a few in the state with more than 1 field.	The organizers should look at the Clark County Shooting Complex in Las Vegas to get ideas of what a facility could be. Multiple dislines at this facility are supported. It would be great for the public to have access to a safe, secure, organized facility. Being a coach on the Boise Buckshots we would certainly utilize the facility and it's a great way to support our youth to continue shooting sports into the future.
179	Boise	ID	83714	Yes	User group		Yes	This range will promote the safe use of firearms in this area, cutting back on shooting on local public lands.	No - the plan is comprehensive.	The public benefit outweighs potential negative impacts.

180	Boise	ID	83714	No			Yes	We need a range closer to eagle or the northern part of the TV	Boise Trap and skeet would be a great addition and an additional place for the Boise Buckshot team to practice.	
181	Eagle	ID	83616	No			Yes	Would love to have a formal shooting range on this side of the valley.	If you are going to have an on-site range safety officer, you might consider selling ammo and targets to subsidize the cost of the range and keep costs down.	I wish I could have attended this meeting. How can I hear about these in the future? I just found out about the survey on a Facebook post.
182	Eagle	ID	83616	No		User group	Yes	Gun safety is important. A lot of safety is taught at gun ranges. Independence shooting range is much further away. I would love the convince of having a range to practice/learn/teach closer to me.	No idea	Ranges that are run safely and properly are tremendous for harm reduction in that they can teach kids that will very likely have early access to guns how to interact with them safely. The kids I knew growing up that would play with guns were the ones that were restricted from them and everything they learned about them came from movies and that stuff is sensationalized to a degree that is unsafe to try to replicate.
183	BOISE	ID	83713-1447	No			Yes			
184	Meridian	ID	83642	No			Yes		Regulation trap and skeet fields	
185	Eagle	ID	83616	No			Yes	Son shoots with Boise Buckshots trap skeet sporting clays. So do 6 additional city of Eagle residents. Be nice to shoot closer to home. Need to add more shotgun areas. Sport is very popular.	Sporting clays area. Trap and skeet as well as 5 stand. Visit the Clark County site in Las Vegas. Nicest place in the country.	
186	Eagle	ID	83616	No			Yes	Local facility needed to allow law enforcement and public to maintain and improve proficiency	Parking lots, potable water, lighting for parking areas firing lines, and target areas.	I strongly support this project.
187	Boise	ID	83714	No			Yes	We need regulation skeet and trap fields as well. If we are going to do it do it right. Also, gun ranges allow a safe place for kids and adults to use fire arms.	Trap and skeet field. Auto throwers.	
188	Eagle	ID	83616	Yes		Open house	Yes	I think there is a huge need for this type of controlled area	Skeet, trap and sporting clays with auto throwers	I fully support putting a facility together to help the community accommodate a controlled safe environment for these types of activities.
189	Eagle	ID	83616	No			Yes	A safe place to learn, teach, and enjoy one of Idaho's most prized recreation it's land and hunting safety. To keep other small pockets of land safe for others to enjoy - walking, dogs, horses, etc as the shooters will have a designated area to recreate. This benefits all, shooters, archers, and individuals that want to enjoy surrounding public lands.	Tree cell tower. If power is available, maybe vending machine for snacks, water, etc. Large trash and recycle receptacles. Fire/safety container with extinguishers, small woodland tools, first aid boxes, etc at each lane/sight.	What a great and welcome idea for the city and surrounding residents!!! The Idaho fish and game currently has a nice 3-D range, will Eagle incorporate the same target type - Rhineharts? As they should require less maintenance over time as they have replaceable inserts. Me, and many of my fellow hunting enthusiasts are really excited to see a combination range for archers and shooters. With increased wolf presence the past 15 years, I now carry at least one pistol every day I am in the field during archery, prior to that I never carried while archery hunting. Having a place to practice safely with both weapons is paramount to hunters now. Just two years ago I went into the Eagle foothills to shoot both archery and pistol. As we were leaving the area, someone was shooting just below us in the draw and the way the land was layered out, they were shooting directly onto where we were at between our firing point and our targets Not safe! I understand some are not happy about the noise or the roads, but with some mitigation a designated safe area is better for all! If the city has spoke to gun clubs, have they spoke to the archery clubs?? Treasure Valley Bowhunters does an archery shoot every year in this area, their members and/or club leadership may also be willing to assist or provide additional input/advice??. Thank you City of Eagle and our Mayor - something I feel will have a very strong support from residents and our neighbors!
190	Eagle	ID	83616	No			Yes	There is a lack of shooting facilities in the northern Treasure Valley area. Shooting on BLM land is unsafe, and a regulated range is greatly needed.	I realize size is a limiting factor, but it would be great to have ranges built specifically for competition shooting (IDPA, USPSA, Cowboy Action, Steel Challenge, etc). If an insufficient number of lanes/areas are built, many people will continue to shoot on BLM land.	Having a shooting sports complex at this location is a great idea. The only caveat is that it needs to be much larger than what is planned. Great idea, but it looks like it will be implemented in too small of a space.
191	Eagle	ID	83616	No			Yes	This would be a wonderful addition to the amenities available to the residents of Eagle and surrounding communities. The shooting sports are very popular and with many new gun owners having a facility to practice and train is valuable. Also, this would be a great place for parents to teach firearm safety to their children. This is a win-win opportunity for the City of Eagle.	Not sure	Please go forward with this much needed project.
192	Boise	ID	83714	No			Yes			
193	Eagle	ID	83616	No			Yes			
194	Eagle	ID	83616	No			Yes	It would give a place for shooters to practice in a managed and safe place.		
195	Eagle	ID	83616-6147	No			Yes	We need a safe place for people in the area to shoot.	Expand the range so that competition disciplines could use the range. For instance, organizations like IDPA, USPSA, SASS (cowboy action shooting), etc. Volunteers from these organizations often provide upkeep of ranges.	Make the range larger to accommodate more shooters. Look at the Nampa Rod & Gun Club and model the size and facilities after that. We have so many shooters in the area that the range (as proposed) will quickly become full. Nampa has a wait list to join that is now over a year long. The range needs to be built with future needs in mind.
196	Eagle	ID	83616	No			Yes	Structured range is better than having people go out to shoot wherever	no	
197	Eagle	ID	83616	Yes		Open house	Yes	We need a shooting/achery range closer to the Eagle area.	I assume there will be targets and target stands available at the range and ability to set the targets at multiple distances.	
198	Eagle	ID	83616	No			Yes	Good use of the property and promotes gun safety		
199	Eagle	ID	83616	No			Yes	great addition to wonderful city. Including Archery is a bonus	Eagle	
200	Eagle	ID	83616	No			Yes	Need a local place to shoot		
201	Eagle	ID	83616-5455	No			Yes	Not enough places to shoot near by		
202	Eagle	ID	83616	No			Yes	We need more places to shoot weapons, and not more homegrown ranging on public lands, that are not controlled	Recreation Center (similar to West Y, or Nampa rec) for all ages.	
203	Eagle	ID	83616	No			Yes	Excellent proximity for an outdoor range in what is a very active responsible gun owner community. It would be constantly in use and has many benefits to giving gun owners a local venue to train		Do it!
204	Eagle	ID	83616	No			Yes	We need more places to use fire arms in a safe and controlled environment.		
205	Eagle	ID	83616	No			Yes			
206	Eagle	ID	83616	No			Yes			
207	Eagle	ID	83616	Yes		Open house	Yes	I think a shooting range will be a great addition to the community. It looks like this would be a state of the art range. I am very impressed with your hard work.	To me, it appears you have done your homework and thought of everything.	Let's build it. Would there be a possibility of being a founding member through some kind of donation?
208	Eagle	ID	83616	No			Yes	Community would benefit from this facility.	Voice controlled clay shooting	
209	Eagle	ID	83714	No			Yes	This area needs these types of opportunities.	No	
210	Eagle	ID	83616	No			Yes	I live across from the BLM land people shoot on now off of Hartley. It is extremely unsafe up there on the hill. You can't walk or hike up there for fear of getting shot. It's also risky walking in the valley and in the BLM land across the valley. I've seen them shooting across the valley.	Don't know	Shooting areas must be contained, especially with the development coming in.
211	Eagle	ID	83616	Yes		Open house	Yes	We need a safe we'll designed and managed place to shoot. Better than BLM.	Active multi-target move through tactical shooting range	Thank you, City of Eagle, for doing this!
212	Eagle	ID	83616	No			Yes	Because safe places to shoot are limited, especially one where you don't have to drive and hour or more. It will help reduce apparent land use conflicts and hopefully keep litter off of other BLM land.	It would be nice if the Sport Shooting Complex could offer a longer rifle range (500 yards) and in a perfect world a clubhouse of sorts where Hunter Education courses could be held.	
213	Eagle	ID	83616	No			Yes			
214	Meridian	ID	83646	No			Yes	This aligns with our communities values and activities, I fully support the park	An advance community course hosted by the police department. Scenarios	Thank you for your commitment to the community and Idaho lifestyles
215	Eagle	ID	83616	Yes		Open house	Yes	I don't want house up there and this will keep them away!!!!	No, your current plan is fine.	No.
216	Eagle	ID	83616	No			Yes	Need for control	No	
217	Eagle	ID	83616	Yes		Open house	Yes	Would satisfy a local need with a covenient and safe facility	Food? Maybe rent out a concession? Or coordinate with food trucks?	Mayor confirmed priority for Eagle residents; hopefully discounted fee for veterans and seniors?
218	eagle	ID	83616	No			Yes	Better than driving to meridian or Kuna. I would rather support locally		
219	Eagle	ID	83616	No			Yes	Eagle needs this, lots of gun owners. Keep my money in Eagle as to going to ranges in Kuna and meridian		Gun rages provide education in a safe and controlled environment, Eagle needs this
220	Eagle	ID	83616	No			Yes			
221	Boise	ID	83714	No			Yes			
222	Eagle	ID	83616	No			Yes			

223	Eagle	ID	83616	No			Yes	I currently go to Independence Indoor Shooting and also belong to Gem County Rod & Gun Club. This would be closer than both of those and much nicer than GCRGC.		
224	Star	ID	83669	No			Yes	a public range will improve gun safety		
225	Eagle	ID	83616	No			Yes	Because I want to get my gun lisencc one day and go!	Not that I can think of! I love our city!	Nope!
226	Meridian	ID	83646	No			Yes	Needed resource in Ada County		
227	Eagle	ID	83616	No			Yes	A shooting range will help prevent littering in BLM land		
228	Eagle	ID	83616	No			Yes			
229	Eagle	ID	83616	Yes		Open house	Yes	It is well thought out and needed.	No	Please break ground quickly. This will be much closer than the Gem County facility that I go to now. Thank you!!!
230	Eagle	ID	83616	Yes		Open house	Yes	Nice to have a safe place to go that's close to our home. Also may help alleviate some of the shooting that is on BLM and not safe at all!	Please, please, please consider adding skeet/trap ranges and consider an additional fee or club membership to fund the clays and personnel. I have been part of a club in the past that was operating on a pay as you go basis and was only open certain days of the week.	Skeet/Trap
231	Nampa	ID	83686	No			Yes	This would be a great asset to the City of Eagle.		It would be great to have Competitive Shooting Sports like USPSA in Eagle.
232	Eagle	ID	83616	No			Yes	I agree with most of this. I feel 200 yards would be better than 150 yards for rifles. I also feel law enforcement should pay a small fee to use the facilities.	200 yard or longer rifle range. Area to run competitions and drills.	I feel the law enforcement departments of Eagle should pay a small annual fee to use the facilities.
233	Eagle	ID	83616	No			Yes	I would use it regularly		
234	Eagle	ID	83616	No			Yes	I pay membership to Gem county every year to shoot. I would rather pay the city of eagle	No I think it sounds good	Please move forward with this
235	Eagle	ID	83616	No			Yes	This would be a hugely popular community resource for the community and local firearms industry.	Public classroom for gun safety training and hosting shooting events.	Eagle shooters travel to ranges just like this in neighboring cities and counties. Why not here? This would be great!
236	Eagle	ID	83616	No			Yes	Currently we enjoy walking at the top of Hartley Road. This place has become overrun with gun users. It's very disconcerting to be walking down the road and hear loud target practice in so many areas at once. Also, the shotgun shells, glass and trash left behind by these users is beyond ignorant, destroying the landscape and very unsafe for animals and it looks like a junkyard in places.. The area needs to be closed especially in light of the volume of homes going in so close by and the increased traffic on this road. Willow is the alternative. Users should pay for the right to shoot in a contained and monitored area considering all the beforementioned harm to our foothills and potential harm to humans and animals. It's ludicrous that this is not the case. Thank you		
237	Meridian	ID	83646	No			Yes	I am retired law enforcement	No	A shooting range would allow the community to improve their shooting skills
238	Eagle	ID	83616	No			Yes	I'd use it, Blacks creek is too far		
239	Eagle	ID	83615	No			Yes			
240	Eagle	ID	83616	No			Yes	I do not want to drive to Parma anymore for training.		
241	Boise	ID	83703	No			Yes	The area and Southwest Idaho could really use this. Great opportunity for people to get better and teach the next generation.		I fully support the plan and would patronize it.
242	Eagle	ID	83616	No			Yes	Controlled environment vs. open shooting on BLM land	No	
243	Eagle	ID	83616	No			Yes	Provide opportunity for individuals interested in recreational shooting.		A shooting facility like this would be good for youth and families interested in proper and safe use of firearms. Also, this would be a good facility for IDFG Hunter Education Courses. The valley needs a facility in this portion of the area.
244	Eagle	ID	83616	No			Yes	A public range will provide a great option for me. I currently shoot at Emmett & Blacks Creel	Seems reasonable as drafted	Thanks for considering this needed amenity
245	Eagle	ID	83616	No			Yes	Our family is pro 2A, we hunt and enjoy the shooting sports	Not sure	This would be a great addition to the many family amenities that Eagle has to offer.
246	Eagle	ID	83616	No			Yes	Promotes gun safety		
247	Eagle	ID	83616	No			Yes	yes paid for by Users with also City of Eagle helping to fund the range	Restrooms ?	Good Luck
248	Eagle	ID	83616	No			Yes	A growing population brings an increasing number of shooters. An organized range increases shooting safety and reduces the mess left by inconsiderate shooters.	Perhaps a growing need over time, but the proposal is a great start.	
249	Eagle	ID	83616	No			Yes	Eagle residents need a closer gun range and it's a great use of space.	No	
250	Eagle	ID	83616	No			Yes	It's a positive improvement for the city. Provides residents with a safe and managed place to shoot.		100% support this.
251	Eagle	ID	83616	No			Yes	Shooting sports are popular and training on ranges is essential for the safe operation of firearms	Several bays for the Cowboy Action Shooting Sport	Good location.
252	Eagle	ID	83616	No			Yes			
253	Eagle	ID	83616	No			Yes	I think this would be a nice amenity for the community	no	no
254	Eagle	ID	83616	No			Yes	I find target practice to be very relaxing and fun, but currently have to drive to an indoor shooting range. Outdoor ranges are more fun. In addition, good marksmanship is a perishable skill. This range will help Eagle residents who shoot to be more skilled, and therefore safer, shooters.	If possible, it would be nice if you could allow shooting at static steel targets from at least 10 yards away.	I wish I'd been aware of the public hearings, so I could have attended. I am very happy to learn that my City of Eagle is considering this great recreational opportunity for its residents.
255	Star	ID	83669	No			Yes	Controlled access for shooters. Reduce impact of litter and regulations violations on BLM land	The more shooting locations the better. Educator classes: hunter safety, Conceal/Carry	Are the rifle/pistol bays only lane oriented? Or can they be used as an entire open bay for action pistol/rifle competitions?
256	Emmett	ID	83617	No			Yes	Anything which promotes safe shooting and firearms training is good.		Any thoughts on if the bays could be reserved by organizations for monthly competitions?
257	Eagle	ID	83616	No			Yes	It will provide a great service to the community and a safe area for people to enjoy shooting, practicing. It also opens up the option of a local sport shooting club. enjoy	Long range shooting (1000 yd)	Great idea, I am in full support of the idea and applaud the city government for proposing it.
258	Meridian	ID	83646	No			Yes			
259	Eagle	ID	83616	Yes		Open house	Yes	While I am not a gun owner, I respect our Constitution and the protections offered by the Second Amendment and having a dedicated location for area residents to safely train and improve their proficiency in the use of firearms only benefits our community. Additionally, I believe that the existing unmanaged and often irresponsible shooting that occurs on the adjacent BLM property is in direct threat to the peaceful enjoyment of public lands by other users. While Hikers, Walkers, Runners, Bike, Equestrians, Dog Lovers and even some motorized users can interact on public lands with little negative interaction, the inclusion of unmanaged and irresponsible use of firearms in that shared space make it nearly impossible for those other user interests to be pursued comfortably or safely. Having a dedicated range that will move shooting off the BLM property benefits every constituent and user group.	I am not aware of this is part of the existing plan, but the inclusion of baffles or other measures (natural or man made) that mitigate the volume and distance that noise travels when a firearm is discharged would benefit surrounding property owners and other recreationalists (namely equestrians).	I again voice my support in favor of the proposed range, with the expectation that it will accompany a solution to the unmanaged and irresponsible shooting that currently takes place on the BLM property.
260	Eagle	ID	83616	No			Yes	It would be a great addition to our community and keep people from trashing public land.	No	No
261	Eagle	ID	83616	No			Yes	If it's designed right and has a FT attendant while it's open, for safety reasons, then I'm all for it	No	None
262	Eagle	ID	83616	No			Yes	Try to get every shooting sport involved.	restrooms, water sources	
263	Eagle	ID	83616	No			Yes	Much closer to my home. I currently travel to Black's Creek gun range.	None	No
264	Eagle	ID	83646-8407	Yes		Open house	Yes		A longer rifle range pit	Well done! Thank you for taking on this tricky issue.
265	Boise	ID	83703	Yes		Open house	Yes	WHAT A GREAT IDEA!!!!!! The entire treasure Valley needs a shooting range!	No	HURRY and build it!!!!!!
266	Eagle	ID	92688	No			Yes	It is a safe & positive environment for the community to practice & develop their skills.	No, this one is an excellent & unique idea that has high interest in the community.	I hope that you move forward with this plan and you are not discouraged by the small but loud negative forces that do not want to allow others enjoyment.
267	Eagle	ID	83616	Yes		Open house	Yes	This park would be an important addition to Eagle.		
268	Eagle	ID	83616	No			Yes	Provides an organized safer (hopefully) use area for shooting and the public lands will benefit from lower unorganized shooting.	The installation of trap houses for the shotgun ranges should be part of this overall plan. Trapshooting without a proper facility create an unsafe environment. Plus it is a huge part of Idaho's shooting community and I believe it would be utilized as much if not more than the other range facilities in the plan. .	
269	Eagle	ID	83616	No			Yes			
270	Eagle	ID	83616	No			Yes	People should be competent with their firearms and we need a place we can go to practice. Recreational purposes as well	Firearm repair facility! Probably wouldn't be city-run however, but it's a though!	God bless Eagle ID, and God bless America and anyone reading this
271	Eagle	ID	86316	No			Yes	There is nothing like this locally to enable us to maintain our shooting skills and safe handling of weapons	Restroom	
272	Eagle	ID	83616	No			Yes	This is badly needed. Current ranges are way too far from Eagle residents.		
273	Eagle	ID	83616	No			Yes	It would be great to shoot outdoors	Eagleno	No
274	Eagle	ID	83616	No			Yes	Allowing closer access to gun area		
275	Boise	ID	83714	No			Yes	Freedom! That and my family would use it all the time!!	Not that I can think of	WE LOVE EAGLE

276	Eagle	ID	83616	No			Yes		Eagle	
277	Eagle	ID	83616	No			Yes	A dedicated space for residents to use for target practice is much preferred to finding safe spots in the BLM lands	The plan is sufficient in my eyes. Safe lanes, garbage bins and restrooms are all we need	Thank you! Sounds like a great gun range.
278	Meridian	ID	83646	No			Yes	Our family often goes to ranges to shoot. It would be wonderful to have one much closer		
279	Eagle	ID	83616	No			Yes	Lots of Eagle residents would benefit from a good, local shooting range. Eagle's plan for the park seems to make efficient use of Eagle tax money.		Keep Eagle low density. No billboards. No tall buildings. No "affordable housing". No homeless shelters. Lots of open public space. Grow out, not up. If we maintain Eagle's character as it is, Eagle will always be a desirable, healthy city.
280	Eagle	ID	83616	No			Yes	A safe place for target practice rather than the alternative of outside somewhere else		
281	Eagle	ID	83616	No			Yes	Well planned out and would get very much use by local public and law enforcement	Water stations for drinking	None
282	Eagle	ID	83616	No			Yes	It provides for diversity for outdoor activities in Eagle and a safe environment for shooting enthusiasts.		
283	Eagle	ID	83616	No			Yes	Would like a safe place to shoot closer to home		
284	Eagle	ID	83616	No			Yes	It is needed here		
285	Eagle	ID	83616	No			Yes	I'm a retired LEO shooting ranges are a great tool for the community. Teaching, learning about firearms for the beginners/youth to the experienced shooters having fun.I currently drive to emmett with a membership at their range. I would definitely use Eagle range with my kids on a weekly base	Make it a membership fee, possible classroom teaching area.	Great idea for Eagle
286	Eagle	ID	83616	Yes		Open house	Yes	Needed		
287	Eagle	ID	83616	No			Yes	A range in Eagle would be much more convenient for me than traveling weekly to ranges in Meridian.	No	Great idea.
288	Eagle	ID	83616	No			Yes		No	No
289	Eagle	ID	83616	No			Yes		Eagle shooting park	
290	Eagle	ID	83616	No			Yes	Both Gem County and Nampa ranges are closed to new members We need additional options which are close to Eagle		
291	Eagle	ID	83616	No			Yes	A local high quality range for safe practice would be welcome. Much better and safer than BLM land.	A single longer range for rifle, ie., 500-1000 yards. Hand washing stations.	Would love to see this happen.
292	Eagle	ID	83616	No			Yes		Eagle	
293	Eagle	ID	83616	No			Yes	Would be used by individuals living in the area rather than traveling elsewhere.		In review of the archery range, people will be shooting in a southerly slight south-easterly direction where they be adversely impacted by the sun in their eyes. Ideally, targets would be either due north or slightly northeast to reduce this impact.
294	Eagle	ID	83616	No			Yes	I believe a resource like this would be a great addition to quality of life in Eagle	No	Get this passed.
295	Eagle	ID	83616	No			Yes	Would also like to see a low/no cost option, otherwise the same issues will continue.	Low / no cost option	
296	Eagle	ID	83616	No			Yes	Law enforcement has enough costs versus their pay and it behooves the public to help them be as well trained as possible.	Water fountain	I like the layout and am looking forward to joining.
297	Eagle	ID	83616	Yes		Open house	Yes	We need open space and we need places that are safe for our community.	Safe parking areas and sinage	
298	Eagle	ID	83616	No			Yes	A safe and convenient location for recreational shooting is greatly needed	Rentable clay pigeon thrower on-site.	Thank you for providing a safe and convenient location for recreational shooting
299	Eagle	ID	83616	No			Yes	There's are many outdoor enthusiasts in eagle and not enough recreational opportunities provided by the city.	Park that includes playground, soccer fields, softball, basketball courts, etc. The city of Meridian has several parks which we drive across town to get to. It would be nice to have one in the western part of Eagle.	
300	Eagle	ID	83616	No			Yes		Eagle	
301	Eagle	ID	83616	No			Yes	Excellent for or community	Picnic and park	Proceed
302	Eagle	ID	83616	No			Yes			
303	Eagle	ID	83616	No			Yes	Controlled shooting accessibility with strong policies to guide safe shooting behavior is a missing resource in our community. Without such a resource, the public resorts to finding and using unauthorized rural areas for shooting and often do not respect the land area they use.		I'm pleased to see this proposal. It demonstrates a proactive approach to the increasing complexity of our growing community.
304	Eagle	ID	83616	No			Yes			
305	Eagle	ID	83616	No			Yes	I travel to the George Nourse range in Nampa which is very close to the description of this Eagle range. We need one!	I feel the Nourse range is a good base model. If more amenities are desired, great, but they will come at a Cost. Nourse range is low cost and is self policing, no gate or employees on site.	Outdoor shooting is much better than indoor. We need a local facility for the many & growing # of shooters. Short/small lanes for pistol shooting is really needed.
306	Eagle	ID	83616	Yes		Open house	Yes	Unregulated shooting in the BLM today is out of control	No	If this goes through, general shooting in the BLM NEEDS to be stopped. Doing both is a waste of money and investment
307	Eagle	ID	83616	No			Yes	I believe shooting (whether bow and arrow or firearms) is a part of the Idaho culture. It has now only become a point of contention due to many new people moving in to our area from non shooting cultures. Shooting is a very popular sport, such as baseball and soccer.	As mentioned at the open house on March 8th, a long range rifle lane would be good. Something in the 600 to 800 yard distance.	The City's consultant RSD may want to go out to the Nampa Rod and Gun Club range. They have 12 pistol/AR 15 ranges and possibly 15 long rifle lanes from 50 to 599 yards. They also have an electronic key gate system. Their annual cost is \$150 with unlimited access between sunup to sundown. If RSD needs someone to let them in to look around have them contact me.
308	Eagle	ID	83616	No			Yes	Proximity to my residence-retired law enforcement.		
309	Eagle	ID	83616	No			Yes			
310	Eagle	ID	83616	No			Yes	Our family would utilize and the community and law enforcement would benefit		
311	Eagle	ID	83616	Yes		Open house	Yes		No more high density housing in Eagle	
312	Eagle	ID	83616	No			Yes	I am (among other things) a firearms instructor, so I know shooting is an important skill for citizens to learn, develop, and practice. A controlled, safe environment is more conducive to learning proper skills and habits as compared to uncontrolled "plinking" on public (BLM) land as many people currently do.	Eagle	
313	Eagle	ID	83616-4110	No			Yes	A close outdoor range would be great for the individual and families to use in a much safer environment than how it is now.	Area for families to sit and maybe have a picnic.	Our family and friends are really looking forward to this as Marsing off hwy 95 is a long way to go for an outdoor range.
314	Eagle	ID	83616	No			Yes	I think it fills a need and could possibly cut down on the unmanaged and possibly dangerous free range shooting that happens now on BLM land.	Wildfire/fire abatement plans?	Discounts or preferential use to Eagle residents?
315	EAGLE	ID	83616	Yes		Open house	Yes	(1) It is needed (2) Best location available with minimal impacts (3) Being designed professionally (4) well thought out	Think it is a great start! Obviously as things go along there may even be improvements to the plans	Just a huge thank you to all the planners...
316	Eagle	ID	83616-6162	No			Yes	I moved from a small town in NE Oregon where I could shoot pretty much anywhere. I would like a safe place here		
317	Boise	ID	83714	No			Yes	It is a well thought out plan and this side of the treasure valley could use a shooting park like this.		
318	Eagle	ID	83616	No			Yes	It would be great to have a safe place to shoot so close.	A private section you can rent out for private use would be great. Or a membership only section.	
319	EAGLE	ID	83616	Yes		User group	Yes	Most of my neighbors are gun owners and active range shooters and will find having a gun range in Eagle as very attractive!	Please add sporting clay mechanical throwers to the shotgun pits.	Looks like a very well-thought-out plan...good job!!
320	Boise	ID	83714	No			Yes	Great addition to the city, would serve as a place for many who enjoy this hobby		
321	Eagle	ID	83616	No			Yes	A public range locally would be beneficial		Would like more info on the LE range -
322	Star	ID	83669	No			Yes	It will keep the noise & trash contained & out of the foothills		
323	Eagle	ID	83616	No			Yes			
324	Eagle	ID	83616	No			Yes	There is a huge need for this type of facility.	No	No
325	Eagle	ID	83616	No			Yes		Ideally a longer distance rifle range.	
326	Eagle	ID	83616	No			Yes	No one has access to a range within a 45min drive		
327	Eagle	ID	83717	No			Yes	I own a gun	Don't know	No
328	Eagle	ID	83616	No			Yes	Eagle could use something like this. 🐾	Bathrooms. Maybe snack shack.	
329	Eagle	ID	83616	No			Yes		Bathrooms	
330	BOISE	ID	83713	No			Yes	IT WILL BE CLOSER TO MY HOUSE THAN THE OTHER OUTDOOR RANGES IN THE AREA		
331	Eagle	ID	83616	No			Yes	I like the controlled idea with a fee to cover cleanup. The garbage being left behind now is frustrating	Not sure	
332	Eagle	ID	83616	No			Yes	This would be a GREAT resource for the residents of Eagle!!	NA	I support this shooting range
333	Eagle	ID	83616	No			Yes	Nice to have a range that is accessible and close by. If you have firearms you have to practice to make them worth your while and to make them safe.	Looks good to me!	NA
334	Eagle	ID	83616	No			Yes			

335	Eagle	ID	83616	No			Yes	Nice to have something in Eagle instead of going to Meridian		
336	Eagle	ID	83616	No			Yes			
337	Eagle	ID	83616	No			Yes	Much needed in the area.		
338	Eagle	ID	83616	No			Yes	Having ridden horses all of my life I've always carried a gun in the wilderness, forest and countryside. Now I'm old, don't ride, but I still have my gun for protection. I don't think it's safe to have a gun in the house that I never fire. I just need a place to practice.	I attended your March 9 meeting at the Eagle courthouse. It sounds to me like you are well in control of this project. As I said, I just need a place to practice.	Thanks so much for undertaking this project. I am thrilled to have such a facility planned for Eagle! If you need volunteers I am available.
339	Eagle	ID	83617	Yes		Open house	Yes	Do be able to have a safe and convenient location to shoot	Picnic tables	This would be great for a lot of like minded individuals supporting an active for families and friends
340	Eagle	ID	83616	Yes		Open house	Yes	The BLM Land should remain open to shooting, but there is for the conscientious shooter much to consider up there. This outdoor range would provide a more stable shooting environment and would help ensure that people are shooting safely. It will add a draw to bring others in the area to Eagle and perhaps generate additional commerce before and after their trip to the range.	Consult with the range design team to address points brought up about competition. Is there any way that the range could be modified to increase its draw for competitive shoots?	I am concerned about wait times to get a lane. Have you addressed a reservation system for waiting lists?
341	Star	ID	83669	No			Yes	Safe and controlled sport	Didn't attend the meeting	Would love to see this sport park
342	Eagle	ID	83616	No			Yes	At present I travel to Emmett to use the shooting range there. I would prefer to have one closer and in our community	The plan looks very good as is.	If I can be of any assistance please contact me.
343	Eagle	ID	83616	No			Yes	Needed	Sound barriers if needed to ensure residents are not adversely impacted.	
344	Boise	ID	83713	Yes		Open house	Yes	Eagle needs this. There is no place close. Would like to clays and skeet. Granson competes at his school (THE Ambrose School) and the have to go all the way out to Boise Gun Club for practice.	oops didn't know it was below. Clay and Skeet	Do hope we allowed as we own a home in Eagle but live in Boise. Wish we lived in Eagle . .
345	Eagle	ID	83616	No			Yes		Skeet/sporting clays!	Good luck. This would be great.
346	Eagle	ID	83616	No			Yes	I personally would enjoy using the park.		
347	Eagle	ID	83616	No			Yes	Better training and access to facilities equals safer shooters.		Let's do this!
348	Eagle	ID	83616	No			Yes	I think it would be great to have a place to practice gun handling and safety that doesn't require a long drive or giving money to other communities	Not sure	No
349	Eagle	ID	83616	No			Yes	There is a need for a well organized and formal shooting area in the Eagle area. Thank you in advance for putting this together.	Longer distance rifle range please.	Thank you for working on this concept!
350	Eagle	ID	83616	No		User group	Yes		NA	NA
351	Eagle	ID	83616	No			Yes	I live in Eagle I would use this facility a few times a year.		
352	Nampa	ID	83687	No			Yes		No	
353	Eagle	ID	83616	No			Yes	This a hobby for a large segment of our community. We support basketball and tennis courts, so this would be a great addition.	If you considered competitions like 3 Gun or SASS, you could be a destination spot for national competitions.	
354	Eagle	ID	83616	Yes		Open house	Yes			
355	Eagle	ID	83616	No			Yes	Would use this range on a weekly basis.	Paid basic amenities would be great	We need this range. We have no outdoor range in the immediate area.
356	Eagle	ID	83616	No			Yes	Have a spot to shoot would make it more enjoyable to Target practice, and hopefully less people leaving trash in the foothills		
357	star	ID	83669	No			Yes	This range is needed in the area to make sure people are using firearms in a safe manner and shooting in a controlled fashion	Shooting lanes dedicated for black powder shooters only.	The ability for local law enforcement and retired officers to qualify at a location like this is very important.
358	Eagle	ID	83616	No			Yes	Provide a safe and convenient method to shoot in the area. Provide a bit of revenue as well.	I believe there should be competitions held at the Eagle Shooting Range. A set up would be needed to accomplish this. More revenue. Create the Eagle Shooting Club as to generate groups, regulars, and additional revenue	No
359	Eagle	ID	83616	Yes		Open house	Yes	Will be a great place to go and spend time with family and friends.	Yes the rifle range needs to be much more distance. 100-200 yards is just not enough.	Please include a longer range
360	Emmett	ID	83617	Yes		Open house	Yes	I'm a coach for the Boise Bucksshots, a youth competition shotgun team. We currently call Boise Gun Club home, but have several members from the Eagle area. We would love having a place in Eagle to shoot and maybe have as a home club. We would need skeet and trap fields with machine throwers. We could definitely work with our affiliations with youth shooting for possible grants.	Official trap, skeet, and sporting clays fields with mechanical throwers.	We are very excited about the prospect of having this available to area gun owners.
361	Eagle	ID	83616	No			Yes	I think having a facility like this in the area is a great addition to the community. Having a safe environment so close is a great benefit.	N/A	N/A
362	Eagle	ID	83616	No			Yes	Wonderful way to teach and practice gun safety to my friends and family. I'm retired law enforcement	Is the plan including a rifle range too?	
363	Eagle	ID	83616	No			Yes	We need a more dedicated area for shooters		
364	Eagle	ID	83616	No			Yes	As a gun owner I think it would be great to have a range close by to shoot at.	None	
365	Eagle	ID	83616	No			Yes	It will relieve BLK land of shooters, it will create a safe environment for instruction, it will reduce travel for residents who enjoy shooting sports. It will give seniors or those with limited travel options a place to practice.		
366	Eagle	ID	83616	Yes		User group	Open house	Local gun owners will welcome a local shooting facility, rather than travel to a range in another city.	In the future, if the facility is successful, perhaps: 1) a longer rifle range (out to about 350 yards); and 2) the capacity to allow a vendor of food and drink on the grounds.	I am most delighted to see such a site proposed on City land. I for one am retired and have several options to employ at the range while taking advantage of such a facility so close to home.
367	Eagle	ID	83616	No			Yes	With the amount of growth in Eagle, the community needs a dedicated area for people in the community to gather and enjoy/practice/educate/compete w/ their preferred firearm/archery of choice	Bathroom	
368	Eagle	ID	83616	No			Yes	This will be a valuable outdoor resource that will encourage people to come to Eagle and visit our businesses.	Clay pigeon range	
369	Meridian	ID	83646	No		User group	Yes	This would be a great addition for people to use for fun and also training.	No	This will be an awesome addition for all of us here.
370	Eagle	ID	83616	No			Yes	Closer than going to Meridian		
371	Garden City	ID	83714	No			Yes	I believe there is a great need for safe shooting in this area.	I think the city should consider annual passes to residents. I know the Gem County Range in Emmett has such a program.	My understanding is the approval of this facility is based on a land swap with BLM. Currently this BLM land is a popular location for target shooting for residents from the Eagle area. I believe it would be appropriate to provide a safe alternative once the BLM location is no longer available to target shooting.
372	Eagle	ID	83616	Yes		Open house	Yes	Would like a safe and controlled place to shoot.	Would like to have clay machines.	Would like family discounts for Eagle residents.
373	Nampa	ID	83687	Yes		Open house	Yes	This area badly needs more shooting ranges	I don't see a plan for a skeet range. Why? There is a shortage of skeet fields State-wide.	No
374	Eagle	ID	83616	No			Yes			
375	EAGLE	ID	83616-2104	No			Yes	If constructed correctly it should be safe and provide an area for all to enjoy and practice archery and firearm safety. I would love to have something this close to use!	No it looks well thought out.	
376	Eagle	ID	83616	Yes		Open house	Yes	We need one..	1000 yard range	
377	Eagle	ID	83616	No			Yes	It will provide a safe place to use and keep proficient with your fire arms.		
378	Eagle	ID	83616	No			Yes	It's a great idea to have a designated area for shooting and archery.		
379	Garden City (county)	ID	83714	No			Yes		Additional public fishing ponds. Dirt bicycle track (aside from the existing one)	Thank you for listening to the public.
380	Middleton	ID	83644	No			Yes	We need a good place like this in a valley	Building at the shoot stalls for all weather shooting	If you guys build it I will come use it
381	Eagle	ID	83616	No			Yes	It is needed!	No	
382	Eagle	ID	83616	Yes	Law enforcement	User group	Open house	I, my family, and many of our adult friends, are retired LEO's, as well as hunters and recreational target shooters who would use this proposed facility with an eye-to-safety, and find it of great benefit for so many Eagle residents!		
383	Boise	ID	83714	No			Yes	It's good to have easier access to skills that need to be refreshed	Unknown	It is possible to look for a location further away from housing developments?

384	Eagle	ID	83616	Yes		User group	Yes	It is a good idea to know where people are shooting and have a range safety officer available.	Emergency phone service, better control over parking, handicapped parking/access ramp or at least one wheelchair/disabled/accessible shooting lane	This is a great idea. Area of Impact residents should be allowed some type of voice in this as we will also be impacted by this shooting range. Many of us have been following this and value the outdoor opportunities afforded us in our foothills. We don't want them wasted or used inappropriately. Rooftops are not what bring us to the foothills. Open space and other outdoor amenities are sorely needed. Wise management is needed and this looks to be a worthwhile project.
385	Eagle	ID	83616	No			Yes	Public range, well managed would go well with the recreation spirit of Eagle and area. Also, gives us control and management of some of the foothills area.	Seems like a complete plan.	Great concept and plan overall.
386	Eagle	ID	83616	No			Yes	We need something like this in Eagle	Sporting clays	
387	Eagle	ID	83616	No			Yes		Lead separation system to keep the ground clean.	
388	Star	ID	83669	No			Yes	To have a safe place to shoot		I am a member of the Valley County Shooting Range. We used Hesco Barriers to separate our shooting bays and it works very well. Is this range specifically for the residents of Eagle?
389	Eagle	ID	83616	No			Yes		A range to 500 would be great	
390	MIDDLETON	ID	83644	Yes		User group	Yes	A controlled range is safer for everyone and keeps the range trash off public lands (BLM).	Covered Ranges, Skeet Range and if you have a room a Sporting Clays Range.	Trained Range officers to facilitate safe experience.
391	Eagle	ID	83616	No			Yes	A needed facility in the part of the Treasure Valley. I believe it will be well received.	N/A	
392	Eagle	ID	83616	No			Yes	Needed to enable gun owners to maintain skills.	No	No
393	Eagle	ID	83616	No			Yes	I'm retired law enforcement and would love to have a closer range for my annual qualification for my HR 218. Thank you !	No	No thanks
394	Eagle	ID	83616	Yes		Open house	Yes	This park is something eagle residents need.	No	No
395	Eagle	ID	83616	No			Yes	Pay as you go will help with the cost of maintenance etc.... I think that the police officer should get a huge discount on there fees.		How are you going to handle the traffic on hwy 55? When the rodeo is on, hwy 55 is horrible. The noise from the Jake brakes driving too fast etc.....
396	Eagle	ID	83616	No			Yes	A safe, planned, i.e. specifically laid out and controlled shooting sports area will be welcomed by myself and many other avid and experienced shooters. Shooting 'out in the desert' and at some of the open, public ranges is dangerous and I decided some years ago that I didnt feel safe out there with no rhyme or reason to shooting directions being applied ion the desert and with only slightly better setting at the george norse range. I will gladly pay a fee to use a facility such as is being proposed here. I've been an avid recreational and occasional competitive shooter for nearly 50 years. I worked in the firearms industry for several years and have been fortunate to shoot and be involved in competitive shooting events at many ranges, public and private and understand and appreciate the importance of strictly controlled venues. I have also seen the challenges and dangers of loosely designated shooting areas. I highly recommend this facility be developed.	I dont know	Safety first is a crucial creed in shooting sports and a professionally designed facility such as the images portray will keep people and the wilderness much safer than people shooting in random places in the foothills , desrtert or wilderness.
397	EAGLE	ID	83616-4606	No			Yes			
398	Eagle	ID	83616	No			Yes	Great idea		
399	Eagle	ID	83616	Yes		Open house	Yes	A regulated shooting range is an excellent addition to Eagle's amenities. Idaho is a concealed carry state and those individuals need a safe, well maintained location to practice their weapon's handling and use. Also, shooting is recreation sport as well as a competitive sport. Plus, this range will serve regional law enforcement.	This plan is being designed by long term professionals. I would hope that they have brought all feasible options to the planning table. What I would like to see is a gun safety/gun handling component to this amenity.	
400	Eagle	ID	83616	No			Yes	It will be a safe a controlled environment to practice using a firearm instead of using BLM	Restrooms	No
401	Eagle	ID	83616	No			Yes	It's needed for the area, otherwise we need to leave town to shoot.	An area for Shotgun/trap shooting would be great, and will black powder rifles be ok to use on the range? 200 yards on the range would be nice...	No
402	Eagle	ID	83616	No			Yes	We are lacking these type of formal facilities on this side of town. I've seen some questionable gun use in the BLM land near this site. This would have been a better option for them.		
403	Boise	ID	83714	No			Yes	Current alternative is that people shoot unapproved in the foothills on private property without proper cleanup.	Trash, recycling, noise reducing berm / trees	Currently the site is used for horse-back riding, which seems like a conflict for proposed guns. Need to consider the newly proposed horse trailhead timing along with this. Also, I thought there were plans for 4x4 trails, hiking / biking trails, etc along this same area as well. What would combined master plan look like? Will be near future housing development??
404	Eagle	ID	83616	No			Yes	Because we need more access to recreation like this, not less.	Steel gallery for pistol	I think this is a fantastic idea.
405	Eagle	ID	83616	No			Yes	It would be a great addition for our community to enjoy.		I strongly support this project. If there is any volunteer help needed with this project please let me know. jlpalo@hotmail.com
406	Eagle	ID	83616	Yes		Open house	Yes	evidently funds that would almost pay for it is for hunters only not law enforcers	Mayor Jason seems to only take his own counsel. I felt he was only doing this as a formality.	If there is still shooting overlooking the new Spring Valley development when this is built, there may be law suits.
407	Boise	ID	83714	No			Yes	It would be wonderful to have a designated area nearby for shooting practice. I live right next to Eagle in unincorporated Ada County, and currently drive an hour away for shooting. Having a closer option would be great.		
408	Eagle	ID	83616	No			Yes	A local, controlled place in which to practice exercising our 2A rights is never a bad idea.	Long range sniper range	None at this time.
409	Eagle	ID	83616	No			Yes	There is nothing on this side of the valley and making something like this available should decrease the crazy amount of plinkers and shooters that used to use the open spaces that no longer exist because of development. Personally, my family and I would use it regularly.	The plan looks fantastic. I can't think of anything, at this point.	Exciting stuff!!
410	Eagle	ID	83616	No			Yes	Options for shooting are very limited in Eagle. Closest gun club is in Emmett, but their membership is usually full to out of county applicants. I love shooting with my family and right now I have to drive to Prision Area -- very far. This is a great idea for Eagle area!!!!!!!	I like everything I saw. Good job.	none.
411	Eagle	ID	83616	Yes		Open house	Yes	Most shooters prefer a safe environment when shooting. The range and full time range officer will provide the safety necessary in order to enjoy the shooting sports and archery venues.	Have targets/stands/sandbags available for free or a nominal fee. Have phone service as mentioned at the open house in case of an emergency. Have a classroom building so NRA safety, 4H or concealed weapons classes can be taught on site along with the qualifying hands on shooting portion of the classes.	I currently belong to two shooting ranges. One is a rather basic facility in Emmett which charges \$45.00 per year and allows a guest. The other is a "full service" facility in Nampa which charges \$150.00 per year and allows both husband and wife to shoot. I think the new facility should charge somewhere in between these two stated prices above for a yearly membership and maybe a \$10.00 per day daily range fee. Looking forward to the new range!
412	Eagle	ID	83616	No			Yes	We are retired law enforcement and range time is important with the safe handling of a firearm.		
413	Eagle	ID	83616	No			Yes	With the growing number if people moving to the area and using our BLM to shoot the BLM is becoming harder and harder to safely use for other activities. The BLM is also being trashed and I mean literally, by people that comenout to shoot and leave there targets and trash everywhere. If we had a formal place for entry level shooters to come and be educated on safety and ethics for shooters it would dramatically benefit our city for years to come. I fully support having the users pay for this and pay for the law enforcement portion as well.	Nope	If you need help let me know.
414	Star	ID	83669	No			Yes	its dangerous to go to BLM, where people are idiots.. its a days drive to George Norse Nampa & back..and why is it that we have all the nice homes and people but NO RANGE?	maybe an off road vehicle area in the BLM?? 95% o us take out more than we bring in and I run some OFF ROAD groups that would be happy to help with trails	
415	Eagle	ID	83616	No			Yes	Will be a close place to enjoy shooting my Bow and guns	Access to existing trails for the public, Including equestrian use.	Sounds Great As long as the previous comment is satisfied.
416	Eagle	ID	83616	No			Yes			
417	Eagle	ID	83616	No			Yes	there needs to be a safe area to shoot on the north side of the valley. others areas are too far away to enjoy.	emergency phone line or at least good cell service. road improvements to handle increased traffic. good signage and rules.	this really is needed to prevent people from shooting in unsafe places and in unsafe manners.
418	Eagle	ID	83616-5427	No			Yes		Eagle	
419	Boise	ID	83714	No			Yes	Multiple reasons...1) The proposed facility meets a recreational demand. 2) shooting archery and or guns is a sport, similar to typical team sports. We invest in sports fields and this should be no different. 3) This provides a great opportunity to open up a sport that teaches responsibility, builds confidence and grows all generations. 4) Our society needs more to do outside. This provides those additional opportunities.	Potentially an indoor educational facility, maybe in cooperation with Idaho Fish and Game.	Thank you for bringing these opportunities to the Treasure Valley, specifically Eagle.
420	Eagle	ID	83616	No			Yes	Safe, family, friendly place to target shoot.		
421	Eagle	ID	83626	No			Yes	Safe and controlled areas to recreate are a plus to our community	Not that I'm aware of	
422	Eagle	ID	83616	No			Yes	We need one.		

423	Eagle	ID	83616	No			Yes	Providing safe opportunities is best for the community. Firearm owners need to be familiar with their equipment & learn about safety. Especially with the high influx of new-to-Idaho residents who are eager to own or carry - we want to give them every opportunity to do it safely and legally.	no	I look forward to the existing plans which will facilitate training days and safety workshops.	
424	Eagle	ID	83616	No			Yes	I like this area open to recreation as long as horse and hiking will still be allowed outside of the shooting range	Horse and hiking trails	Thanks for keeping recreation available	
425	Eagle	ID	83616	No			Yes			Typo in survey contact info title (misspelled contact highlighted with *** here): Please enter your ***contact*** information.	
426	Eagle	ID	83616	No			Yes				
427	Eagle	ID	83616	No			Yes	Gun safety requires a convenient place to practice.			
428	Eagle	ID	83616	No			Yes		Are there tables at each lane ?		
429	BOISE	ID	83714	No			Yes	So we can practice chose to home. Practice makes dead bad guys.	Just a sink and a shitter	I'll help build it.	
430	Boise	ID	83709	No			Yes				
431	Eagle	ID	83616	Yes	Law enforcement	User group	Open house	Yes	Great amenity and management opportunity.	Clubhouse or education center using solar.	Great for wildlife, special status plants, and wildfire.
432	Eagle	ID	83616	No			Yes	Fun factor, training for those that want it, competitions that may bring business into the area	Eagle		
433	Eagle	ID	83616	Yes	Law enforcement	User group	Open house	Yes	An alternative to the target shooting on the Eagle Foothills BLM is needed.	There should be some kind of meeting area or amphitheater for group meetings and gun/shooting education.	Pittman Robertson funds should be applied for. The advertised "Open House" on 3/9/22 wasn't really an "open house". It was more like a public meeting. People were expecting displays of the park and an opportunity to walk around, look at displays and ask questions in a more informal setting.
434	Eagle	ID	83616	No			Yes	This is necessary for access for firearms practice in the immediate area.	No - the plan is adequate	Thank you for proposing and hopefully building this facility	
435	Eagle	ID	83616	No			Yes	I support Law Enforcement, and Citizens right bare arms	Bathrooms	No	
436	Boise	ID	83714	No			Yes	it will be good to have a dedicated safe place for people to go and shoot in a more controlled environmen			
437	Meridian	ID	83646	No			Yes	As the population in the treasure valley grows we need safe places to shoot.	No	I think this is a great idea and hope it gets implemented	
438	Eagle	ID	83616	No			Yes		Training		
439	Meridian	ID	83646	No			Yes		Meridian		
440	Eagle	ID	83616	No			Yes	This would be a great edition to the community	No		
441	Eagle	ID	83616	No			Yes	Would be great to not have to travel to another county to do these activities	Longer rifle range		
442	Eagle	ID	83616	No			Yes				
443	Star	ID	83669	No			Yes	There should be more affordable and accessible shooting areas.	N/a		
444	Meridian	ID	98221	No			Yes				
445	Eagle	ID	83616-3817	No			Yes	Nice for the citizens of Eagle to have a dedicated area to practice their second amendment rights and duties.	Looks like a good start.	Thanks for the forward thinking and planning in regards to the citizens of Eagle and their second amendment needs.	
446	Eagle	ID	83616	No			Yes	Better opportunity for shooters to practice in a controlled safe environment.	Women and child shooting days set apart monthly. Perhaps offer safety courses.		
447	Eagle	ID	83616	Yes			Open house	Yes	I believe that having a controlled, safe site for shooting sports will encourage people that shoot in unsafe random areas to utilize the shooting park.	Pro shop, classes, certified shooting coaches, random or contracted food trucks. Lighting for night shooting.	I was delighted with the way the Mayor handled the Open House meeting.
448	Eagle	ID	83616	Yes			Open house	Yes	Organized shooting in that area is better than uncontrolled shooting.	Perhaps a reservation system for shooting.	Build it!
449	Eagle	ID	84616	No			Yes	Would be nice to have somewhere close to home to go to target shoot in a clean safe environment	Don't know	None	
450	Eagle	ID	83616	No			Yes				
451	Eagle	ID	83616	No			Yes	Excellent addition to a broad range of outdoor activities and much needed in the area. Thank you	Not that I can think of presently.	Thank you.	
452	Eagle	ID	83616	No			Yes	You can never have enough training or safety with weapons. Hard to travel to other cities to a shooting range.	None that I can think of at this time.	Thank you for continuing to make one of the greatest cities in America even greater	
453	Eagle	ID	83616	No			Yes	I like this rather than housing which would significantly increase traffic on an already overloaded Eagle Road. Having a controlled area for shooting makes sense rather than the "Wild West" like we have now	Since this is an area that is currently heavily used by hikers, dog walkers, horse people, etc, will the access to open ground outside this fenced in area be restricted? There is lots of nice hiking, etc to the east of this area (twin ponds, for example). Maybe a trailhead outside the fenced in area could be added	If this area is developed this year, will another area be opened up right away for hikers, dog walkers, horse people, etc? Will the weasel colony be adversely affected? Moved? Finally, you have to make sure Eagle Road north of downtown is not further burdened by car traffic. It currently is too busy, noisy and dangerous to walk or bike.	
454	Eagle	ID	83616	No			Yes			Having a safe and secure place to shoot for sport and practice is a great idea. Eagle has already adopted a resolution declaring us a "Second Amendment Sanctuary City" so having a place to hone our shooting skills here at home is a natural next step.	
455	Eagle	ID	83616	Yes			Open house	Yes	An organized safe range with a 150 yd lane	Lunch area away from the lanes, with shade	Glad to see this moving forward!
456	EAGLE	ID	83616	No			Yes	This kind of facility is needed for those on this side of valley. Structured facility reduces amount of random locations used nearby, assuming it will be free or affordable	no	Please ensure it is either free (maybe for local residents) or affordable; else, random uses in nearby hills will still occur	
457	Eagle	ID	83616	No			Yes				
458	Eagle	ID	83616/3337	Yes			Open house	Yes	I look forward to be able to enjoy and train with my firearms in a safe environment and become a member of a local club. It is VERY difficult to join a nearby club, and I will gladly pay for an annual membership for myself and family.	I heard at the meeting that cellular reception is not good at the site. I would recommend a method of communication, especially if an emergency occurs. Maybe a physical land-line run with Wi-Fi access.	Thank you for the presentation, and I look forward to this park! I am available to help, volunteer in any way. I can be reached by cell 805-331-4389. Randall Kempf
459	EAGLE	ID	83616	No			Yes	Nearest existing facilities are 45-60 minutes away. Archery hunting is extremely popular in Treasure Valley, 100-yd is becoming more norm for practice. Rifle sighting-in to 100 yards would be very beneficial. Would be awesome for our law enforcement officers! User fees continue paying for it. Secure this now before development makes it unfeasible. I'm proud of the City considering this and being pro-active!	None	None	
460	Eagle	ID	83616	No			Yes	It's a much needed range because it will be closer than other ranges (outdoor) that I go to.			
461	Eagle	ID	83616	No			Yes	As a native Idahoan who grew up hunting and target shooting I find it very helpful to have a designated shooting area. With the population growth and now that I have young children I find it very important to keep shooting in a specific, controlled and maintained location. I did not see how the funding would work but the plans seem great. Thanks for your time.	It would be great if the city disallowed open shooting anywhere near public neighborhoods. Even the 20 acres which was recently passed by the city is clearly not enough space to prevent unintended consequences.		
462	Eagle	ID	83616	Yes			Open house	Yes	As an avid shooter we need a place to safely shoot.		I feel this range is going overboard by a lot. But, I feel everything Eagle does is overboard! I shoot a lot out in the desert. Not around Eagle and I do have to drive a little longer distance. I also belong to Gem County Rod and Gun Club. I feel they have an excellent facility and it is managed very well. This is the type I thought Eagle had mind, but I should have known better. However, yes, I feel a range is still needed. Would I use it? I don't know. I would probably purchase a membership and it would depend on how it was operated on if I used it or not.
463	Eagle	ID	us, 83616	Yes			Open house	Yes	It's provides a safe and convenient location for a number of sporting activities. The challenge will be doing your best to mitigate the impact on neighbors within a couple of miles of this location.	Thus far it looks like a good idea.	The city needs to make every effort possible to reduce sound pollution to the neighbors. And willow creek road will need to be improved to accommodate more traffic.
464	Eagle	ID	83616	Yes			Open house	Yes	I support this project if enough can be done to ameliorate noise concerns for neighboring existing homes.	Eagle	Yes. I think that the open shotgun ranges are poorly conceived. I am a regular trap and skeet shooter and I would be very uncomfortable with someone shooting next to me with a hand thrower. I believe that machines should be installed either trap or skeet or both so the trajectory of the clays is controlled into a safe direction. If free targets being thrown, as described in the open house, I would not shoot shotgun there. It would simply not be safe enough. Please reconsider how you setup the shotgun areas. Thank you.
465	Eagle	ID	83616	Yes			Open house	Yes	There are no ranges close by. This range would provide a well designed and safe place to shoot without having to drive so far.	Mechanical clay throwers. Hand throwers are hard to control. There are lot of hunters and trap shooters who would use that. There are no shotgun ranges close by.	I fully support the building of the range and would use it. I would also pay a higher membership fee to ensure the range is designed and built to provide the best shooting experience and to make it have the least impact on local residents.
466	Boise	ID	83714	Yes			Open house	Yes	Popularity of shooting; need for a safe place to shoot; would be an attraction for the city and the area	Target retrieval on 1 or more pistol bays. Trap/skeet equipment. Longer range rifle bay(s). New/expanded equestrian parking/trailhead.	Make it so!
467	EAGLE	ID	83616-7402	Yes			Open house	Yes	Having a specified, controlled shooting range in the city would improve the possible risk of injury and noise experienced at local BLM land just north of Beacon Light on Hartley.	Cell service. There are many of us that shoot clay targets and there should be an actual trap house set up.	It's nice to know that the city of Eagle is looking after its residents and their needs. We would like to keep Eagle dollars in Eagle and not in Meridian or anywhere else for that matter. Much appreciated.

468	Eagle	ID	83616	Yes		Open house	Yes	It would be great to have a safe place to shoot locally. Our son is in 4H rifle/shotgun and we have to drive very far currently.	Not that I can think of at this time. It is well rounded.	Thank you for the time and effort you have put into this. We really appreciate it and look forward to this concept becoming reality.
469	Eagle	ID	83616	No			Yes		Yes, extend the range from 150yds to 1000 yards. Anyone can go to BLM land and shoot 20-200yds. If you are going to make a range, make it a long one with steel targets.	
470	Eagle	ID	83616	Yes		Open house	Yes	Nothing similar exists in the area.	It was not mentioned during the meeting, but if one isn't being considered, you should ensure there is also a broadhead pit at the archery range. Without it, the chances are high that range targets would be used, even if there are signs posted, and that would significantly reduce the lifespan of targets. That is an issue at other ranges.	I would like to encourage separate memberships for at least the archery range vs. the firearm ranges. or at least an option to just one or the other. That would hopefully keep membership dues to a minimum and more in line with the user fee concept. I would also like to see the dues be no more than \$100 annually for the archery and firearms portions each. Anything more would be cost prohibitive.
471	Eagle	ID	83616	No			Yes			
472	Eagle	ID	83616	No			Yes	I would like to see longer range options for rifle.	No	No
473	EAGLE	ID	83616	Yes		Open house	Yes	A safe, organized place to serve Eagle's shooting sports community needs to be nailed down now, before developmental encroachment makes it impossible.	1.) I'd like to see the addition of at least one or two shooting bays that allows for longer distance rifle range for competitions and practice (at least 500 yards). Perhaps these could even be temporary / or reservation-based to open up the impact area of an existing shorter range when needed. 2.) As one person brought up at the open house, it would be safer and more structured to have fixed skeet or trap throwers vs. having individuals bring and set up temporary ones of dubious quality and direction. The equipment is obviously an expense, and I don't even shoot trap or skeet personally, but I recognize that this element is popular and Eagle would benefit from having a better class of facility. 3.) It would be beneficial if range areas, and/or the "law enforcement" ranges could be rented out for training groups to give classes without monopolizing the public bays.	The Open House didn't cover details of the proposed "user fee based" range access plans. While I understand this is preliminary, I would comment that a fee-based system might be acceptable if annual memberships for Eagle residents are kept low. If it gets too expensive, shooters will continue to use the free, status quo, BLM land. Many users just want to sight in a hunting rifle, teach a child basic gun safety, or take a few shots, etc. so they will only be on the range for a short time. If, for instance, a family of four has to spend ~\$10 per person just to do a few minutes of shooting, it will discourage use of the pay range and encourage the less safe (but free) BLM land shooting. I should note that my fellow Eagle residents don't have to pay "use fees" to use the Eagle Skatepark, the play equipment at Reid Merrill park, the soccer fields at Guerber Park, etc. -- all of which added to noise and traffic impact to where other Eagle residents live, but many of those same residents don't utilize. I am in favor of, and applaud, Eagle's planning to get ahead of future urban encroachment and population-demographic changes to get this facility built as large and world-class as we can while the opportunity exists. Whereas other communities that are not as forward-thinking will end up forcing their residents to drive farther (impacting someone else's backyards and traffic) to less-safe shooting spots, the establishment of a top-class, affordable, and versatile shooting sports park is an opportunity to give thousands of Eagle's residents a safe recreation and training destination for years to come.
474	EAGLE	ID	83616-4825	Yes	User group		Yes	This area needs This park	A surprress only section on the range. Maybe closest to the archery or parking area.	It looks very well planned.
475	Boise	ID	83714	Yes		Open house	Yes	Safer location for firearm use	None at this time.	Full disclosure on tax payer monies obligated to date. Then projection of additional monies that will be required from city residents. Numbers to include staff hours and equipment used to prepare proposal.
476	Boise	ID	83713	Yes		Open house	Yes	Close to my home	1skeet field set up and 1 trap house	Great idea
477	Eagle	ID	83616	Yes		Open house	Yes		Have benches to sit on, tables to place equipment on and provide shade	
478	Eagle	ID	83616	Yes		Open house	Yes			
479	Eagle	ID	83626	Yes		Open house	Yes	It looks like a well laid out facility that will be controlled and the opportunity for controlled access sounds like a safe place to bring my family	To extend, as far as is safely possible rifle ranges, 150 is nice but greater distances would be a fantastic addition.	
480	Eagle	ID	83616	Yes		Open house	Yes		Benches, range masters, membership only.	
481	Boise	ID	83703	Yes	User group	Open house	Yes	This range will provide me with an amazing opportunity to practice my shooting with my 4-H club much closer to my home. Such a park/range would be helpful not only to groups like mine, but to the common citizen.	Boise	
482	Boise	ID	83703	No		Open house	Yes	Provide a safe and organized area to shoot and train youth in shooting sports.	No	No
483	Eagle	ID	83616	No			Yes	Keeps family activities like shooting sports close to home, convenience and keeping Eagle community close knit	Regional shooting competitions, pop up shop days/events for local businesses	
484	Eagle	ID	83616	Yes		Open house	Yes	Good for public use.	Improving all roads leading to new facilities. Improve cell service.	No thx
485	Eagle	ID	83616	Yes		Open house	Yes	Love it!	100 yard range please!	Great job.
486	Eagle	ID	83616	Yes	Law enforcement		Yes		Eagle	
487	Eagle	ID	83616	No			Yes	Pay for what you use	Eagle	
488	Eagle	ID	83616	Yes		Open house	Yes		Sporting clay course.	
489	Eagle	ID	83616	Yes	User group		Yes	Shortage of local facilities, while demand is growing due to increased population; reduce amount of unsafe shooting on BLM land	400 yard rifle range; indoor classroom/air range when/if feasible	There would be a lot of usage of this facility from the local 4-H shooting programs.
490	Eagle	ID	83616	Yes	User group		Yes	This is a much needed park for the community and for law enforcement groups. Having a well thought out and safe design will also minimize the amount of people that shoot in the foothills in a less controlled environment.	I think the plan is great as currently designed.
